

Das Grosse Waldbuch Entdecke Über 350 Tiere Und P

Nell Leyshon

~**Das große Waldbuch** Bärbel Oftring, Holger Haag, 2019

Das große Buch der heimischen Tiere Holger Haag, Katja Baier, Bärbel Oftring, 2022-02

Wake Up, Sloth! Anouck Boisrobert, Louis Rigaud, 2011-09-27 In a lush, green forest, a sloth sleeps. Turn the pages of his story--told in a stunning pop-up display--to witness the tragic process of deforestation and watch as a single seed brings new life. Inventive design and bold art illustrate this important lesson about the environment and the rebirth of what was lost.

The Book of Trees Piotr Socha, 2018-09-13 Why are trees so important? How many types are there? How do they benefit the environment and wildlife? This book, by the award-winning author Piotr Socha, answers these questions and more, tracking the history of trees from the time of the dinosaurs to the current day.

How to Shit in the Woods Kathleen Meyer, 2011 It's the feisty third edition of *How to Shit in the Woods*, jam-packed with new information for outdoor enthusiasts of every stripe. Hailed in its first edition as the most important environmental book of the decade by Books of the Southwest, and in its second as the real shit by the late, great, outdoor photographer Galen Rowell, this bestselling guide is often called the backpacker's bible and has sold more than 2.5 million copies in eight languages. Author Kathleen Meyer continues to pioneer the way with her inimitable voice--at once humorous, irreverent, and direct--examining the latest techniques for graceful backcountry elimination, and answering a desperate cry from nature concerning environmental precautions in our ever-shrinking wilds. World changes come fast and furious, and in the backcountry it is no different. The practice of packing-it-out, adopted to protect high use areas and fragile eco-systems, is here to stay. We are now often urged to haul our poop home. Or with increasing frequency, the whole business is mandatory. To assist with all this responsible human waste disposal, Meyer's new edition features the latest in product innovations, from classy high-tech to inexpensive do-it-yourself. She covers the most current solutions to the health risks of drinking straight from wilderness waterways; presents a raft of natural substitutes for the purist swearing off toilet tissue; and offers a wealth of new recommendations for ladies who must make do without a loo. This down-to-earth guide has been employed as a training aid for scout troops, outdoor schools, and wilderness programs for inner-city youth; for rangers with the U.S. Forest Service, National Park Service, and Bureau of Land Management; as well as for whitewater rafting guides, backcountry outfitters, and members of the military. In rowing hundreds of urbanites down whitewater rivers, Meyer honed her squatting

skills and found she wasn't alone in the klutz department. Her delightfully shameless discussion of a once-shameful activity, her erudite examination of its associated vocabulary, and her unapologetic promotion of its colorful vernacular make *How to Shit in the Woods* essential and vastly entertaining reading for anyone who's ever paused at the edge of the forest and pondered: Where do I go to go ?

Walks in the Wild Peter Wohlleben,2021 Can you tell which plants are safe to eat? Which trees are best to shelter under a storm? How do you tell a deciduous and coniferous tree apart? In his new book Peter Wohlleben takes you on a journey of discovery. From learning what creatures lurk beneath tree roots to finding your way around the woods without a compass, this is a captivating guide to navigating the wonders of the wild--Publisher's description.

Ghost Knight Cornelia Funke,2012-05-01 From international phenomenon Cornelia Funke, the bestselling author of *Reckless* and *Inkheart*. Eleven-year-old Jon Whitcroft never expected to enjoy boarding school. Then again, he never expected to be confronted by a pack of vengeful ghosts, either. And then he meets Ella, a quirky new friend with a taste for adventure... Together, Jon and Ella must work to uncover the secrets of a centuries-old murder while being haunted by terrifying spirits, their bloodless faces set on revenge. So when Jon summons the ghost of the late knight Longspee for his protection, there's just one question: Can Longspee truly be trusted?

The Secret Wisdom of Nature Peter Wohlleben,2019-03-05 “As you read these pages you will understand why I so admire [Peter Wohlleben] and am so in love with his work.”—JANE GOODALL Nature is full of surprises: deciduous trees affect the rotation of the Earth, cranes sabotage the production of Iberian ham, and coniferous forests can make it rain. But what are the processes that drive these incredible phenomena? And why do they matter? In *The Secret Wisdom of Nature*, master storyteller and international sensation Peter Wohlleben takes readers on a thought-provoking exploration of the vast natural systems that make life on Earth possible. In this tour of an almost unfathomable world, Wohlleben describes the fascinating interplay between animals and plants and answers such questions as: How do they influence each other? Do lifeforms communicate across species boundaries? And what happens when this finely tuned system gets out of sync? By introducing us to the latest scientific discoveries and recounting his own insights from decades of observing nature, one of the world's most famous foresters shows us how to recapture our sense of awe so we can see the world around us with completely new eyes. Published in Partnership with the David Suzuki Institute.

