Summa daemoniaca. Trattato di demonologia e manuale dell'esorcista Josè A. Fortea, 2008

Gli Angeli caduti Calogero Daino, Vincenzo Galifi, 2018-11-23T10:29:00+01:00 Molti pensano che il diavolo non esista, che sia un'invenzione dei preti, «roba da medioevo», propaganda per terrorizzare la gente. Eppure il mondo dell'occulto - paranormale, possessione demoniaca, sedute spiritiche, magia nera e satanismo, infiltratisi anche nella musica Rock - affascina molti giovani e preoccupa i loro genitori. Gli autori hanno condotto ricerche sul campo intervistando ragazzi, esorcisti, medici e teologi. Il risultato è un libro che affronta il tema con coraggio e consapevolezza, aiuta a riconoscere i comportamenti più pericolosi sul fronte del «lato oscuro» e a individuare eventuali rimedi. Il messaggio del grande esorcista don Gabriele Amorth, redatto pochi mesi prima di morire, garantisce la sua approvazione dell'opera.

Essay on demonology Filippo Biagioli, 2023 L'opera intitolata Trattato di demonologia, Summa verborum, numeri, temporis et spatii è stata realizzata in 24 copie (chiamate Edizioni) per altrettanti luoghi dove verrà custodita. Il libro ha 162 pagine ed è stato scritto in italiano e inglese. Alcune parti sono in latino, arabo, ebraico e armeno. L'argomento Demoni e Demonologia è diviso in una prima parte teorica; e una seconda parte pratica. Esso è arricchito da un'apparato fotografico che presenta disegni dell'autore e foto di opere d'arte inerenti alla raffigurazioni demoniache nelle varie culture. Il corpo del libro è stampato a macchina, ma contiene un disegno originale inserito in fase di rilegatura. -- from <https://www.filippo-biagioli.com/opere-pubbliche/presentazione-trattato-di-demonologia-summa-verborum-numeri-temporis-et-spatii-di-filippo-biagioli/>

Il mio incontro col male Piccolo Giancarlo, 2021-09-01 Uno degli inganni più grandi del Maligno è quello di far credere che non esista. Probabilmente è così, soprattutto oggi, quando la nostra società, così distratta dall'effimero, dal tecnologico, così priva di radici, di profondità, dimentica della saggezza antica, sembra essersi abbandonata a vivere senza valori, senza riferimenti, in una libertà condizionata e senza senso, avvinghiata ad una paura irrazionale, che rischia di portarci nei vicoli ciechi dell'esistenza. Ecco perché un libro come questo di Giancarlo Piccolo è di notevole importanza. Perché attraverso uno studio capillare sulla figura del Diavolo dal punto di vista storico-culturale e attraverso alcune illuminanti interviste a eminenti esorcisti italiani, ci fa aprire gli occhi su quella che sembra essere un'innegabile realtà. Un libro-inchiesta, dunque.

Sul visibile e sull'invisibile, su quella parte irrazionale ed escatologica della nostra esistenza, il male, che spesso tendiamo a non guardare e che invece è di fondamentale importanza.

Interview with an Exorcist Fr. José Antonio Fortea,2014-06-26 In today's culture of scientific enlightenment, many consider belief in demonic possession and exorcism to be superstitious remnants of the Dark Ages. Even many Christians, contrary to the clear words of Jesus in the Gospel, scoff at the notion that the Devil and demons really exist. Is demonic possession real? Are believers really in any danger from Satan and his crafty minions? What is the truth about exorcism? In this captivating book, you will find answers to these questions and many more. Written by one of the Church's foremost experts on the topic, Interview with an Exorcist is based on Fr. Jose Antonio Fortea's years of working as an exorcist, his extensive investigations of cases of suspected possessions, and his attendance at hundreds of exorcisms. You will learn: ● What really happens at an exorcism. ● The signs that show when possession is present. ● Why the number of possessions has been increasing in recent times. ● Why the permission of the local bishop is required for an exorcism to occur. ● Why some within the Church disparage this essential apostolic ministry And much more. ● The difference between demonic possession, obsession, and infestation. ● How to tell the difference between psychological problems and demonic influence. ● Why consulting mediums, dabbling in witchcraft, or having recourse to other occult practices is an open invitation to demonic spirits.

The Encyclopedia Of Witchcraft & Demonology Rossell Hope Robbins,2022-03-29 With research sourced by the world's greatest libraries, Robbins has compiled a rational, balanced history of 300 years of horror concentrated primarily in Western Europe. Spanning from the 15th century through the 18th century, the witch-hunt frenzy marks a period of suppressed rational thought; never before have so many been so wrong. To better understand this phenomenon, Robbins examines how the meaning of witch has evolved and exposes the true nature of witchcraft—a topic widely discussed in popular culture, though remarkably misunderstood. First published in 1959, Robbins' encyclopedia remains the most authoritative and comprehensive body of information about witchcraft and demonology ever compiled in a single volume. Lavishly acclaimed in academic and popular reviews, this full-scale compendium of fact, history, and legend covers about every phase of this fascinating subject from its origins in the medieval times to its last eruptions in the 18th century. Accompanying the text are 250 illustrations from rare books, contemporary prints, and old manuscripts, many of which have been published here for the first time.

