Handbook of Research on the Interplay Between Service Quality and Customer Delight Sarma, Sarmistha, Gupta, Neha, 2023-01-31 Research in the field of service quality and consumer behavior has developed in many dimensions in the past decade. A number of models have been developed to determine the factors leading to satisfaction; however, within the past few years, scholars have proved that satisfaction is not sufficient to leave a strong mark in the minds of the customers. Service quality and customer delight have been the buzzwords in the business world in recent times as scholars have proven that customer delight is the key to customer retention. The Handbook of Research on the Interplay Between Service Quality and Customer Delight considers how companies around the world in a cross-cultural environment are dealing with service quality and customer delight and proposes a global outlook on the current trends, tactics, and opportunities. Covering key topics such as buyer funnels, consumer dissonance, and digital solutions, this reference work is ideal for business owners, managers, industry professionals, researchers, scholars, practitioners, academicians, instructors, and students.

Routledge Handbook of Gender, Culture, and Development in India N. B. Lekha, Pradeep Kumar M., 2024-08-30 Lekha, Kumar M., and their team of contributors embark on a transformative exploration of 'Intersectionality' in the Indian context, where gender, culture, and development intersect to shape the destinies of diverse groups. Drawing from extensive research and nuanced analyses by scholars across the country and a few scholars on India from outside the country, the handbook uncovers the intricate connections between gender inequalities, cultural norms and practices, and developmental trajectories that illuminate how these factors intersect and shape the lives of individuals, communities, and societies beyond India's borders. The book encompasses discussions on the category of gender and the practice of gender studies, workspace economy, and technology. It explains the intricate intersections between gender, labour, migration, and informal economies, offering a deeper understanding of the composite factors that shape women as the workforce and their role within the workplace and the economy. It also delves into the multifaceted influences of culture on various aspects of society, including gender roles, language, agriculture, and development. The focus upon the sociocultural dimensions connected to the portrayal of gender in the media elaborated on how diverse media platforms, ranging from digital interfaces to televised serials, play a pivotal role in shaping and mirroring gender identities, roles, and societal norms within their specific environments. Most importantly, it critically engages with issues of education, marginalization, inclusion, and sustainable

development. Case studies on marginalized communities such as the urban poor, elderly sweepers, and widows contribute to broader discourses on developmental paradigms vis-à-vis poverty and social exclusion. Academics, researchers, and students interested in gender, culture, and development studies will find this handbook invaluable in understanding and addressing gender inequities, cultural imbalances, and development complexities. Policymakers, NGOs, and activists committed to social progress will appreciate the evidence-based insights enabling them for informed actions and policies that transcend conventional boundaries.

Schooling the National Imagination Shalini Advani,2009-09-02 What is the nature of textbooks produced by a postcolonial society and how do they shape the national citizen? How do they define social roles in society, and influence the way people look at themselves and others? In what way do textbooks reflect the framing visions about societal change? By exploring how language is critical to the development of a postcolonial nation and its shifting responses to global modernity, *Schooling the National Imagination* reflects on these profoundly important questions. Discussing the national education policy in general and the English language policy in particular, Shalini Advani tracks the inner dilemmas of a postcolonial society like India and the troubled history of its language politics. She looks at state-produced school textbooks, traces how English curriculum both reflects and constructs identity in particular ways, and examines classroom practice in schools. Advani goes on to consider the ways in which ideology shapes pedagogic practice, and how classroom transactions define the meaning of what is taught. Sensitive to theoretical discussions on how power and culture are made visible in textbooks and practice, the book moves between study of policy, textbooks, and classroom ethnography to provide a richly textured account of what language education does.

The Trip of Le Horla Guy de Maupassant, 2023-03-08 Have you ever experienced a hot air balloon ride? This short story describes a trip from Paris to Belgium taken by the popular French author Guy de Maupassant. Describing in detail every sight and sound, he takes readers on a balloon ride like no other. The three crew members and three passengers watch the sunset and moonrise and experience the threat of a looming storm. Views of Paris and the beautiful French and Belgian countryside below are also eloquently brought to life. 'The Trip of Le Horla' (1887) is perfect for fans of his short stories and readers of 19th-century travel books. Guy de Maupassant (1850-1893) was a famous French writer, best known as one of the finest practitioners of the short story. Master of style and dramatic narrative, Maupassant's stories are mainly interested in the relationships between men and women, often found at the crossroads of life. One of his greatest influences was Gustave Flaubert, who introduced him to some of the central names of the time, such as Émile Zola, Henry James, and Ivan Turgenev. Some of his best-known works include the novels *Bel Ami* and *Une Vie*, more than 300 short stories, travel books, and even an attempt at poetry. 'Bel Ami' was made into a film in 2012, starring Uma Thurman, Robert Pattinson, and Kristin Scott Thomas.

Totto-Chan Tetsuko Kuroyanagi, 2012-03-23 This engaging series of childhood recollections tells about an ideal school in Tokyo during World War II that combined learning with fun, freedom, and love. This unusual school had old railroad cars for classrooms, and it was run by an extraordinary man--its founder and headmaster, Sosaku Kobayashi--who was a firm believer in freedom of expression and activity. In real life, the Totto-chan of the book has become one of Japan's most popular television personalities--Tetsuko Kuroyanagi. She attributes her success in life to this wonderful school and its headmaster. The charm of this account has won the hearts of millions of people of all ages and made this book a runaway bestseller in Japan, with sales hitting the 4.5 million mark in its first year.

Research Methods in Indigenous Contexts Arnold Groh, 2018-02-02 This forward-looking resource offers readers a modern contextual framework for conducting social science research with indigenous peoples. Foundational chapters summarize current UN-based standards for indigenous rights and autonomy, with their implications for research practice. Coverage goes on to detail minimally-invasive data-gathering methods, survey current training and competency issues, and consider the scientist's role in research, particularly as a product of his/her own cultural background. From these guidelines

and findings, students and professionals have a robust base for carrying out indigenous research that is valid and reliable as well as respectful and ethical. Among the topics covered: · Cultural theories and cultural dominance. · The legal framework of research in indigenous contexts. · The role of language within indigenous peoples' cultural rights. · Methodology: how to optimally collect data in the field. · Researchers' influence and philosophy of science. · Learning how to prepare research in indigenous contexts. *Research Methods in Indigenous Contexts* is an important reference benefitting a wide audience, including students and researchers in the social sciences, humanities, and psychology; decision-makers of NGOs and GOs that act with regard to humanitarian aid, for tourism projects, or any other contingency with indigenous contexts; and policymakers interested in the aspects of human activity upon which indigenous cultural concerns are based.
