Borders and the Politics of Space in Late Medieval Italy Luca Zenobi.2023-08 Space matters. It situates our history, structures our daily lives, and often determines what we can and cannot do. Borders are central to this reality. Tools and symbols of separation, power, and identity, they bring people together as much as they set them apart. This book explores how borders were understood, made, and encountered at the end of the Middle Ages, and what they can tell us about the spatial fabric of society at the threshold of modernity. It shows that pre-modern borders were nothing like the fuzzy lines they are typically made out to be, that border-making was rarely a top-down process and should instead be studied as an interactive endeavour, and that space was shaped by communities far more than states in this period. At its core, *Borders and the Politics of Space in Late Medieval Italy* is the account of a frontier which would mark the Italian peninsula for centuries, that between the territories of the Duchy of Milan and those of the Republic of Venice. But it is also a study of how rulers and subjects alike defined spaces they could call their own. Luca Zenobi combines methods from several disciplines and applies them to a range of evidence from twenty different libraries and archives, including theoretical treatises and pragmatic records, written chronicles and cartographic visualisations, private documents and official correspondence. The cast of characters is equally eclectic, featuring influential thinkers and pragmatic statesmen, zealous factions and clumsy bureaucrats, hopeless beggars and ambitious princes. On the border, their stories intersect and reveal their part in a shared history.

Le ali degli angeli Gigliola Ferrucci.2013-02-12 Il presente testo affronta il tema dell'Angelologia studiando la Cabalà, le lettere ebraiche che compongono il nome di ognuno dei 72 Angeli e proponendo una spiegazione del carattere, dei talenti e dei difetti appartenenti a tutte le persone nate sotto l'influenza di ogni Angelo specifico. Inoltre ci sono capitoli introduttivi e di spiegazione sui Fiori di Bach, Fiori Australiani, Pietre, Aromaterapia e colori in quanto rimedi consigliati per creare un collegamento diretto con la propria energia Angelica specifica. Questi rimedi hanno la capacità, se usati in sinergia tra loro e con l'intenzione profonda della persona, di eliminare tutte quelle ostruzioni energetiche, psicologiche ed emotive che

impediscono di contattare il flusso di energia del proprio Angelo, precludendo così le possibilità di sviluppo più profonde della persona.

Why Italy Entered Into the Great War, by Luigi Carnovale Luigi Carnovale.1917 In English and Italian, with special t.p. in Italian: Perché l'Italia è entrata nella grande guerra ...

Peasants and Soldiers Giulio Ongaro.2016-11-03 Early-modern Venice is predominantly remembered as a maritime power, yet historians have become increasingly interested in its political and military aspirations within the Italian mainland. Adding to the growing literature on this subject, Giulio Ongaro's book addresses the practical management of the Venetian military apparatus in this period. Focusing on two provinces - Vicenza and Brescia - he interrogates a broad spectrum of primary source documents produced by these rural communities that illuminate Venetian military activities between the mid-sixteenth century and the end of the War of Candia in 1670. From the production of the saltpeter, the construction of the fortresses, the supplying and the training of the rural militia and the quartering of troops, this book shows how essential military activities were managed and overseen at the local level. In so doing, it demonstrates how local autonomy over the management of Venetian military apparatus - particularly from an economic point of view - did not necessarily conflict with wider, ongoing processes of state building or moves towards the centralization of particular public functions. Indeed the state appeared to encourage local élites (initially urban, then rural) to take a leading role in overseeing the localised management of military tasks. The result was a system that both supported the resilience of the local economy (both public and private), and which strengthened and improved the Republic's military assets, allowing it to remain the only Italian state free from the domination of European monarchies.

Semitic and Assyriological Studies Pelio Fronzaroli.2003 This substantial volume comprises almost fifty Semitic and Assyriological studies dedicated to Pelio Fronzaroli, professor of Semitic philology at the University of Florence, written by colleagues and pupils.

«Par deviers Rome m'en revenrai errant» Autori Vari.2017-08-02T00:00:00+02:00 Il volume raccoglie gli atti del XXème Congrès International de la Société Rencesvals pour l'étude des épopées romanes (Sapienza - Università di Roma, 20-24 luglio 2015) e presenta lo stato dell'arte e le ricerche in corso sull'epica romanza medievale propriamente detta, sulla sua posterità nell'età moderna e sulla produzione non romanza a essa correlata, offrendo un panorama ricco – se non completo – degli attuali orientamenti scientifici e dei risultati raggiunti. Per il congresso di Roma – cui hanno preso parte studiosi provenienti dall'Europa, dal Nord e dal Sud America e dall'Africa – sono stati proposti i seguenti temi: I. Rome et l'Italie dans

les chansons de geste; II. Phénomènes de cyclisation: grandes et petites gestes; III. Le XVe siècle: proses et renouvellements; IV. L'histoire des recherches sur la matière de France; a questi si aggiungono gli interventi raccolti nella sezione Varia.

