Edgar Wallace

How to Build a Bank Ravi Takhar, 2024-01-29 As has been proven time and again, banks are the single most important business institution in any economy. If they fail, the whole economy fails. How to Build a Bank sets out, in a manner that is completely unprecedented, all the requirements for the core documentation essential for the operation of a bank. The book takes the reader through the core requirements to operate a bank, and then provides actual examples of the relevant regulatory documentation required for the bank's operation, the rationale for the documentation and the details and information required to complete the documentation. Each chapter of the book includes a template of the key regulatory documents required to operate a bank. The book thus simplifies a very complex area of regulatory and banking laws and rules to enable a better understanding of the banking sector and a better understanding of the key requirements for a successful long-term banking business. It is essential reading for bank executives, financial service executives, regulators, lawyers, accountants and professionals involved in bank and financial service authorisation and bank and financial service operations. It will also be very helpful for anyone wishing to understand how the most important business institutions in an economy work and the lessons that can be learned from understanding the detailed regulatory requirements to ensure their success and long-term viability.

Cover Letters that Blow Doors Open Anne McKinney, 1999 Designed as the comprehensive guide to cover letter preparation, the 272-page book shows examples of exciting and door-opening cover letters. The main section of the book shows cover letters by field and industry. For example, job hunters in the accounting field will find examples of cover letters used to blow doors open in the accounting, banking, and financial community. From aviation, to computer operations, to management, to sales, to transportation, cover letters tailored to specific fields are illustrated which can be used as models or templates for those involved in a job hunt. But what if a job hunter is changing careers or doesn't need a cover letter targeting a specific field or functional area? There's a section showing examples of all-purpose cover letters, career-change cover letters, cover letters for entrepreneurs, and cover letters for those seeking their first job. For those seeking advice on how to respond to ads, how to handle questions about salary requirements, how to request consideration for multiple job openings in the organization, and how to write letters for special situations, there's a section entitled Sixteen Commonly Asked Questions About Cover Letters (and Job Hunting).

Snow in Gorky Park Richard Pennell,2014-01-31 Sam Tucker has spent his life in the army. He was involved in the first Iraq war where he was decorated. He was court marshaled as a result of an incident when returning to Iraq in the second conflict and after a prison sentence, was dishonorably discharged. With no experience except the army he joined an organization run by a Russian ex- KGB officer who assonated people for a fee. As successful as Sam was, he came to the attention of Interpol and Scotland Yards special Branch. Life became more complicated when Sam fell in love with the ex mistress of his ex-KGB boss and they decided to marry. The story details Sams contracts and his involvement with his mistress, his boss, the police and the British Army and has a surprising conclusion.
