Manifest Destiny and Mission in American History Frederick Merk, Lois Bannister Merk. 1995 Before this book first appeared in 1963, most historians wrote as if the continental expansion of the United States were inevitable. What is most impressive, Henry Steele Commager and Richard Morris declared in 1956, is the ease, the simplicity, and seeming inevitability of the whole process. The notion of inevitability, however, is perhaps only a secular variation on the theme of the expansionist editor John L. O'Sullivan, who in 1845 coined one of the most famous phrases in American history when he wrote of our manifest destiny to overspread the continent allotted by Providence for the free development of our yearly multiplying millions. Frederick Merk rejected inevitability in favor of a more contingent interpretation of American expansionism in the 1840s. As his student Henry May later recalled, Merk loved to get the facts straight. --From the Foreword by John Mack Faragher

**A History of Modern Psychology in Context** Wade Pickren,Alexandra Rutherford.2010-02-19 A fresh look at the history of psychology placed in its social, political, and cultural contexts A History of Modern Psychology in Context presents the history of modern psychology in the richness of its many contexts. The authors resist the traditional storylines of great achievements by eminent people, or schools of thought that rise and fall in the wake of scientific progress. Instead, psychology is portrayed as a network of scientific and professional practices embedded in specific temporal, social, political, and cultural contexts. The narrative is informed by three key concepts—indigenization, reflexivity, and social constructionism—and by the fascinating interplay between disciplinary Psychology and everyday psychology. The authors complicate the notion of who is at the center and who is at the periphery of the history of psychology by bringing in actors and events that are often overlooked in traditional accounts. They also highlight how the reflexive nature of Psychology—a science produced both by and about humans—accords history a prominent place in understanding the discipline and the theories it generates. Throughout the text, the authors show how Psychology and psychologists are embedded in cultures that indelibly shape how the discipline is defined and practiced, the kind of knowledge it creates, and how this knowledge is received. The text also moves beyond an exclusive focus on the development of North American and European psychologies to explore the development of psychologies in other indigenous contexts, especially from the mid-20th-century onward.

Art History Marilyn Stokstad,Michael W. Cothren.2013-01-09 The most student-friendly, contextual, and inclusive survey is now personalized, digital, and mobile for today's students. Art History, 5/e continues to balance formal analysis with contextual art history in order to engage a diverse student audience. Authors Marilyn Stokstad and Michael Cothren, both scholars as well as teachers, share a common vision that survey courses should be filled with as much enjoyment as learning, and that they should foster an enthusiastic, as well as an educated, public for the visual arts. This revision is the strongest and most comprehensive learning program for measuring student progress and improving student success in attaining the

outcomes and goals of the art history survey course. **Indigenous Children's Survivance in Public Schools** Leilani Sabzalian.2019-02-26 Indigenous Children's Survivance in Public Schools examines the cultural, social, and political terrain of Indigenous education by providing accounts of Indigenous students and educators creatively navigating the colonial dynamics within public schools. Through a series of survivance stories, the book surveys a range of educational issues, including implementation of Native-themed curriculum, teachers' attempts to support Native students in their classrooms, and efforts to claim physical and cultural space in a school district, among others. As a collective, these stories highlight the ways that colonization continues to shape Native students' experiences in schools. By documenting the nuanced intelligence, courage, artfulness, and survivance of Native students, families, and educators, the book counters deficit framings of Indigenous students. The goal is also to develop educators'

anticolonial literacy so that teachers can counter colonialism and better support Indigenous students in public schools.