Oltre il confine Cormac McCarthy.2012-09-04 «Perché McCarthy è stato spesso paragonato a William Faulkner, a Mark Twain, a Herman Melville? La risposta sta tutta in Oltre il confine : perché al pari di questi autori, scrive magnificamente. Oltre il confine è un miracolo in prosa». «The New York Times Book Review»

Come ombre nelle tenebre Paolo Piccoli.2021-06-03 La tranquillità di un piccolo centro rurale viene scossa da una efferata e sanguinosa rapina in villa. Stesa a terra non rimane la vittima prescelta, bensì uno dei predoni, sospettato di appartenere a una delle tante bande che scorrazzano nel Bel Paese nella quasi assoluta impunità. Gerry Donati, un investigatore privato, viene incaricato di recuperare il cospicuo bottino che i compari del morto sono riusciti a portar via. Con l'ausilio di un singolare collaboratore, indaga mettendo a nudo vizi e debolezze di una società perbenista e tranquilla solo in apparenza, scoprendo scomode e insospettabili verità. La vicenda si svolge nella cornice della ricca provincia veneta, nella quale i radicati costumi locali si intrecciano con le problematiche ormai globali dei nostri tempi.

Homelands Nadav G. Shelef.2020-07-15 Why are some territorial partitions accepted as the appropriate borders of a nation's homeland, whereas in other places conflict continues despite or even because of division of territory? In Homelands, Nadav G. Shelef develops a theory of what homelands are that acknowledges both their importance in domestic and international politics and their change over time. These changes, he argues, driven by domestic political competition and help explain the variation in whether partitions resolve conflict. Homelands also provides systematic, comparable data about the homeland status of lost territory over time that allow it to bridge the persistent gap between constructivist theories of nationalism and positivist empirical analyses of international relations.

Less than Nations Giuseppe Motta.2014-03-25 Less than Nations: Central-Eastern European Minorities after WWI represents the result of research that the author has carried over recent years, and was facilitated by the 2008 PRIN project (Programmi di Ricerca di Rilevante Interesse Nazionale) and the 2010 Sapienza Research funds. The book analyses the conditions of national minorities after World War I, when the geo-political map of Central-Eastern Europe was redefined by international diplomacy. The new settlements were based on the principle of national self-determination and were

conditioned by the geographic reality of Central-Eastern Europe, where states and nations rarely coincided. As a consequence, the minority question emerged as one of the most troublesome issues during the interwar period, and affected international relations and the internal conditions of many states. The minority question was discussed by historiography and by international observers, and became an integral part of the system which was centred around the League of Nations. This work begins with the study of the relationships between the states and their minorities, and of the international dimension of this question, which animated the fight between revisionist and anti-revisionist states. The documents of the Italian Army's General Staff and of the League of Nations represent the main historical sources of this book, which carries out a complete study of the difficult situation of 1918-1920, when the new states annexed many "contested regions" within their frontiers, and of the numerous controversies concerning the application of international treaties and national regulations in relation to the protection of minorities. The second volume of the book analyses some special aspects of this question and focuses on the interpretation of some particular cases, which had an outstanding role in the definition of the international framework. The massacres of the Armenians in the Ottoman Empire and of the Jews in Eastern Europe, for example, alarmed the international community and contributed to the 1919 "emergency" of minority rights. The role of Kin States such as Germany and Hungary, instead, characterized the entire interwar period and conditioned the stability of Europe and the League of Nations. Finally, special cases like those of Slovakia and Bosnia are also helpful in understanding the ideas of nation and minority, and how conceptualisations of the latter have changed throughout the last century.

Alle pendici dei Colli Albani / On the slopes of the Alban Hills Agnese Livia Fischetti, Peter Attema.2019-06-01 This volume results from the conference Between Appia and Latina, Settlement Dynamics and Territorial Development on the Slopes of the Alban Hills, held at the Royal Dutch Institute at Rome (KNIR) in February, 2017. It contains 23 methodological, thematic and material culture studies on the historical topographical reconstruction of the Alban Hills in Antiquity with a focus on the area of contact with the suburbium of Rome. Papers present both data from new research and results of research done in the past. In the initiative a range of research institutions partook (foreign Institutes at Rome, Universities, Archaeological Services) and independent researchers stimulating the exchange of current knowledge of this small, but important part of the Campagna Romana.

