Kubrick en casa Vicente Molina Foix, 2019 Una llamada de Carlos Saura puso en contacto con Stanley Kubrick a Vicente Molina Foix, quien, a lo largo de veinte años de una relación que solo acabó con la muerte del director, tradujo al español los diálogos de cinco de sus películas. Este libro es una crónica de esa labor y del trato esporádico pero a menudo jugoso con el propio cineasta -del que es testimonio la una atípica entrevista que Molina Foix le hizo en su casa en los años 80, y que se incluye como apéndice- y sobre todo un retrato de este como creador infinitamente curioso, maniático en la exigencia de calidad, que llegó a ser la figura más célebre y poderosa del cine americano sin dejar de ser un artista minucioso y artesanal. Un testimonio de primera mano de la ética de trabajo de Stanley Kubrick a cargo del traductor al castellano de cinco de sus películas.

Comics Beyond the Page in Latin America James Scorer, 2020-02-17 Comics Beyond the Page in Latin America is a cutting-edge study of the expanding worlds of Latin American comics. Despite lack of funding and institutional support, not since the mid-twentieth century have comics in the region been so dynamic, so diverse and so engaged with pressing social and cultural issues. Comics are being used as essential tools in debates about, for example, digital cultures, gender identities and political disenfranchisement.

Stanley Kubrick Rainer Crone,2013-06-25 The first book to document the early photographs of the famous and enigmatic film director Stanley Kubrick (1928 - 99). A fascinating account of American urban life including celebrities such as Leonard Bernstein, Kubrick documents a range of human emotion. Includes many never-before-seen photographs taken from 1945 - 50 and others not seen since their original publication in Look magazine. Sheds new light on Kubrick's apprenticeship and his early search for complex image compositions and dramatic narratives as developed in his films A Clockwork Orange and 2001- A Space Odyssey

Science, Literature, and Film in the Hispanic World J. Hoeg,K. Larsen,2006-10-17 Driven by such diverse advances as the Human Genome Project and the explosion of the World Wide Web, and also by the threat of human-inspired disasters such as global warming, the field of science and literature studies is currently undergoing an unprecedented expansion. The relations between science and literature have been and continue to be central to understanding Hispanic civilization and culture. In spite of this, Science, Literature, and Film in the Spanish-Speaking World is the first and only book to treat this new and dynamic field from an Hispanic perspective. This unique volume opens the door to an entirely new focus in the study of Hispanic literature and culture.

Image Building Therese Lichtenstein,2018-03-16 This generously illustrated examination of architectural photography from the 1930s to the present shows how the medium has helped shape familiar views of iconic buildings. Photography has both manipulated and bolstered our appreciation of modern architecture. With beautiful photographs of private and public buildings by Julius Shulman, Candida Höfer, Andreas Gursky, Thomas Struth, and others, this book examines the central and active role that photography plays in defining and perpetuating the iconic nature of buildings and places. This volume shows how different photographers represent the same building, offers commentaries on the American dream, and explores changes in commercial architectural photography. Placing decades-old images alongside modern ones, Image Building depicts the idea of the comfortable middle-class home and the construction of suburbia as an ironic ideal. It presents the ways that public spaces such as libraries, museums, theaters, and office buildings are experienced differently as photographers highlight the social, cultural, psychological, and aesthetic conditions to reveal the layered meanings of place and identity. Looking at how photography shapes and frames our understanding of architecture, this volume offers thought-provoking points of view through an exploration of social and cultural issues. Published in association with the Parrish Art Museum

Burton on Burton Tim Burton,2008-11-20 Tim Burton is one of the great modern-day visionaries of cinema, a director who has fabricated his own deliciously nightmarish universe in movies as extraordinary as Beetlejuice, Edward Scissorhands,

Mars Attacks! and The Nightmare before Christmas - not to mention his twisted takes on the tales of Batman, Sleepy Hollow and Planet of the Apes. Following the release of his re-imagining of Roald Dahl's Charlie and the Chocolate Factory with long-time comrade Johnny Depp (who also provides a new foreword here), this updated and fully illustrated new edition of the definitive Burton interview book casts light on Burton's Burbank childhood, his early work at Disney, the recurrent themes and stunning designs of his movies, and the creative obsessions that fuel them.

The Closed Circle Jonathan Coe,2007-12-18 The characters of *The Rotters' Club*—Jonathan Coe's beloved novel of adolescent life in the 1970s—have bartered their innocence for the vengeance of middle age in this incisive portrait of Cool Britannia at the millennium.

