Kubrick en casa Vicente Molina Foix, 2019 Una llamada de Carlos Saura puso en contacto con Stanley Kubrick a Vicente Molina Foix, quien, a lo largo de veinte años de una relación que solo acabó con la muerte del director, tradujo al español los diálogos de cinco de sus películas. Este libro es una crónica de esa labor y del trato esporádico pero a menudo jugoso con el propio cineasta -del que es testimonio la una atípica entrevista que Molina Foix le hizo en su casa en los años 80, y que se incluye como apéndice- y sobre todo un retrato de este como creador infinitamente curioso, maniático en la exigencia de calidad, que llegó a ser la figura más célebre y poderosa del cine americano sin dejar de ser un artista minucioso y artesanal. Un testimonio de primera mano de la ética de trabajo de Stanley Kubrick a cargo del traductor al castellano de cinco de sus películas.

Comics Beyond the Page in Latin America James Scorer, 2020-02-17 Comics Beyond the Page in Latin America is a cutting-edge study of the expanding worlds of Latin American comics. Despite lack of funding and institutional support, not since the mid-twentieth century have comics in the region been so dynamic, so diverse and so engaged with pressing social and cultural issues. Comics are being used as essential tools in debates about, for example, digital cultures, gender identities and political disenfranchisement.

A Brief History of Portable Literature Enrique Vila-Matas, 2015-06-09 A reader's fictional tour of the art and lives of some of the great 20th-century Surrealists. An author (a version of Vila-Matas himself) presents a short "history" of a secret society, the Shandies, who are obsessed with the concept of "portable literature." The society is entirely imagined, but in this rollicking, intellectually playful book, its members include writers and artists like Marcel Duchamp, Aleister Crowley, Witold Gombrowicz, Federico García Lorca, Man Ray, and Georgia O'Keefe. The Shandies meet secretly in apartments, hotels, and cafes all over Europe to discuss what great literature really is: brief, not too serious, penetrating the depths of the mysterious. We witness the Shandies having adventures in stationary submarines, underground caverns, African backwaters, and the cultural capitals of Europe.

Approaches to Teaching, 5th Edition Gary D. Fenstermacher, Jonas F. Soltis, Matthew N. Sanger, 2015-04-18 This popular text continues using the format of the three approaches—The Executive, The Facilitator, and The Liberationist. For the Fifth Edition, the authors add four new case studies: "Scripted Teaching," "Accountability and Merit," "What Is the Value of Caring Relationships?" and "School Funding." Using these and other realistic case studies, they explore the strengths and weaknesses of each approach so that teachers can critically assess their own philosophical positions on teaching. Teachers are urged to ask themselves such questions as: What is the main goal of teaching? What is the most important purpose of education? What do I expect my students to eventually become? Is the way I structure my teaching influenced by how I view my role and goals? This updated edition also adds a new section called "Topics and Resources" to encourage further inquiry into teaching. *Approaches to Teaching* is one of the five books in the highly regarded Teachers College Press THINKING ABOUT EDUCATION SERIES, now in its Fifth Edition. All of the books in this series are designed to help pre- and in-service teachers bridge the gap between theory and practice. Gary D Fenstermacher is Professor of Education at the University of Michigan, Ann Arbor. Jonas F. Soltis is William Heard Kilpatrick Professor Emeritus of Philosophy and Education at Teachers College, Columbia University. Matthew N Sanger is Assistant Professor of Educational Foundations at Idaho State University.

Stanley Kubrick Rainer Crone, 2013-06-25 The first book to document the early photographs of the famous and enigmatic film director Stanley Kubrick (1928 - 99). A fascinating account of American urban life including celebrities such as Leonard

Bernstein, Kubrick documents a range of human emotion. Includes many never-before-seen photographs taken from 1945 - 50 and others not seen since their original publication in Look magazine. Sheds new light on Kubrick's apprenticeship and his early search for complex image compositions and dramatic narratives as developed in his films A Clockwork Orange and 2001- A Space Odyssey

Secularization, Desecularization, and Toleration Vyacheslav Karpov, Manfred Svensson, 2020-10-22 This book challenges the modern myth that tolerance grows as societies become less religious. The myth inseparably links the progress of toleration to the secularization of modern society. This volume scrutinizes this grand narrative theoretically and empirically, and proposes alternative accounts of the varied relationships between diverse interpretations of religion and secularity and multiple secularizations, desecularizations, and forms of toleration. The authors show how both secular and religious orthodoxies inform toleration and persecution, and how secularizations and desecularizations engender repressive or pluralistic regimes. Ultimately, the book offers an agency-focused perspective which links the variation in toleration and persecution to the actors of secularization and desecularization and their cultural programs.