The Biophilia Effect Clemens Arvay, MSc,2018-02-01 Did you know that spending time in a forest activates the vagus nerve, which is responsible for inducing calm and regeneration? Or that spending just one single day in a wooded area increases the number of natural killer cells in the blood by almost 40 percent on average? We've all had an intuitive sense of the healing power of nature. Clemens G. Arvay's new book brings us the science to verify this power, sharing fascinating research along with teachings and tools for accessing the therapeutic properties of the forest and natural world. Already a

bestseller in Germany, *The Biophilia Effect* is a book that transforms our understanding of our interconnection with nature—and shows us how to engage the natural world wherever we live for greater health, inspiration, rejuvenation, and spiritual sustenance.

Garden Sounds Felicity Brooks, Sam Taplin, 2016-07 Little children can listen to a baby bird tweeting, frogs croaking in the pond and owls hooting when they press the pages of this delightful book. Colourful pages show the garden and pond in the sun and rain and at night. With simple text, holes to peep through and fingertrails to explore, this is a lovely first book about nature and the outdoors. **WARNING!** This product contains button or coin cell batteries which are dangerous. Dispose of used batteries immediately. Keep new and used batteries away from children. Batteries can cause serious injuries if they are swallowed or placed inside any part of the body. If you think batteries may have been swallowed or placed inside any part of the body, seek immediate medical attention. Different types of batteries (i.e. Alkaline and Zinc) or new and used batteries are not to be mixed. Only batteries of the same or equivalent type as recommended are to be used. Batteries are to be inserted with the correct polarity. Exhausted batteries are to be removed from the product. The supply terminals are not to be short-circuited. Do not throw batteries into a fire. Batteries should never be left in the product when not in use for long periods of time. Non rechargeable batteries are not to be recharged. Rechargeable batteries are to be removed from the product before being charged. Rechargeable batteries are only to be charged under adult supervision. This product contains batteries and electronics that may be harmful to the environment; they should not be discarded with normal household waste but taken to your local collection centre for recycling. Please retain this information for future reference. **Battery removal and installation instructions:** With a screwdriver, loosen the captive screw and remove the lid to the battery compartment keeping it away from children. Insert the new button cell batteries as shown in the polarity diagram (+/-) inside the battery compartment. Lower the lid back onto the compartment and re-tighten the captive screw.

Lost in the Jungle Yossi Ghinsberg, 2009-03-02 Four travelers meet in Bolivia and set off into the heart of the Amazon rainforest, but what begins as a dream adventure quickly deteriorates into a dangerous nightmare, and after weeks of wandering in the dense undergrowth, the four backpackers split up into two groups. But when a terrible rafting accident separates him from his partner, Yossi is forced to survive for weeks alone against one of the wildest backdrops on the planet. Stranded without a knife, map, or survival training, he must improvise shelter and forage for wild fruit to survive. As his feet begin to rot during raging storms, as he loses all sense of direction, and as he begins to lose all hope, he wonders whether he will make it out of the jungle alive. *Lost in the Jungle* is the story of friendship and the teachings of nature, and a terrifying true account that you won't be able to put down.

Noisy Farm Sounds S. A. M. TAPLIN, 2018-03 Press the pages of this enchantingly illustrated book to hear the farmyard world come to life. Little children will love discovering the animals and all the other things making noises on the busy farm;

there's a noisy tractor, a crowing cockerel, buzzing bees, a mooing cow, cheeping chicks and more. Also includes lots of die-cuts and peep-holes alongside the sounds, creating a multi-sensory, interactive activity. Provides a great introduction to farmyard animals with plenty of items to look and spot for eager eyes and little fingers.

