*Happiness is Free* Lester Levenson, Hale Dwoskin, 2020-10-20 "If freedom and joy are what you seek, I couldn't recommend this book more." —Rhonda Byrne, New York Times best-selling author of *The Secret* and *The Greatest Secret* *Happiness Is Free* is filled with profound insights and practical tools that will guide you to let go of painful feelings, unwanted thoughts, and negative stories and naturally open up to the happiness and unlimited potential that is within you right now. And it's easier than you think. Simple but powerful questions for self-inquiry and effective techniques will empower you to gently let go of what, just a moment ago, seemed like an unsolvable issue or overwhelming emotion—anything from anger and frustration to fear, anxiety, and stress. You'll learn how to apply easy-to-use practices for letting go—including Holistic Releasing, Triple Welcoming, and others—to find more joy and peace of mind in every area of your life. In each chapter, renowned teachers Lester Levenson and Hale Dwoskin (New York Times best-selling author of *The Sedona Method*) offer life-changing opportunities to break free from self-imposed blocks and rediscover the real, unlimited you—and the ultimate happiness that is your birthright. Their combination of liberating insights, inspiration, and deep releasing explorations make this book a treasured companion for anyone who is seeking to navigate everyday life with greater ease, clarity, and sense of true purpose. One of my most treasured books that changed my life is Lester's *Keys to the Ultimate Freedom*. It features Lester's words and insights drawn from decades of his teachings, and it is the only book that sits on my bedside table. Unfortunately the book has been out of print for a long time, but Hale Dwoskin has taken all of Lester's teachings from *Keys to the Ultimate Freedom* and put them in this new book, along with many of the releasing methods from the *Sedona Method*. You have the best of Lester's teachings and his methods in this one book, and if freedom and joy are what you seek, I couldn't recommend this book more. I used the *Sedona Method* occasionally over a ten-year

period and found enormous benefit from it. Then, when I met my teacher -- who was a student of Lester Levenson's -- four years ago, Lester's releasing methods became a crucial part of my everyday life and my awakening. -- From the forward by Rhonda Byrne, New York Times best-selling author of *The Secret* and *The Greatest Secret* "Happiness is about remembering who you really are, and if you have forgotten, this book is an excellent reminder." —Deepak Chopra, author of *The Seven Spiritual Laws of Success* "If the roots of all suffering are attachments to the external, the roots of true joy are found only within. This book maps the ways to a profound state of peace." —James Redfield, author of *The Celestine Prophecy* "Be set free with the brilliance and insights in this book." —Mark Victor Hansen, co-creator of the #1 New York Times best-selling series *Chicken Soup for the Soul*® "Once in a human while, an individual comes along who has unlocked the secrets of happiness and opens the door for others to follow. **The Voice of Knowledge** Don Miguel Ruiz,Janet Mills,2010-02-01 In The Voice of Knowledge, Miguel Ruiz reminds us of a profound and simple truth: The only way to end our emotional suffering and restore our joy in living is to stop believing in lies — mainly about ourselves. Based on ancient Toltec wisdom, this breakthrough book shows us how to recover our faith in the truth and return to our own common sense. Ruiz changes the way we perceive ourselves, and the way we perceive other people. Then he opens the door to a reality that we once perceived when we were one and two years old — a reality of truth, love, and joy. “We are born in truth, but we grow up believing in lies. . . . One of the biggest lies in the story of humanity is the lie of our imperfection.” — don Miguel Ruiz • From the international bestselling author of The Four Agreements • A New York Times bestseller • Over 300,000 copies sold in the U.S.

**Intellectual Warfare** Todd William,2018-02-09 A hundred-thousand years ago one of the biggest differences between humans and the rest of the animal kingdom was that we were better at catching them than they were at catching us. Today things have changed...somewhat. Thinking is easy. Anyone can think. What's important is thinking intelligently. The problem is that a battle for our minds is taking place, and most people don't even notice. We're influenced from the news, social gatherings, what we read, what we are told, and what everyone else is thinking. Salespeople, marketers, and politicians know thousands of ways to push our minds in one direction or another. The result is that society is littered with people who retain beliefs they cannot explain for reasons they do not know. What you think matters. People fight for their beliefs, defend them, and in some cases even die for them. Lesser minds might be content with easy answers and poorly thought out explanations. But if you seek a strong mind, you first must ensure that you are capable of overcoming the elements that influence the way you think. Intellectual Warfare is designed to equip you with the tools necessary to win the battle for your mind. The book spans a host of topics ranging from the human ego, natural biases, cognitive illusions, and an entire section on the weapons of persuasion constantly attacking your thought process. Aimed at anyone seeking to improve their intellect, this book will ensure you are making the most of your mind.
