The Spinster's Guide to Scandalous Behavior Jennifer McQuiston,2015-11-24 In New York Times bestselling author Jennifer McQuiston's enticing new Seduction Diaries entry, a mysterious journal may provide a potential spinster with instruction—or lead her to her heart's desire Free-spirited Lucy Westmore isn't yet a spinster, although she fully intends to be. Fortunately, an eccentric aunt has left her both a diary detailing the secrets to spinsterhood and a cottage in Cornwall. Unfortunately, an insufferable marquess is angling for her prize! Turning Lord Thomas Branston down flat should be easy. So why does this man who won't take no for an answer make Lucy's body and soul sigh yes? Thomas knows the real value of Heathmore Cottage, and he has no intention of letting some silly Society miss get her hands on it. He'll simply have to charm Lucy into selling. But the clever young woman he encounters, first in London, then en route to Cornwall, stands stubbornly on her own two (quite lovely) feet. And now, Thomas can think only of sweeping her off them.

**The Nuptial Mystery** Angelo Scola,2005-05-12 Translated by Michelle K. Borrás The idea of love pervades our society, yet it is nearly impossible to answer the question What is love? especially as we witness the divorce of love from sexuality and of sexuality from procreation. Aware that many people today are skeptical about marriage, Angelo Cardinal Scola

nevertheless suggests that only in the category of nuptial mystery do we find a way to adequately describe the phenomenon of love. A bright new leader in the Catholic Church, Cardinal Scola argues that the male-female relationship lies near the heart of what it means to bear the image of God. Scola's book explores the essential sexual differences that both separate and unite men and women, and it shows how men and women can realize their purpose in marriage or celibacy. Conversant with papal teaching and Catholic writers from Aquinas to von Balthasar, Cardinal Scola writes with a deep regard for marriage and the family. His *Nuptial Mystery* will leave readers with a thoroughly Christian appreciation for incarnate love.

*The Poems of Henry Howard, Earl of Surrey* Henry Howard Earl of Surrey, Frederick Morgan Padelford, 1920

Scanderbeide Margherita Sarrocchi, 2007-11-01 The first historical heroic epic authored by a woman, *Scanderbeide* recounts the exploits of fifteenth-century Albanian warrior-prince George Scanderbeg and his war of resistance against the Ottoman sultanate. Filled with scenes of intense and suspenseful battles contrasted with romantic episodes, *Scanderbeide* combines the action and fantasy characteristic of the genre with analysis of its characters' motivations. In selecting a military campaign as her material and epic poetry as her medium, Margherita Sarrocchi (1560?-1617) not only engages in the masculine subjects of political conflict and warfare but also tackles a genre that was, until that point, the sole purview of men. First published posthumously in 1623, *Scanderbeide* reemerges here in an adroit English prose translation that maintains the suspense of the original text and gives ample context to its rich cultural implications.

**A Lite Too Bright** Samuel Miller, 2018-05-08 For fans of literary classics such as *The Catcher in the Rye* and *The Perks of Being a Wallflower* comes a stirring new thought-provoking novel from debut author Sam Miller about a loss shrouded in mystery with twists and turns down every railway. Arthur Louis Pullman the Third is on the verge of a breakdown. He's been stripped of his college scholarship, is losing his grip on reality, and has been sent away to live with his aunt and uncle. It's there that Arthur discovers a journal written by his grandfather, the first Arthur Louis Pullman, an iconic Salinger-esque author who went missing the last week of his life and died hundreds of miles away from their family home. What happened in that week—and how much his actions were influenced by his Alzheimer's—remains a mystery. But now Arthur has his grandfather's journal—and a final sentence containing a train route and a destination. So Arthur embarks on a cross-country train ride to relive his grandfather's last week, guided only by the clues left behind in the dementia-fueled journal. As Arthur gets closer to uncovering a sad and terrible truth, his journey is complicated by a shaky alliance with a girl who has secrets of her own and by escalating run-ins with a dangerous Pullman fan base. Arthur's not the only one chasing a legacy—and some feel there is no cost too high for the truth.

**All In** Raine Miller, 2012-12-12 For fans of Sylvia Day and E.L. James, the second book in the New York Times bestselling *Blackstone* series. Ethan Blackstone has a problem on his hands. He's broken Brynne's trust and she's left him. He's unwilling to live without her and isn't giving up—he's dead-set on getting his beautiful American girl back. The passion

between them was explosive, but the secrets they hid from each other are dark and chilling and are powerful enough to destroy their shot at a life together. With political threats now directed at Brynne, Ethan is running out of time and he'll need to gather all his strength and agility to protect her from the dangers that could take her away from him forever. Will Ethan be able to save Brynne from a past that keeps her locked in fear? Will he ever feel the warmth of her touch, the solidity of her trust again? This is a love-struck man who is willing to do whatever it takes to possess the heart of the woman he loves. He'll go to any lengths to protect her. He'll go all in. Here is the fiery story of what happens when two people surrender to a love so great it can heal the scars of the past and give way to a life of pure, rapturous ecstasy.

*Screening the Body* Lisa Cartwright, 1995 Moving images are used as diagnostic tools and locational devices every day in hospitals, clinics and laboratories. But how and when did such issues come to be established and accepted sources of knowledge about the body in medical culture? How are the specialized techniques and codes of these imaging techniques determined, and whose bodies are studied, diagnosed and treated with the help of optical recording devices? *Screening the Body* traces the unusual history of scientific film during the late 19th and early 20th centuries, presenting material that is at once disturbing and engrossing. Lisa Cartwright looks at films like *The Elephant Electrocution*. She brings to light eccentric figures in the history of the science film such as William P. Spratling who used Biograph equipment and crews to film epileptic seizures, and Thomas Edison's lab assistants who performed x-ray experiments on their own bodies. Drawing on feminist film theory, cultural studies, the history of film, and the writings of Foucault, Lisa Cartwright illustrates how this scientific cinema was a part of a broader tendency in society toward the technological surveillance, management, and physical transformation of the individual body and the social body. She frequently points out the similarities of scientific film to works of avant-garde cinema, revealing historical ties among the science film, popular media culture and elite modernist art and film practices. Ultimately, Cartwright unveils an area of film culture that has rarely been discussed, but which will leave readers scouring video libraries in search of the films she describes.