Il confine orientale Giorgio Federico Siboni.2012-01-31 Il confine orientale può essere considerato come uno spazio in cui per secoli si sono intrecciate e sovrapposte molteplici frontiere, di natura politica, culturale, religiosa e infine nazionale. Un luogo non solo fisico, in quanto parte dell'Adriatico e in sostanza limine fra la penisola italiana e quella balcanica, ma anche cesura tra l'Europa occidentale e quella orientale in senso generico. Proprio in quanto superficie di rottura, il confine

orientale rimane certamente un nodo caratteristico nella storia d'Italia. Collocato geograficamente dalle sponde del fiume Isonzo alla displuviale alpina orientale, racchiude il Carso (triestino e goriziano) e la penisola istriana sino a Fiume e al litorale dalmata con i suoi arcipelaghi di isole fino a Cattaro. In esatta sintonia con i numerosi contrasti confinari avvenuti in Europa fra la seconda metà del XIX secolo e la prima del XX, la storia del confine orientale italiano perdura come tentativo emblematico di fissare all'interno di una regione multiforme ed eterogenea per vicende e popoli una frontiera egemonica. Limite mutevole perché sempre fissato su termini ideologici e proprio per questo di perpetua ardua demarcazione. Nel più generale panorama storiografico sulla questione, il volume intende porsi quale strumento accessibile anche a un pubblico non specialistico interessato alle tematiche istriano-dalmate. Dalla pace di Campoformio ai fermenti irredentisti di fine Ottocento, dalle rivendicazioni seguite alla Grande guerra sino alla politica fascista e all'esodo giuliano, il saggio approfondisce lo scenario diplomatico internazionale con le sue implicazioni - prima e dopo - la Seconda guerra mondiale per seguire (grazie a una ricca messe di riferimenti bibliografici italiani e stranieri) l'evolversi delle contese per la definizione confinaria. L'autore considera i molti aspetti endogeni ed esogeni in costante azione nell'area considerata, giungendo all'epoca più recente, dopo la crisi della Jugoslavia, ed esaminando i rapporti con l'Unione europea, la cooperazione interstatale e la politica culturale in atto fra Italia, Slovenia e Croazia.

Italia, Portogallo, Brasile: un incontro di storia, lingua e letteratura attraverso i secoli Sonia Netto Salomão, Giorgio de Marchis, Simone Celani.2014-10-18 I contributi riuniti nel volume, presentati per la prima volta in occasione del I Convegno dell' AISPEB (Associazione di Studi Portoghesi e Brasiliani), tenutosi nel 2012 presso le sedi dell'Università di Roma "La Sapienza" e dell'Università di Roma Tre, offrono un panorama di temi, linguistici e letterari, legati sia al contesto portoghese che a quello brasiliano. I saggi d'argomento letterario rinnovano il contributo italiano allo studio della letteratura luso-brasiliana, rimanendo nel solco di una tradizione nazionale ricca di spunti, che ha visto arrivare proprio dall'Italia alcuni contributi storici, filologici ed ermeneutici tuttora indispensabili per comprendere l'opera dei maggiori autori di lingua portoghese. I saggi di argomento linguistico sintetizzano invece alcuni dei risultati prodotti dalle cattedre di lingua, di recente istituzione in Italia, privilegiando in particolar modo tematiche legate al binomio lingua-traduzione.

Commedia Di Dante Alighieri Dante Alighieri.1870

The Nakfa Documents Anthony D'Avray,Richard Pankhurst.2000 Anyone interested in the history of Eritrea, Ethiopia, or Italian and British Imperialism will learn much from this book. It gives the full texts of the treasure-house of unpublished documents on which the same author's Lords of the Red Sea was based. These documents were produced at the end of the 19th century by the Italian administrators in Eritrea who dealt with the local nomads. These young officers became intrigued by the society and history of the highly developed Habab tribe, even as they became part of that history, replacing loose hegemony with direct sovereignty. Their records document not only their own important role in the Scramble for Africa but also the whole culture and historical memory of a fascinating society.

The History of the Papal States, from Their Origin to the Present Day John Miley (D.D.).1850

Il confine Luca Bartolomei.2015-02-17 Il confine tra da un lato la possibilità di una vita fatta di mediocrità e di acritica omologazione al pensiero comune, mentre dall'altro c'è la scelta di seguire le proprie aspirazioni, senza però mai dimenticare di metterle in discussione ascoltando gli altrui pareri. Le vite dei personaggi di questa storia, in apparenza surreale, si muovono lungo questo confine, finendo alle volte per incrociarsi mentre attraversano questo stesso confine. Le conseguenze derivanti dagli incontri che i personaggi fanno nella terra di nessuno disegnata dal confine, portano questi ultimi a fare scelte diverse che però finiscono per legare sempre più strettamente le loro vite.

Treaties and Other International Acts Series United States.1947

Der Lange Türkenkrieg (1593-1606) Bruno Mugnai,Christopher Flaherty.2014-09-23 After more than half-a-century of wars in Hungary, the conflict between the Habsburgs and the Sublime Porte explodes in 1593, after a series of border incidents. The confrontation was soon regarded as crucial by both sides, also involving the neighbouring states in a complex and ruthless game of diplomacy and betrayal. The organization and the equipment of the various armies of the protagonists of those campaigns are treated together, along with the military operations, and the warfare of the first modern conflict in Eastern Europe.