Demonology Rick Moody, 2009-11-29 Rick Moody's novels have earned him a reputation as a breathtaking writer (The New York Times) and a writer of immense gifts (The San Francisco Examiner). His remarkable short stories have led both the New Yorker and Harpers to single him out as one of the most original and admired voices in a generation. These stories are abundant proof of Rick Moody's grace as a stylist and a shaper of interior lives. He writes with equal force about the blithe energies of youth (Boys) and the rueful onset of middle age (Hawaiian Night), about Midwestern optimists (Double Zero) and West coast strategists (Baggage Carousel), about visionary exhilaration (Forecast from the Retail Desk) and delusional catharsis (Surplus Value Books: Catalog Number 13.) The astounding title story, which has already been reprinted in four different anthologies, is a masterpiece of remembrance and thwarted love. Full of deep feeling and stunningly beautiful language, the stories in *Demonology* offer the deepest pleasures that fiction can afford.

The Seven Spiritual Weapons Catherine of Bologna, 2011-07-18 St. Catherine of Bologna, much venerated in her own city, has been little known outside of her native region but interest in her is now increasing. The outline of her life is clear and her own work, *The Seven Spiritual Weapons*, tells a good deal about her inner experiences and early years in the cloister. The introduction to this translation situates her life in the history of Ferrara and Bologna and studies how the external history of the community impinged on Catherine's own religious experience and how it was interwoven with her successful struggle against depression.

Reino de Dios, Demonología Y Liberación Pedro Montoya, 2015-11-11 La liberación de demonios está ampliamente documentada en los escritos del Nuevo Testamento. En los evangelios se da fe de que Jesús lanzaba fuera demonios en toda reunión donde propició la predicación del Evangelio. No se puede separar el uno del otro, tanto así que cuando se plantea la Gran Comisión, se presenta su necesidad y se impone su práctica como evidencia de que se está estableciendo el reino de Dios en ese lugar. Junto con el *id* y *haced discípulos*, se establece también como las señales que seguirán a los que creen en su nombre. Cuando Jesús escoge a los apóstoles y los envía a predicar, el evangelista atestigua que Jesús les dio potestad de echar fuera demonios, y claramente también establece que este era su mensaje evangelizador, porque Jesús les hizo hincapié de que dijeran que hacían todas estas señales porque el reino de los cielos se ha acercado. Este curso pretende presentar una guía clara sobre los principios bíblicos, doctrinales y espirituales que sustentan y dan forma a la liberación de demonios como parte constituyente del Evangelio de nuestro Señor Jesucristo.

Dreams in Early Modern England Janine Riviere,2017-04-28 Dreams in Early Modern England offers an in-depth exploration of the variety of different ways in which early modern people understood and interpreted dreams, from medical explanations to political, religious or supernatural associations. Through examining how dreams were discussed and presented in a range of different texts, including both published works and private notes and diaries, this book highlights the many coexisting strands of thought that surrounded dreams in early modern England. Most significantly, it places early modern perceptions of dreams within the social context of the period through an evaluation of how they were shaped by key events of the time, such as the Reformation and the English Civil Wars. The chapters also explore contemporary experiences and ideas of dreams in relation to dream divination, religious visions, sleep, nightmares and sleep disorders. This book will be of great value to students and academics with an interest in dreams and the understanding of dreams, sleep and nightmares in early modern English society.

Eschatology Pope Benedict XVI,Joseph Ratzinger,2007-10 Originally published in English in 1988, Joseph Ratzinger's Eschatology remains internationally recognized as a leading text on the last things—heaven and hell, purgatory and judgment, death and the immortality of the soul. This highly anticipated second edition includes a new preface by Joseph Ratzinger/Pope Benedict XVI and a supplement to the bibliography by theologian Peter A. Casarella. Eschatology presents a balanced perspective of the doctrine at the center of Christian belief—the Church's faith in eternal life. Recognizing the task of contemporary eschatology as to marry perspectives, so that person and community, present and future, are seen in their unity, Joseph Ratzinger brings together recent emphasis on the theology of hope for the future with the more traditional elements of the doctrine. His book has proven to be as timeless as it is timely.

The Buddha Pill Miguel Farias,Dr. Catherine Wikholm,2019-02-19 Millions of people meditate daily but can meditative practices really make us 'better' people? In *The Buddha Pill*, pioneering psychologists Dr Miguel Farias and Catherine Wikholm put meditation and mindfulness under the microscope. Separating fact from fiction, they reveal what scientific research - including their groundbreaking study on yoga and meditation with prisoners - tells us about the benefits and limitations of these techniques for improving our lives. As well as illuminating the potential, the authors argue that these practices may have unexpected consequences, and that peace and happiness may not always be the end result. Offering a compelling examination of research on transcendental meditation to recent brain-imaging studies on the effects of mindfulness and yoga, and with fascinating contributions from spiritual teachers and therapists, Farias and Wikholm weave together a unique story about the science and the delusions of personal change.
