Banksy Ulrich Blanche. 2016-01-18 About this Book / Bristol born Banksy is usually categorized as a Street Artist, although his art, in content and form, transcends a narrow understanding of this term. This publication primarily deals with Banksy as a contemporary Urban Artist and his relationship with consumer culture. It examines Banksy not only in light of his illicit work on the street, but also in regard to his gallery exhibitions. The study highlights representative works of his art, pieces which demonstrate his versatility, but also stand for different periods of his oeuvre. This book presents the first academic study of Banksy's art in English; with a history and discussion of the terms Graffiti, Street Art and Urban Art and a rich array of biographical information. It will be of interest to academics and the general public as well. About this Edition / Street Artist Banksy and former Young British artist Damien Hirst are two of the most popular representatives of British contemporary art. Situated in a triangle of art, consumerism and pop culture their work is among the most well-known. A systematic academic study of their artistic viewpoints and references to consumer culture has long been missing, and Ulrich Blanche is finally closing this gap: He examines Hirst's and Banksy's art against the background of the London art scene since 1980. Blanche points out connections to Duchamp, Warhol and Koons, and reflects on the role of the observer, the meaning of location and, especially, the references between art, consumer culture and marketing in their pieces. This two volume edition is the translated and expanded version of the authors dissertational thesis.

That is, until she is snared by some very strange animals that look oddly like her, but they don't talk right, eat right, or play correctly, she's puzzled by their behaviour and their insistence to live in these strange concrete structures known as 'apartments' there's no green here, no animals, no trees, no rivers. Now she lives in the comfort of civilization. But will civilization get comfortable with her?

Los Angeles Serge Ramelli.2018 - A tribute to the city of Los Angeles from YellowKorner photographer, Serge Ramelli - More than 80 vibrant and varied photographs capture the many facets of the California mega-city - A photo tutorial sensation, Ramelli has more than 300,000 YouTube subscribers Photographer Serge Ramelli turns his lens on the vast and complex coastal metropolis of Los Angeles, whose name City of Angels reflects its Spanish-Mexican influence, although it is most familiarly and affectionately known by its acronym: LA. Despite the city's relatively short history, this Californian hub has been the global center of the film industry for over a century. Stars and starlets have always felt at home beneath their celestial counterparts as seen in a twinkling LA sky captured in Ramelli's celebrated night photography. A place of contrasts and stark topography, Los Angeles is well situated for drama and spectacle--flanked by mountains to the north and east, demarcating the San Fernando Valley, opening to the south and west onto Santa Monica Bay, and the coastline of the Pacific Ocean. Beyond Paramount Pictures Studio and a breathtaking landscape, the Los Angeles map boasts universities and museums, concert amphitheatres and opera houses, and is home to cutting-edge air and spacecraft industries. It is a geographic region as well as a place in our collective imagination that embodies the American Dream: freedom, space, home ownership, ambition, and pursuit of luxuries, large and small--while the accompanying urban density, crime, and smog are harsh reminders of its flip side. Featuring a stunning selection of vibrant and varied photographs, this Los Angeles photo book from YellowKorner star Serge Ramelli captures all the dichotomies and allure of this storied Californian metropolis. Candid and posed, color and black and white, romantic and documentary, Ramelli's images is a dynamic visual journey through a fascinating and seductive city. Text in English, German and French.

The author of the New York Times bestseller *The Little Book of Hygge* offers more inspiration and suggestions for achieving greater happiness, by practicing Lykke (LOO-ka)—pursuing and finding the good that exists in the world around us every day. While the Danes are the happiest people on the planet, happiness isn't exclusively Danish; cultures around the world have their own unique approaches to leading a contented, fulfilled life. For his work at the Happiness Research Institute in Copenhagen, Meik Wiking travels the globe from Dubai to Finland, Rio de Janeiro to Bhutan, South Korea to the United States, to discover the secrets of the very happiest people. In *The Little Book of Lykke*, Meik identifies the six factors that explain the majority of differences in happiness across the world—togetherness, money, health, freedom, trust, and kindness—and explores what actions we can take to become happier. As he reveals, we can deepen our blissfulness and contentment with little adjustments in our behavior, whether it's eating like the French (sitting around a table and savoring our time) or dancing the tango like Argentinians in Buenos Aires. With his trademark warmth and wit, Meik explores the happiness gap for parents, how much money you really need to buy happiness, how we can be healthier without having to go to the gym, how we can learn to build trust and collaboration, how we can help ourselves by helping others, and why our expectations often outweigh our reality. Weaving together original research and personal anecdotes, *The Little Book of Lykke* is a global roadmap for joy that offers a new approach to achieving everyday happiness that not only improve our own lives, but help us build better communities and a better world.

ONE OF THE TEN BEST BOOKS OF THE YEAR: Chicago Tribune, The New York Public Library, Publishers Weekly • ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, Time, BuzzFeed, Esquire, Literary Journal, Kirkus Reviews “How brown is too brown?” “Can Indians be racist?” “What does real love between really different people look like?” Like many six-year-olds, Mira Jacob's half-Jewish, half-Indian son, Z, has questions about everything. toss everything I thought was possible in a book-as-art-object into the garbage. Her new book changes everything.”—Kiese Laymon, New York Times bestselling author of *Heavy*