**When We Fight, We Win** Greg Jobin-Leeds, AgitArte. 2016-01-05 Real stories of hard-fought battles for social change, told by those on the front lines—with clear lessons and tips for activists on gaining power from the ground up “As protests and demonstrations sprout across the land, young organizers and activists need to know why and how movements are sustained and how they grow. That resource has arrived.” —Mumia Abu-Jamal, author and activist In this visually rich and deeply inspiring book, the leaders of some of the most successful movements of the past decade—from the legalization of same-sex marriage to the Black Lives Matter movement—distill their wisdom, sharing lessons of what makes transformative social change possible. Longtime social activist Greg Jobin-Leeds joins forces with AgitArte, a collective of artists and organizers, to capture the stories, philosophy, tactics, and art of today’s leading social movements. *When We Fight, We Win!* weaves together interviews with today’s most successful activists and artists from across the country and beyond—including Patrisse Cullors, Bill McKibben, Clayton Thomas-Muller, Karen Lewis, Favianna Rodriguez, Rea Carey, and Gaby Pacheco, among others—with narrative recountings of their inspiring strategies and campaigns alongside full-color photos. It includes a foreword by Rinku Sen and an afterword by Antonia Darder. The recent nationwide explosion of protests has shown the power the people have when we join together with a common goal and compelling message. *When We Fight, We Win!* will give a whole generation of readers the road map to building resilient movements that can achieve real social justice.

**Pink and Say** Patricia Polacco. 1994-09-15 When Sheldon Russell Curtis told this story to his daughter, Rosa, she kept every word in her heart and was to retell it many times. I will tell it in Sheldon's own words as nearly as I can. He was wounded in a fierce battle and left for dead in a pasture somewhere in Georgia when Pinkus found him. Pinkus' skin was the color of polished mahogany, and he was flying Union colors like the wounded boy, and he picked him up out of the field and brought him to where the black soldier's mother, Moe Moe Bay, lived. She had soft, gentle hands and cared for him and her Pink. But the two boys were putting her in danger, two Union soldiers in Confederate territory! They had to get back to their outfits. Scared and uncertain, the boys were faced with a hard decision, and then marauding Confederate troops rode in. In this Civil War story passed from great-grandfather to grandmother, to son, and finally to the author-artist herself, Patricia

Polacco once again celebrates the shared humanity of the peoples of this world.

**Monterrey Is Ours!** Napoleon Tecumseh Dana.2021-12-14 Here we are on the banks of the Nueces in the grand camp of the army of occupation. So wrote Lt. Napoleon Jackson Tecumseh Dana when in 1845, not many months before the outbreak of the Mexican War, he joined the white-tented encampment of General Zachary Taylor in Texas. And so he continued writing during the uncertain life of camp and campaign for the better part of the next two years. In these letters to his wife, published here for the first time, Dana provides a detailed, firsthand view of the United States' war with Mexico—fighting off the Mexicans from within Fort Brown during the initial attack; hearing the distant thunder of artillery as Taylor's army marched to the rescue of the beleaguered Seventh Infantry; occupying Matamoros; taking Monterrey, street by street with the defenders firing from the housetops. After Monterrey, Dana was at the siege of Veracruz and on the march to Cerro Gordo. Badly wounded in the attack on Telegraph Hill at Cerro Gordo, he was left on the field for dead, but was rescued by a burial party a day and a half later. Following the Mexican War, Dana went on to become a major general during the Civil War and later to have an illustrious career as a railroad executive. Nearly one hundred of his letters about the Mexican War survived and are now in the archives at West Point. From them Robert Ferrell has edited this vivid, eyewitness narrative.

**Making Conversation** Fred Dust.2020-12-01 A former Senior Partner and Global Managing Director at the legendary design firm IDEO shows how to design conversations and meetings that are creative and impactful. Conversations are one of the most fundamental means of communicating we have as humans. At their best, conversations are unconstrained, authentic and open—two or more people sharing thoughts and ideas in a way that bridges our individual experiences, achieves a common goal. At their worst, they foster misunderstanding, frustration and obscure our real intentions. How often do you walk away from a conversation feeling really heard? That it moved the people in it forward in some important way? You're not alone. In his practice as a designer, Fred Dust began to approach conversations differently. After years of trying to broker communication between colleagues and clients, he came to believe there had to a way to design the art of conversation itself with intention and purpose, but still artful and playful. Making Conversation codifies what he learned and outlines the seven elements essential to successful exchanges: Commitment, Creative Listening, Clarity, Context, Constraints, Change, and Create. Taken together, these seven elements form a set of resources anyone can use to be more deliberate and purposeful in making conversations work.

