Handbook of Research on the Interplay Between Service Quality and Customer Delight Sarma, Sarmistha, Gupta, Neha, 2023-01-31 Research in the field of service quality and consumer behavior has developed in many dimensions in the past decade. A number of models have been developed to determine the factors leading to satisfaction; however, within the past few years, scholars have proved that satisfaction is not sufficient to leave a strong mark in the minds of the customers. Service quality and customer delight have been the buzzwords in the business world in recent times as scholars have proven that customer delight is the key to customer retention. The Handbook of Research on the Interplay Between Service Quality and Customer Delight considers how companies around the world in a cross-cultural environment are dealing with service quality and customer delight and proposes a global outlook on the current trends, tactics, and opportunities. Covering key topics such as buyer funnels, consumer dissonance, and digital solutions, this reference work is ideal for business owners, managers, industry professionals, researchers, scholars, practitioners, academicians, instructors, and students.

Schooling the National Imagination Shalini Advani, 2009-09-02 What is the nature of textbooks produced by a postcolonial society and how do they shape the national citizen? How do they define social roles in society, and influence the way people look at themselves and others? In what way do textbooks reflect the framing visions about societal change? By exploring how language is critical to the development of a postcolonial nation and its shifting responses to global modernity, *Schooling the National Imagination* reflects on these profoundly important questions. Discussing the national education policy in general and the English language policy in particular, Shalini Advani tracks the inner dilemmas of a postcolonial society like India and the troubled history of its language politics. She looks at state-produced school textbooks, traces how English curriculum both reflects and constructs identity in particular ways, and examines classroom practice in schools. Advani goes on to consider the ways in which ideology shapes pedagogic practice, and how classroom transactions define the meaning of what is taught. Sensitive to theoretical discussions on how power and culture are made visible in textbooks and practice, the book moves between study of policy, textbooks, and classroom ethnography to provide a richly textured account of what language education does.

Research Methods in Indigenous Contexts Arnold Groh,2018-02-02 This forward-looking resource offers readers a modern contextual framework for conducting social science research with indigenous peoples. Foundational chapters summarize current UN-based standards for indigenous rights and autonomy, with their implications for research practice. Coverage goes on to detail minimally-invasive data-gathering methods, survey current training and competency issues, and consider the scientist's role in research, particularly as a product of his/her own cultural background. From these guidelines and findings, students and professionals have a robust base for carrying out indigenous research that is valid and reliable as well as respectful and ethical. Among the topics covered: · Cultural theories and cultural dominance. · The legal framework of research in indigenous contexts. · The role of language within indigenous peoples' cultural rights. · Methodology: how to optimally collect data in the field. · Researchers' influence and philosophy of science. · Learning how to prepare research in indigenous contexts. *Research Methods in Indigenous Contexts* is an important reference benefitting a wide audience, including students and researchers in the social sciences, humanities, and psychology; decision-makers of NGOs and GOs that act with regard to humanitarian aid, for tourism projects, or any other contingency with indigenous contexts; and policymakers interested in the aspects of human activity upon which indigenous cultural concerns are based.

A Safer Future National Research Council,Division on Earth and Life Studies,Commission on Geosciences, Environment and Resources,U.S. National Committee for the Decade for Natural Disaster Reduction,1991-02-01 Initial priorities for U.S. participation in the International Decade for Natural Disaster Reduction, declared by the United Nations, are contained in this volume. It focuses on seven issues: hazard and risk assessment; awareness and education; mitigation; preparedness for emergency response; recovery and reconstruction; prediction and warning; learning from disasters; and U.S. participation internationally. The committee presents its philosophy of calls for broad public and private participation to reduce the toll of disasters.

Totto-Chan Tetsuko Kuroyanagi,2012-03-23 This engaging series of childhood recollections tells about an ideal school in Tokyo during World War II that combined learning with fun, freedom, and love. This unusual school had old railroad cars for classrooms, and it was run by an extraordinary man-its founder and headmaster, Sosaku Kobayashi--who was a firm believer in freedom of expression and activity. In real life, the Totto-chan of the book has become one of Japan's most popular television personalities--Tetsuko Kuroyanagi. She attributes her success in life to this wonderful school and its headmaster. The charm of this account has won the hearts of millions of people of all ages and made this book a runaway bestseller in

Japan, with sales hitting the 4.5 million mark in its first year.

The Trip of Le Horla Guy de Maupassant,2023-03-08 Have you ever experienced a hot air balloon ride? This short story describes a trip from Paris to Belgium taken by the popular French author Guy de Maupassant. Describing in detail every sight and sound, he takes readers on a balloon ride like no other. The three crew members and three passengers watch the sunset and moonrise and experience the threat of a looming storm. Views of Paris and the beautiful French and Belgian countryside below are also eloquently brought to life. 'The Trip of Le Horla' (1887) is perfect for fans of his short stories and readers of 19th-century travel books. Guy de Maupassant (1850-1893) was a famous French writer, best known as one of the finest practitioners of the short story. Master of style and dramatic narrative, Maupassant's stories are mainly interested in the relationships between men and women, often found at the crossroads of life. One of his greatest influences was Gustave Flaubert, who introduced him to some of the central names of the time, such as Émile Zola, Henry James, and Ivan Turgenev. Some of his best-known works include the novels *Bel Ami* and *Une Vie*, more than 300 short stories, travel books, and even an attempt at poetry. 'Bel Ami' was made into a film in 2012, starring Uma Thurman, Robert Pattinson, and Kristin Scott Thomas.

The Emanations Pradeepkumar K,2018-01-24 This book chronicles the development of Eco criticism in Malayalam literature in the context of three well known novels, viz. Nelli, Marakappile Theyyanganal, and Aathi. Until the last decade of the previous century, ecological concerns were unknown to the society in general. Malayalam literary world was largely preoccupied with its own overemphasized themes. But with much concentration on infrastructure development and the unprecedented development of the service sector, the inevitable conflict between nature and culture, between the common people and development managers became the order of the day. In the mid-1980s and early 90s, there has been a substantial growth in environmental literary studies. This book examines the shift happened in literature from its preoccupation with the 'human' in nature to a concern for the nonhuman nature. With full acknowledgement of the influence of earlier eco critical texts published in the language, this book seeks to study in detail, how the above mentioned novels can be called in as prototypical of a new sensibility that has just made its presence felt in Malayalam literary scenario. Literary Eco criticisms, of which these novels are proper representations, depicts the struggles undertaken by the people for their right to land, water and air and at the same time engender resistance movements elsewhere. Such a study needs to be historically located within the large compass of literature. Eco criticism is motivated by environmental praxis in as much it seeks literary representations of physical nature.

International Perspectives on Bilingual Education John E. Petrovic,2010-06-01 This book is a defense of linguistic pluralism and language policies and practices in education that sustain that ideal. Educational meanings and models are influenced by different populations and different social and historical contexts. International comparisons can shed interesting light on the issues. Therefore, the purpose of the book is to provide scholars an international comparative understanding of language policy, its relation to educational practice, and current debates within the field. The book is divided into three sections dealing with the general topical areas of policy, practice, and controversy. This book will be of interest to policy-makers, scholars, and graduate students in the areas of bilingual education, language policy, and sociolinguistics.