Safari Dan Kainen, Carol Kaufmann, 2012-10-16 A New York Times bestseller, Safari is a magical journey for the whole family. Readers, as if on African safari, encounter eight wild animals that come alive using never-before-seen Photoclear technology. Each full-color image is like a 3-D movie on the page, delivering a rich, fluid, immersive visual experience. The result is breathtaking. The cheetah bounds. The gazelle leaps. The African elephant snaps its ears. The gorilla munches the leaves off a branch. It's mesmerizing, as visually immediate as a National Geographic or Animal Planet special. Accompanying the images is Safari, the guide: It begins with an evocative journal of a safari along the Mara River in Kenya and interweaves the history of safaris. Then for each animal there is a lively, informative essay and an at-a-glance list of important facts. It's the romance of being on safari—and the thrill of seeing the animals in motion— in a book unlike any other.

Animalium Jenny Broom, 2017-12-28 Welcome to the museum! There are more than 160 animal specimens to be discovered in Animalium, the first in a series of virtual museums. Wander the galleries - open 365 days a year - and discover a collection of curated exhibits on every page, accompanied by informative text. Each chapter features a different branch of the tree of life, from the simple sponge to the enormous elephant.

New Botanical Painting Harriet de Winton, 2019-10-10 Award-winning artist Harriet de Winton shows you how to create contemporary watercolour artworks to treasure and share. Through more than 30 step-by-step projects, discover how to paint individual flowers and foliage, as well as beautiful botanical compositions. Use your new skills to make art for your wall, unique cards, invitations, or simply paint for pleasure.

The Wood John Lewis-Stempel, 2018-03-08 'BRITAIN'S FINEST LIVING NATURE WRITER' - THE TIMES A SUNDAY TIMES BESTSELLER and BBC Radio 4 'Book of the Week' from 'indisputably, one of the best nature-writers of his generation' (Country Life) Written in diary format, The Wood is the story of English woodlands as they change with the seasons. Lyrical and informative, steeped in poetry and folklore, The Wood inhabits the mind and touches the soul. For four years John Lewis-Stempel managed Cockshutt wood, a particular wood - three and half acres of mixed woodland in south west Herefordshire - that stands as exemplar for all the small woods of England. John coppiced the trees and raised cows and pigs who roamed free there. This is the diary of the last year, by which time he had come to know it from the bottom of its beech roots to the tip of its oaks, and to know all the animals that lived there - the fox, the pheasants, the wood mice, the tawny owl - and where the best bluebells grew. For many fauna and flora, woods like Cockshutt are the last refuge. It proves a sanctuary for John too. To read The Wood is to be amongst its trees as the seasons change, following an easy path until, suddenly the view is

broken by a screen of leaves, or your foot catches on a root, or a bird startles overhead. This is a wood you will never want to leave.

Has Anyone Seen Jessica Jenkins? Liz Kessler, 2015-02-24 First published in Great Britain by Orion Children's Books--Title page verso.

The Colour of Milk Nell Leyshon, 2012-12-26 The Colour of Milk is a literary tour de force of power, class, and fate, told in the fierce, urgent voice of the irrepressible Mary, a character as indelible as The Color Purple's Celie and Margaret Atwood's eponymous Alias Grace. Set in England in 1830, The Colour of Milk by Nell Leyshon is an emotionally haunting work of historical fiction — hailed as “charming, Brontë-esque...and hard to forget” (Marian Keyes) — about an illiterate farm girl's emotional and intellectual awakening and its devastating consequences. Mary, the spirited youngest daughter of an angry, violent man, is sent to work for the local vicar and his invalid wife. Her strange new surroundings offer unsettling challenges, including the vicar's lecherous son and a manipulative fellow servant. But life in the vicarage also offers unexpected joys, as the curious young girl learns to read and write — knowledge that will come at a tragic price.

Julián Is a Mermaid Jessica Love, 2019-06-18 In an exuberant picture book, a glimpse of costumed mermaids leaves one boy flooded with wonder and ready to dazzle the world. While riding the subway home from the pool with his abuela one day, Julián notices three women spectacularly dressed up. Their hair billows in brilliant hues, their dresses end in fishtails, and their joy fills the train car. When Julián gets home, daydreaming of the magic he's seen, all he can think about is dressing up just like the ladies in his own fabulous mermaid costume: a butter-yellow curtain for his tail, the fronds of a potted fern for his headdress. But what will Abuela think about the mess he makes — and even more importantly, what will she think about how Julián sees himself? Mesmerizing and full of heart, Jessica Love's author-illustrator debut is a jubilant picture of self-love and a radiant celebration of individuality.

Flight of the Moon Dragon Tracey West, 2016-09-27 The prime Dragon Stone seems to be dying, and that means that the connection between the dragon masters and their dragons is also fading, so the six dragon masters must locate the hidden stone, and learn what is causing the problem before their telepathic connection is completely gone.