Global Voices Joseph O'Beirne Milner,Carol Ann Pope.1994 This book presents essays that reflect the dialogue and the spirit of conversation of the 1990 International Federation for the Teaching of English (IFTE) Conference in Auckland, New Zealand. The book begins with some of the impressions of the IFTE conference held by the classroom teachers, school administrators, writers, and scholars who attended it. Language diversity in the classroom is the focus of several essays in the second part of the book. Each essay in the second part of the book is followed by a response. The pairing of essays

continues in the third section of the book, where issues such as who controls curricula and who sets the standards for curricula are addressed. The third part of the book also discusses national curriculum movements in New Zealand and the United Kingdom; English as a Second Language pedagogies; and international underpinnings of the whole language movement. The initial essay in each set is a response to a paper presented at the conference; the second is the original presenter's reply to the author of the first essay. The fourth part of the book presents essays about the history and future of IFTE conferences, looking forward especially to the 1995 conference to be held in New York City. (RS)

**The Onward Workbook** Elena Aguilar. 2018-05-08 An empowering journey that keeps great teachers in the classroom The Onward Workbook is a collection of tools and strategies that help teachers banish the burnout and cultivate true resilience. Keyed to the framework presented in Onward, this companion piece augments the text with practical exercises, coaching, and step-by-step walkthroughs of beneficial practices. Deep introspection allows you to verbalize your feelings, name your challenges, and identify the tools you have and the tools you need—from there, you'll explore each of the 12 Key Habits and learn how to put them into practice every day. In cultivating resilience within yourself and your teaching practice, you improve your health, your outlook, and your relationships while building an environment in which every child succeeds. This workbook takes you on a journey of specific self-discovery that changes your perspective, renews your confidence, and empowers you to make the much-needed changes that allow you to continue inspiring young minds. Dig deeper within to discover what you're truly made of Decode complex emotions, body language, and nonverbal communications Challenge your beliefs, build community, and navigate difficult interactions Learn more, feel more, play more, and practice effective self-care Resiliency is an underrated skill—one that can make all the difference in our schools. Challenges will always arise, but it is your response that dictates the outcome. Can you think of a more important lesson for your students? When some 70 percent of teachers quit within their first five years, it is clear that changes must be made. The Onward Workbook equips you to make the changes that you can, and flourish into the future. While this book can be used by individuals, it is also designed so that groups, teams, departments, or an entire staff can take up the learning together. There are specific suggestions in the workbook for using this with a group, and educators will reap even more reward from discussing the practices and experiences with colleagues.

shaping the role of universities in nation-states, and vice versa, and discusses when universities are societal leaders or followers-in promoting a civil society, facilitating talent mobility, in researching challenging social problems, or in reinforcing and supporting an existing social and political order--

Blood on the Border Roxanne Dunbar-Ortiz.2016-08-03 Human rights activist and historian Roxanne Dunbar-Ortiz has been described as “a force of nature on the page and off.” That force is fully present in *Blood on the Border*, the third in her acclaimed series of memoirs. Seamlessly blending the personal and the political, *Blood on the Border* is Dunbar-Ortiz’s firsthand account of the decade-long dirty war pursued by the Contras and the United States against the people of Nicaragua. With the 1981 bombing of a Nicaraguan plane in Mexico City—a plane Dunbar-Ortiz herself would have been on if not for a delay—the US-backed Contras (short for los contrarrevolucionarios) launched a major offensive against Nicaragua’s Sandinista regime, which the Reagan administration labeled as communist. While her rich political analysis of the US-Nicaraguan relationship bears the mark of a trained historian, Dunbar-Ortiz also writes from her perspective as an intrepid activist who spent months at a time throughout the 1980s in the war-torn country, especially in the remote northeastern region, where the Indigenous Miskitu people were relentlessly assailed and nearly wiped out by CIA-trained Contra mercenaries. She makes painfully clear the connections between what many US Americans today remember only vaguely as the Iran-Contra “affair” and ongoing US aggression in the Americas, the Middle East, and around the world—connections made even more explicit in a new afterword written for this edition. A compelling, important, and sobering story on its own, *Blood on the Border* offers a deeply informed, closely observed, and heartfelt view of history in the making.
