SOMETHING HAPPENED Joseph Heller,2011-09-07 Bob Slocum was living the American dream. He had a beautiful wife, three lovely children, a nice house...and all the mistresses he desired. He had it all -- all, that is, but happiness. Slocum was discontent. Inevitably, inexorably, his discontent deteriorated into desolation until...something happened. Something Happened is Joseph Heller's wonderfully inventive and controversial second novel satirizing business life and American culture. The story is told as if the reader was overhearing the patter of Bob Slocum's brain -- recording what is going on at the office, as well as his fantasies and memories that complete the story of his life. The result is a novel as original and memorable as his Catch-22.

Catch-22 Laura M. Nicosia,James F. Nicosia,2021 Catch-22 was published in 1961, becoming a number-one bestseller in England before American audiences identified with its anti-war sentiments, earning it classic status and prompting a film version in 1970. Heller's dark, satirical novel became so ubiquitous that it initiated the eponymous phrase regarding paradoxical situations. Catch-22 is appreciated for its black humor, extensive use of flashbacks, contorted chronology, countercultural sensibilities, and bizarre language structures. With current trends and political climate considered, this volume revisits this classic text for a contemporary audience. --

Closing Time Joseph Heller,2010-10-26 A darkly comic and ambitious sequel to the American classic Catch-22. In Closing Time, Joseph Heller returns to the characters of Catch-22, now coming to the end of their lives and the century, as is the entire generation that fought in World War II: Yossarian and Milo Minderbinder, the chaplain, and such newcomers as little Sammy Singer and giant Lew, all linked, in an uneasy peace and old age, fighting not the Germans this time, but The End. Closing Time deftly satirizes the realities and the myths of America in the half century since WWII: the absurdity of our politics, the decline of our society and our great cities, the greed and hypocrisy of our business and culture -- with the same ferocious humor as Catch-22. Closing Time is outrageously funny and totally serious, and as brilliant and successful as Catch-22 itself, a fun-house mirror that captures, at once grotesquely and accurately, the truth about ourselves.

Piece of Cake Derek Robinson,2013-11-05 From the Phoney War of 1939 to the Battle of Britain in 1940, the pilots of Hornet Squadron learn their lessons the hard way. Hi-jinks are all very well on the ground, but once in a Hurricane's cockpit, the best killers keep their wits close. Newly promoted Commanding Officer Fanny Barton has a job on to whip the Hornets

into shape before they face the Luftwaffe's seasoned pilots. And sometimes Fighter Command, with its obsolete tactics and stiff doctrines, is the real menace. As with all Robinson's novels, the raw dialogue, rich black humor and brilliantly rendered, adrenaline-packed dogfights bring the Battle of Britain, and the brave few who fought it, to life.

Yossarian Slept Here Erica Heller, 2011-08-23 THROUGHOUT ERICA HELLER'S LIFE, when people learned that Joseph Heller was her father, they often remarked, "How terrific!" But was there a catch? Like his most famous work, her father was a study in contradictions: eccentric, brilliant, and voracious, but also mercurial, competitive, and stubborn, with a love of mischief that sometimes cut too close to the bone. Being raised by such a larger-than-life personality could be claustrophobic, even at the sprawling Upper West Side apartments of the Aphorp, which the Hellers called home—in one way or another—for forty-five years. *Yossarian Slept Here* is Erica Heller's wickedly funny but also poignant and incisive memoir about growing up in a family—her iconic father; her wry, beautiful mother, Shirley; her younger brother, Ted; her relentlessly inventive grandmother Dottie—that could be by turns caring, infuriating, and exasperating, though anything but dull. From the forbidden pleasures of ordering shrimp cocktail when it was beyond the family's budget to spending a summer, as her father's fame grew, at the Beverly Hills Hotel, Erica details the Hellers' charmed—and charmingly turbulent—trajectory. She offers a rare glimpse of meetings with the Gourmet Club, where her father would dine weekly with Mel Brooks, Zero Mostel, and Mario Puzo, among others (and from which all wives and children were strictly verboten). She introduces us to many extraordinary residents of the Aphorp, some famous—George Balanchine, Sidney Poitier, and Lena Horne, to name a few—and some not famous, but all quite memorable. Yet she also manages to limn the complex bonds of loyalty and guilt, hurt and healing, that define every family. Erica was among those present at her father's bedside as he struggled to recover from Guillain-Barré syndrome and then cared for her mother when Shirley was diagnosed with terminal cancer after the thirty-eight-year marriage and intensely passionate partnership with Joe had ended. Witty and perceptive, and displaying the descriptive gifts of a born storyteller, this authentic and colorful portrait of life in the Heller household unfolds alongside the saga of the family's moves into four distinctive apartments within the Aphorp, each representing a different phase of their lives together—and apart. It is a story about achieving a dream; about fame and its aftermath; about lasting love, squandered opportunities, and how to have the best meal in Chinatown.