Science, Literature, and Film in the Hispanic World J. Hoeg, K. Larsen, 2006-10-17 Driven by such diverse advances as the Human Genome Project and the explosion of the World Wide Web, and also by the threat of human-inspired disasters such as global warming, the field of science and literature studies is currently undergoing an unprecedented expansion. The relations between science and literature have been and continue to be central to understanding Hispanic civilization and culture. In spite of this, *Science, Literature, and Film in the Spanish-Speaking World* is the first and only book to treat this new and dynamic field from an Hispanic perspective. This unique volume opens the door to an entirely new focus in the study of Hispanic literature and culture.

Playing Changes Nate Chinen, 2019-07-23 One of the Best Books of the Year: NPR, GQ, Billboard, JazzTimes In jazz parlance, “playing changes” refers to an improviser’s resourceful path through a chord progression. In this definitive guide to the jazz of our time, leading critic Nate Chinen boldly expands on that idea, taking us through the key changes, concepts, events, and people that have shaped jazz since the turn of the century—from Wayne Shorter and Henry Threadgill to Kamasi Washington and Esperanza Spalding; from the phrase “America’s classical music” to an explosion of new ideas and approaches; from claims of jazz’s demise to the living, breathing scene that exerts influence on mass culture, hip-hop, and R&B. Grounded in authority and brimming with style, packed with essential album lists and listening recommendations, *Playing Changes* takes the measure of this exhilarating moment—and the shimmering possibilities to come.

The Closed Circle Jonathan Coe, 2007-12-18 The characters of *The Rotters’ Club*—Jonathan Coe’s beloved novel of adolescent life in the 1970s—have bartered their innocence for the vengeance of middle age in this incisive portrait of Cool Britannia at the millennium.

The Rotters' Club Jonathan Coe, 2007-12-18 Birmingham, England, c. 1973: industrial strikes, bad pop music, corrosive class warfare, adolescent angst, IRA bombings. Four friends: a class clown who stoops very low for a laugh; a confused artist enthralled by guitar rock; an earnest radical with socialist leanings; and a quiet dreamer obsessed with poetry, God, and the prettiest girl in school. As the world appears to self-destruct around them, they hold together to navigate the choppy waters of a decidedly ambiguous decade.

The Aesthetics and Psychology of the Cinema Jean Mitry, 1997 Mitry was driven to explain the why, what if, and how come experiences that resulted after the wow experience in cinema. His theory uses psychology and phenomenology to understand how cinema can elevate the viewer from the everyday world.

The Philosophy of Money Georg Simmel, 2004-08-02 This revised edition of the first complete translation of the seminal work 'Die Philosophie des Geldes' by Georg Simmel includes a new preface by David Frisby.

An Apartment on Uranus Paul B. Preciado, 2020-01-28 A “dissident of the gender-sex binary system” reflects on gender transitioning and political and cultural transitions in technoscientific capitalism. Uranus, the frozen giant, is the coldest planet in the solar system as well as a deity in Greek mythology. It is also the inspiration for uranism, a concept coined by the writer Karl Heinrich Ulrich in 1864 to define the “third sex” and the rights of those who “love differently.” Following Ulrich, Paul B. Preciado dreams of an apartment on Uranus where he might live beyond existing power, gender and racial strictures invented by modernity. “My trans condition is a new form of uranism,” he writes. “I am not a man. I am not a woman. I am not heterosexual. I am not homosexual. I am not bisexual. I am a dissident of the gender-sex binary system. I am the multiplicity of the cosmos trapped in a binary political and epistemological system, shouting in front of you. I am a uranist confined inside the limits of technoscientific capitalism.” This book recounts Preciado's transformation from Beatriz into Paul B., but it is not only an account of gender transitioning. Preciado also considers political, cultural, and sexual transition, reflecting on issues that range from the rise of neo-fascism in Europe to the technological appropriation of the uterus, from the harassment of trans children to the role museums might play in the cultural revolution to come. *An Apartment on Uranus* is a bold, transgressive, and necessary book.

The Mixquiahuala Letters Ana Castillo, 1992-03-18 A wonderful, wonderful book. —Maxine Hong Kingston Focusing on the relationship between two fiercely independent women—Teresa, a writer, and Alicia, an artist—this epistolary novel was written as a tribute to Julio Cortázar's *Hopscotch* and examines Latina forms of love, gender conflict, and female friendship. This groundbreaking debut novel received an American Book Award from the Before Columbus Foundation and is widely studied as a feminist text on the nature of self-conflict.

Hollywood Censored Gregory D. Black, 1994 After a series of sex scandals rocked the film industry in 1922, movie moguls hired Will Hays to clear the image of movies. Hays tried a variety of ways to regulate movies before adopting what

became known as the production code. Written in 1930 by a St Louis priest, the code stipulated that movies stress proper behaviour, respect for government, and 'Christian values'. The Catholic Church reinforced these efforts by launching its Legion of Decency in 1934. Intended to force Hays and Hollywood to censor films, the Legion of Decency engineered the appointment of Joseph Breen as head of the Production Code Administration. For the next three decades, Breen, Hays, and the Catholic Legion of Decency virtually controlled the content of all Hollywood films.