The Rotters' Club Jonathan Coe,2007-12-18 Birmingham, England, c. 1973: industrial strikes, bad pop music, corrosive class warfare, adolescent angst, IRA bombings. Four friends: a class clown who stoops very low for a laugh; a confused artist enthralled by guitar rock; an earnest radical with socialist leanings; and a quiet dreamer obsessed with poetry, God, and the prettiest girl in school. As the world appears to self-destruct around them, they hold together to navigate the choppy waters of a decidedly ambiguous decade.

Playing Changes Nate Chinen,2019-07-23 One of the Best Books of the Year: NPR, GQ, Billboard, JazzTimes In jazz parlance, “playing changes” refers to an improviser's resourceful path through a chord progression. In this definitive guide to the jazz of our time, leading critic Nate Chinen boldly expands on that idea, taking us through the key changes, concepts, events, and people that have shaped jazz since the turn of the century—from Wayne Shorter and Henry Threadgill to Kamasi Washington and Esperanza Spalding; from the phrase “America's classical music” to an explosion of new ideas and approaches; from claims of jazz's demise to the living, breathing scene that exerts influence on mass culture, hip-hop, and R&B. Grounded in authority and brimming with style, packed with essential album lists and listening recommendations, *Playing Changes* takes the measure of this exhilarating moment—and the shimmering possibilities to come.

The Terrible Privacy of Maxwell Sim Jonathan Coe,2011-03-08 Maxwell Sim can't seem to make a single meaningful connection. His absent father was always more interested in poetry; he maintains an e-mail correspondence with his estranged wife, though under a false identity; his incomprehensible teenage daughter prefers her BlackBerry to his conversation; and his best friend since childhood is refusing to return his calls. He has seventy-four friends on Facebook, but nobody to talk to. In an attempt to stir himself out of this horrible rut, Max quits his job as a customer liaison at the local department store and accepts a strange business proposition that falls in his lap by chance: he's hired to drive a Prius full of toothbrushes to the remote Shetland Islands, part of a misguided promotional campaign for a dental-hygiene company intent on illustrating the slogan “We Reach Furthest.” But Max's trip doesn't go as planned, as he's unable to resist making a series of impromptu visits to important figures from his past who live en route. After a string of cruelly enlightening and intensely

awkward misadventures, he finds himself falling in love with the soothing voice of his GPS system (“Emma”) and obsessively identifying with a sailor who perpetrated a notorious hoax and subsequently lost his mind. Eventually Max begins to wonder if perhaps it’s a severe lack of self-knowledge that’s hampering his ability to form actual relationships. A humane satire and modern-day picaresque, *The Terrible Privacy of Maxwell Sim* is a gently comic and rollickingly entertaining novel about the paradoxical difficulties of making genuine attachments in a world of advanced communications technology and rampant social networking.

An Apartment on Uranus Paul B. Preciado, 2020-01-28 A “dissident of the gender-sex binary system” reflects on gender transitioning and political and cultural transitions in technoscientific capitalism. Uranus, the frozen giant, is the coldest planet in the solar system as well as a deity in Greek mythology. It is also the inspiration for uranism, a concept coined by the writer Karl Heinrich Ulrich in 1864 to define the “third sex” and the rights of those who “love differently.” Following Ulrich, Paul B. Preciado dreams of an apartment on Uranus where he might live beyond existing power, gender and racial strictures invented by modernity. “My trans condition is a new form of uranism,” he writes. “I am not a man. I am not a woman. I am not heterosexual. I am not homosexual. I am not bisexual. I am a dissident of the gender-sex binary system. I am the multiplicity of the cosmos trapped in a binary political and epistemological system, shouting in front of you. I am a uranist confined inside the limits of technoscientific capitalism.” This book recounts Preciado's transformation from Beatriz into Paul B., but it is not only an account of gender transitioning. Preciado also considers political, cultural, and sexual transition, reflecting on issues that range from the rise of neo-fascism in Europe to the technological appropriation of the uterus, from the harassment of trans children to the role museums might play in the cultural revolution to come. *An Apartment on Uranus* is a bold, transgressive, and necessary book.

