111 Places in Vienna that You Shouldn't Miss Peter Eickhoff.2013 Wiener Schintzel, apple strudel, the Prater, Schoebrunn, and the beautiful Blue Danube?The Viennese are proud of the fact that in Austria's capital, even the sights are really worth seeing. Beyond the well-trodden paths, however, a completely unknown, kinky, even morbid Vienna can be found -- with less icing and dreams of waltzes and more living and dying (after all, the saying goes that Vienna is the most beautiful city to die in). The city lives up to its reputation from unaccustomed perspectives as well: a slaughterhouse in which hippie idol Leonard Cohen was once a squatter; a museum with murderers; an 18th-century looney bin shaped like a UFO; a store for erotic underwear in an Archbishop's palace, Trotsky's garden; the corner on which Third Man Harry Lime supposedly died in an accident; narrow 16th-centuryalleyways and, of course, all the Kafka, coffeehouse culture, and Klimt you can eat; famous assassinations and grim reminders of the Nazi past. This guide will introduce you to a Vienna which is still alive although it's bursting with history -- the pulsating city which many consider the most beautiful city in Europe. --[original inside book jacket].

Blue Angel Francine Prose.2009-10-13 The National Book Award Finalist from acclaimed New York Times bestselling author Francine Prose—now the major motion picture Submission “Screamingly funny ... Blue Angel culminates in a sexual harassment hearing that rivals the Salem witch trials.” —USA Today It's been years since Swenson, a professor in a New England creative writing program, has published a novel. It's been even longer since any of his students have shown promise. Enter Angela Argo, a pierced, tattooed student with a rare talent for writing. Angela is just the thing Swenson needs. And, better yet, she wants his help. But, as we all know, the road to hell is paved with good intentions. Deliciously risqué, Blue Angel is a withering take on today's academic mores and a scathing tale that vividly shows what can happen when academic

politics collides with political correctness.

Waiting for Hope Angelika Königseder, Juliane Wetzel. 2001 After the defeat of Germany in World War II, hundreds of thousands of Jewish survivors of the Holocaust were transported to camps maintained by the Allies for displaced persons (DPs). In *Waiting for Hope: Jewish Displaced Persons in Post-World War II Germany*, historians Angelika Königseder and Juliane Wetzel offer a social and cultural history of the DP camps. Starting with the discovery of Nazi death camps by Allied forces, Königseder and Wetzel describe the inadequate preparations that had been made for the starving and sick camp survivors. News of having to live in camps again was devastating to these survivors, and many Jewish survivors were forced to live side by side with non-Jewish anti-Semitic DPs. The Allied soldiers were ill equipped to deal with the physical wreckage and mental anguish of their charges, but American rabbis soon arrived to perform invaluable work helping the survivors cope with grief and frustration. Königseder and Wetzel devote attention to autonomous Jewish life in the DP camps. Theater groups and orchestras prospered in and around the camps; Jewish newspapers began to publish; kindergartens and schools were founded; and a tuberculosis hospital and clinic for DPs was established in Bergen-Belsen. Underground organizations coalesced to handle illegal immigration to Israel and the training of soldiers to fight in Palestine. In many places there was even a last flowering of shtetl life before the DPs began to scatter to Israel, Germany, and other countries. Drawing on original documents and the work of other historians, *Waiting for Hope* sheds light on a largely unknown period in postwar Jewish history and shows that the suffering of the survivors did not end with the war.

Escape from Leipzig Professor Harald Fritzs. 2008-02-01 With a foreword written by G *t Hooft In the 1960s, Leipzig was the center of resistance in East Germany. Harald Fritzs, then a physics student, contemplated escape. But before he left, he wanted to demonstrate to the government that they had gone too far when they destroyed St. Paul's Church in May 1968. He accomplished that by unrolling a protest transparency in spectacular fashion. Despite the great efforts of the secret

police, the STASI, the government was unable to find out who was responsible for this act. Soon after, together with a friend, Fritzsch began his journey to Bulgaria in order to escape into Turkey by traversing the Black Sea in a folding canoe. This was a daredevil endeavor, never done before. In this book, Harald Fritzsch ? now a world-renowned physicist ? portrays in captivating detail an authentic picture of the East German regime and the events of the late 1960s. Today, 40 years later, he critically takes stock of the events since German reunification. Contents: Autumn 1967 Rheinsberg In the Bay of Danzig ? Summer of 1967 As a Scout in Bulgaria ? SBS John Parker. 2013-02-28 The men of the SBS are the maritime equivalent of their counterparts in the SAS; they are the elite of the British Special Forces and also the most secretive. Although SAS activity has been extensively documented, the SBS has remained in the state it prefers - a shadowy silhouette, with identities protected and missions kept from public view. Formed during the Second World War, when they took part in many daring raids (one of which was filmed as The Cockleshell Heroes), they were active in the jungle campaigns in the Far East, in the Falklands, the Gulf War and Bosnia. Since this seminal book was published in 1997, John Parker has been privy to much more inside information about the SBS's original operations and he brings the book right up to date with accounts of their exploits in East Timor, Somalia, Sierra Leone, Kosovo and most recently in Iraq.

The GR5 Trail Paddy Dillon.2016-01-19 An essential guidebook for walking the GR5, one of the world's most spectacular long-distance trails. The GR5 makes its way through the Alps from the shores of Lac Léman at Geneva to the Mediterranean at Nice. A route of 674km (420 miles), it can be trekked in a month, or split over a series of summer trips. The GR5 is well within the reach of fit and moderately experienced walkers and backpackers. There is good signposting and waymarking, and accommodation, food and drink are all available at regular intervals. The paths and tracks are generally well graded, while steep climbs are tackled on zigzag paths, so the overall gradient is not so severe. Every summer, thousands of walkers embark on this trek. This guidebook also describes some scenic variant routes, including the stunning GR55 through the Vanoise National Park and the delightful GR52 that crosses the Mercantour National Park. Full descriptions and maps are provided for these alternatives. The book includes daily stages, timings, ascents and descents, full-colour mapping and gradient profiles, alongside information about facilities and services along the route. The result is an ideal companion to planning and completing your trek. Two further Cicerone guidebooks cover the remaining sections of the GR5; 'The GR5 Trail - Vosges and Jura', and 'The GR5 Trail - Benelux and Lorraine' which together cover the route from Lac Léman to the Hoek Van Holland.