The Things They Carried Tim O'Brien, 2009-10-13 Look for O'Brien's new book, *American Fantastica*, on sale October 24th A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative

writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Goering Cross Examined Jacqueline George, 2014-07-13 When Field Marshall Hermann Goering, Deputy Führer and commander of the Luftwaffe, appeared before the Nuremberg Tribunal in 1946 to answer for his crimes, the world was watching. Much of Europe had directly suffered through the war that he and the Nazi system had brought to the continent, and now he would have to answer for his crimes. On the other hand, Germany was full of Nazis who had been defeated but did not feel any part of the guilt for those terrible events. Would Goering be able to stand up for them, and give them hope for the future? Goering proved to be intelligent and resourceful, a natural leader who dominated the other defendants at the trial and showed no self-doubt at all. The evidence he gave on his own behalf made the unthinkable seem reasonable, the normal reaction of a government and country under threat from outside forces. He denied all knowledge of war crimes, and the crimes against humanity that were now being uncovered. Only cross-examination by American and British prosecutors could force him to admit his complicity, but Goering was far too clever to be pinned down easily. Here, in the actual words spoken by the three adversaries, is the story of the American prosecutor Supreme Court Justice Robert Jackson and his British colleague Sir David Maxwell-Fyfe fighting to bring the true story of Goering's crimes into the light. Using complete court transcripts, with commentaries on each session, this book allows the reader to follow the battle day by day. All three men, and especially Goering, jump from the pages in the words they used seventy years ago. This is Goering from a different angle, seen not through his deeds but as you might see him at a town hall meeting. He is talkative and charismatic, even when on trial for his life and with the ruins of the Third Reich around him. His trial is followed through to the end, and the book has an Epilogue from his fellow defendant Albert Speer. This very readable book brings together the many strands of the Goering war crimes trial in a way that allows the interested but legally challenged reader to appreciate the hubris and depravity of the Reich's Deputy Führer. The reader is left with the impression that Goering, throughout his trial, believed in the righteousness of the Nazi Cause and was surprised and disappointed in the final outcome. Goering's testimony to the Tribunal is both chilling and a fitting final testimony to the Nazi era. ~ Charles Gillman-Wells

Gravity's Rainbow Thomas Pynchon,2012-06-13 Winner of the 1974 National Book Award “A screaming comes across the sky. . .” A few months after the Germans' secret V-2 rocket bombs begin falling on London, British Intelligence discovers that a map of the city pinpointing the sexual conquests of one Lieutenant Tyrone Slothrop, U.S. Army, corresponds identically to a map showing the V-2 impact sites. The implications of this discovery will launch Slothrop on an amazing journey across

war-torn Europe, fleeing an international cabal of military-industrial superpowers, in search of the mysterious Rocket 00000, through a wildly comic extravaganza that has been hailed in *The New Republic* as “the most profound and accomplished American novel since the end of World War II.”

Catch As Catch Can Joseph Heller,2011-07-07 Not many writers introduce a phrase - let alone a whole idea - into the language. In *CATCH-22*, Joseph Heller invented a motif for the modern world. For that book alone he is one of the greatest American writers of the twentieth century. But where did the author who was able to create that novel come from? And what happened to those remarkable characters? *CATCH AS CATCH CAN* for the first time collects early works, previously unpublished stories and lost chapters of *CATCH-22* to chart the development of a genius. It also explores the consequences in the later stories of the unforgettable Yossarian, and Heller's non-fiction pieces, in which the author reflects upon his childhood in Coney Island and the novel which shaped everything that was written after it.

Reading 'Catch-22' Paul McDonald,2012-02-01 Comic novelist and critic, Paul McDonald, provides an accessible, revealing guide to Joseph Heller's seminal anti-war novel, *Catch-22*. In order to help readers deepen their understanding of this perplexing comedy, McDonald succinctly contextualises it both in relation to the author's life, and key developments in modern American literature. The book offers a thorough summary and analysis of the plot of *Catch-22*, addresses important characters such as Colonel Cathcart, Lieutenant Scheisskopf, Milo Minderbinder, Major Major, and Doc Daneeka, and explains the various ways in which Yossarian's hilarious predicament has been interpreted. Among other things it considers Yossarian's status as a mythic hero, an individualist hero, and a postmodern hero, assessing his relevance to contemporary America, and his re-emergence in the sequel to *Catch-22*, *Closing Time*, published in 1994. It also offers a descriptive bibliography of important secondary sources, and links to useful online texts.

The Recognitions William Gaddis,2020-11-24 A postmodern masterpiece about fraud and forgery by one of the most distinctive, accomplished novelists of the last century. The Recognitions is a sweeping depiction of a world in which everything that anyone recognizes as beautiful or true or good emerges as anything but: our world. The book is a masquerade, moving from New England to New York to Madrid, from the art world to the underworld, but it centers on the story of Wyatt Gwyon, the son of a New England minister, who forsakes religion to devote himself to painting, only to despair of his inspiration. In expiation, he will paint nothing but flawless copies of his revered old masters—copies, however, that find their way into the hands of a sinister financial wizard by the name of Recktall Brown, who of course sells them as the real thing. Dismissed uncomprehendingly by reviewers on publication in 1955 and ignored by the literary world for decades after, The Recognitions is now established as one of the great American novels, immensely ambitious and entirely unique, a book of wild, Boschian inspiration and outrageous comedy that is also profoundly serious and sad.