Vera Vera Vera Hayley Squires, 2013-11-06 The boy who comes back from a war far away in a wooden box is glorified and called a hero. As the funeral plans are made in a small Kent town, his siblings squabble over who he was. Maybe the fanfare isn't needed for this heroic martyr. *Vera Vera Vera* is a blackly comic play about what we are willing to fight for. Her first work for the theatre, Hayley Squires is a bracing new voice, clear eyed and loud, looking at violence, neglect and apathy. Depicting a gritty slice of social realism, *Vera Vera Vera* portrays the disjunction between the lives of the surviving family against the memories and patriotic commemoration for the dead. Looking at drug addiction, crime, verbal and domestic abuse, engrained racism, the characters' downtrodden and trapped lives are exposed with honesty and verve. This brave and uncompromising play questions both the validity of the myth of the martyred soldier and the true worth of survival for those left behind.

Three Centuries of Greek Culture under the Roman Empire. Homo Romanus Graeca Oratione (eBook)

Francesca Mestre, Pilar Gómez, 2014-05-15 The underlying theme of *Three Centuries of Greek Culture under the Roman*

Empire is the idea that, under Roman rule, Greek culture was still alive and dynamic and continued to exert a degree of cultural domination, either real or apparent. So, we hope to analyse the meanings of concepts such as “Greek” or “Greece” in the Empire. Are we right to assume that there was a clear opposition between Greek and Roman? Or would it be more accurate to speak of a “Graeco-Roman world”? It would certainly be possible to make a list of “elements of identity”, on both sides —Greek and Roman—, but, in this case, where should the borders between identity and community be placed? Three Centuries of Greek Culture under the Roman Empire presents several approaches to the period between the second and fourth centuries AD from a variety of angles, perspectives and disciplines. Until now, this time has usually been considered to be the junction of the decline between the classical world and the emergence of the medieval world; however, this book establishes a basis for considering the Imperial period as a specific stage in cultural, historical and social development with a distinct personality of its own.

Number 11 Jonathan Coe, 2017-01-24 Beginning in the early years of this century, Number 11 follows two friends, Alison and Rachel, as they come of age. As the narrative progresses from the aftermath of the Iraq War to the present day, its scope broadens to include others who are variously connected to these two girls: Alison’s mother, a has-been singer, competes on a grisly reality TV show; Rachel’s university mentor finally confronts her late husband’s obsessive search for a German film he saw as a child; a young police constable investigates the seemingly unrelated deaths of two stand-up comedians; and a giant spider lurks in the darkness beneath one of London’s most staggeringly expensive neighborhoods. Combining his signature humor, psychological insight and social commentary, Jonathan Coe holds up a disquieting, unforgiving mirror in which to reflect a world where the systems are broken and everyone can—and perhaps must—name his or her own price.

Hollywood Censored Gregory D. Black, 1994 After a series of sex scandals rocked the film industry in 1922, movie moguls hired Will Hays to clear the image of movies. Hays tried a variety of ways to regulate movies before adopting what became known as the production code. Written in 1930 by a St Louis priest, the code stipulated that movies stress proper behaviour, respect for government, and 'Christian values'. The Catholic Church reinforced these efforts by launching its Legion of Decency in 1934. Intended to force Hays and Hollywood to censor films, the Legion of Decency engineered the appointment of Joseph Breen as head of the Production Code Administration. For the next three decades, Breen, Hays, and the Catholic Legion of Decency virtually controlled the content of all Hollywood films.

Mujer Sin Edén Carmen Conde, 1986 Carmen Conde was born in 1907 in Cartagena (Murcia) where, with the exception of seven years in Melilla, she lived until 1936. At the end of the Spanish Civil War she moved to Madrid. For many years she was a professor of Spanish Poetry and Contemporary Spanish Novel at the Institute of European Studies (an affiliate of the University of Chicago) in Madrid. Also a professor of the University of Valencia. She has been awarded the following literary prizes: Elisenda Moncada, Internacional de Poesía; Premio Nacional de Poesía Española and the Premio de Novela Ateneo de

Sevilla /1980). In 1978 was elected chair of the Royal Academy of the Spanish Language, the first woman ever inducted as a member. She gave her inaugural speech to the Academy on January 29, 1979. She died in Madrid in 1996. This book is a bilingual collection of poems of Carmen Conde in Spanish and translated to English. Editions and translation by Alexis Levitin and José R. De Armas with preface by Concha Zardoya and the Nobel Prize Winner, Vicente Aleixandre.

Cosmos Latinos Andrea L. Bell, Yolanda Molina-Gavilán, 2003-07-31 The first-ever collection of Latin American science fiction in English.
