Història de la televisió a Catalunya Josep M. Baget i Herms, Montserrat Carvajal, 1994 Se muestra la evolución del medio de la televisión en Cataluña desde los primeros aparatos de televisión en Barcelona, llegados a Barcelona en los años treinta, hasta la aparición de las cadenas privadas en los años noventa.

The Universe Explained to My Grandchildren Hubert Reeves, 2012-04-02 Grandpa, how big is the universe? How far are the stars? How can we tell the sun's age? Are we stardust? What is thunder? Is the universe expanding? Do black holes exist? What is the future of the universe? The book was born from conversations I had with one of my granddaughters, on certain summer evenings. All during its writing, I was able to relive those August evenings when the children showered me with questions while we awaited the shooting stars. The contemplation of the heavenly vault and the sense of our presence among the stars inspired a shared wish to know more about this mysterious cosmos in which we live. Here we will be talking about science, but that in no way rules out poetry. Hubert Reeves In this book, master astrophysicist Hubert Reeves unlocks the secrets of the universe. This is his spiritual testament to younger generations and a perfect occasion for us all to revise our conceptions about the cosmos.

Manual of Catalan Linguistics Joan A. Argenter, Jens Lüdtke, 2020-04-06 This manual is intended to fill a gap in the area of Romance studies. There is no introduction available so far that broadly covers the field of Catalan linguistics, neither in Catalan nor in any other language. The work deals with the language spoken in Catalonia and Andorra, the Balearic Islands, the region of Valencia, Northern Catalonia and the town of l'Alguer in Sardinia. Besides introducing the ideologies of language and nation and the history of Catalan linguistics, the manual is divided into separate parts embracing the description – grammar, lexicon, variation and varieties – and the history of the language since the early medieval period to the present day. It also covers its current social and political situation in the new local and global contexts. The main emphasis is placed on modern Catalan. The manual is designed as a companion for students of Catalan, while also introducing specialists of other languages into this field, in particular scholars of Romance languages.
