**The Difficulty of Being** Jean Cocteau.2013-05-28 Reflections on life and art from the legendary filmmaker-novelist-poet-genius. By the time he published *The Difficulty of Being* in 1947, Jean Cocteau had produced some of the most respected films and literature of the twentieth century, and had worked with the foremost artists of his time, including Proust, Gide, Picasso and Stravinsky. This memoir tells the inside account of those achievements and of his glittering social circle. Cocteau writes about his childhood, about his development as an artist, and the peculiarity of the artist's life, about his dreams, friendships, pain, and laughter. He probes his motivations and explains his philosophies, giving intimate details in soaring prose. And sprinkled throughout are anecdotes about the elite and historic people he associated with. Beyond illuminating a truly remarkable life, *The Difficulty of Being* is an inspiring homage to the belief that art matters.

**The Empire Stops Here** Philip Parker.2010 The Roman Empire was the largest and most enduring of the ancient world. From its zenith under Augustus and Trajan in the first century AD to its decline and fall amidst the barbarian invasions of the fifth century, the Empire guarded and maintained a frontier that stretched for 5,000 kilometres, from Carlisle to Cologne, from Augsburg to Antioch, and from Aswan to the Atlantic. Far from being at the periphery of the Roman world, the frontier played a crucial role in making and breaking emperors, creating vibrant and astonishingly diverse societies along its course which pulsed with energy while the centre became enfeebled and sluggish. This remarkable new book traces the course of those frontiers, visiting all its astonishing sites, from Hadrian's Wall in the north of Britain to the desert cities of Palmyra and

Leptis Magna. It tells the fascinating stories of the men and women who lived and fought along it, from Alaric the Goth, who descended from the Danube to sack Rome in 410, to Zenobia the desert queen, who almost snatched the entire eastern provinces from Rome in the third century. It is at their edges, in time and geographical extent, that societies reveal their true nature, constantly seeking to recreate and renew themselves. In this examination of the places that the mighty Roman Empire stopped expanding, Philip Parker reveals how and why the Empire endured for so long, as well as describing the rich and complex architectural and cultural legacy which it has bequeathed to us.

Culture Wilfried Wang.2013 Analyzes the impact of cultural interventions on urban society from the point of view of artists, architects, and scientists. Does culture today still function as a guiding principle, or does it merely serve as a catalyst for spectacular buildings? Are the creative and cultural sectors the industries of the future in postindustrial societies?

**The French Parnassian Poets** Robert Thomas Denomme.1972 Robert T. Denomme, who has written extensively on French literature, here offers a companion volume to his Nineteenth-Century French Romantic Poets, previously published in this series. Once again working within an historical, philosophical, and aesthetic context, he provides a wealth of critical insights for the general reader as well as the specialist.His first chapter surveys the evolution of poetic expression in France, and succeeding chapters study the major poetsTheophile Gautier, Theodore de Banville, Leconte de Lisle, and Jose-Maria de Heredia.Incise and concise, the book provides a good general introduction to, and a long-overdue reassessment of, French Parnassianism.

**Fragonard's Allegories of Love** Andrei Molotiu, Sterling and Francine Clark Art Institute.2007 Jean-Honoré Fragonard (1732-1806) was a French painter whose late manner is distinguished by remarkable facility, exuberance, and hedonism. A prolific artist, Fragonard produced more than 550 paintings. The J. Paul Getty Museum's Fragonard masterpiece, The Fountain of Love, is part of a series of his most striking works called the Allegories of Love, exquisite paintings that convey an atmosphere of intimacy and eroticism. This lavishly illustrated book compares and analyzes the compositions, iconography, and sources of the Allegories in the context of ancien régime Preromanticism. The author discusses the transcendental aspect of love in the Allegories and the concept of Romantic love and painting on the eve of the French Revolution. The book accompanies Consuming Passion: Fragonard's Allegories of Love, an exhibition of the artist's work that opens at the Sterling and Francine Clark Art Institute on October 28, 2007, and at the J. Paul Getty Museum on February 12, 2008.

**Rembrandt and the Female Nude** Eric Jan Sluijter, Rembrandt Harmenszoon van Rijn. 2006 Rembrandt's extraordinary paintings of female nudes—Andromeda, Susanna, Diana and her Nymphs, Danaë, Bathsheba—as well as his etchings of nude women, have fascinated many generations of art lovers and art historians. But they also elicited vehement criticism when first shown, described as against-the-grain, anticlassical—even ugly and unpleasant. However, Rembrandt chose conventional subjects, kept close to time-honored pictorial schemes, and was well aware of the high prestige accorded to the depiction of the naked female body. Why, then, do these works deviate so radically from the depictions of nude women by other artists? To answer this question Eric Jan Sluijter, in *Rembrandt and the Female Nude*, examines Rembrandt's paintings and etchings against the background of established pictorial traditions in the Netherlands and Italy. Exploring Rembrandt's intense dialogue with the works of predecessors and peers, Sluijter demonstrates that, more than any other artist, Rembrandt set out to incite the greatest possible empathy in the viewer, an approach that had far-reaching consequences for the moral and erotic implications of the subjects Rembrandt chose to depict. In this richly illustrated study, Sluijter presents an innovative approach to Rembrandt's views on the art of painting, his attitude towards antiquity and Italian art of the Renaissance, his sustained rivalry with the works of other artists, his handling of the moral and erotic issues inherent in subjects with female nudes, and the nature of his artistic choices.

**The Library of Lactantius** Robert Maxwell Ogilvie. 1978 Lactantius has always commanded respect and admiration for his Latinity, but of his numerous works on various subjects only his Christian writings survive. He lived (c. AD 240-320) in an age of bureaucracy, inflation and narrow-minded ideology when civilized men had lost confidence in their world and when powerful forces were threatening the very existence and freedom of the Roman way of life. At such a time of crisis, with all the resources of the classical inheritance behind him, he turned to the god of the Christians. This makes his writing all the more significant for us today. Lactantius was not a great thinker, but he is very representative of his times, and he is perhaps the most Classical of all early Christian writers. This study provides a detailed analysis of his literary background and of the books that he actually read.

*Making it New* Yale University. Art Gallery.2007 Gerald and Sara Murphy took Paris by storm in the 1920s, inserting themselves into the avant-garde circles of dance, music, and art. Lively and engaging, *Making It New* sheds new light on the European fascination with the Murphys and provides key insights into their life and art.--Cecile Whiting, author of *Pop L.A.: Art and the City in the 1960s* By telling and retelling the story of the Murphys from various viewpoints, *Making It New* aims to be the first comprehensive study of their contribution to Modern Art. This book should be of wide interest to both scholars and general readers.--Elizabeth Hutton Turner, author of *Americans in Paris: Man Ray, Gerald Murphy, Stuart Davis, Alexander Calder*

**Letters of a Peruvian Woman** Françoise de Graffigny.2009-01-08 'It has taken me a long time, my dearest Aza, to fathom the cause of that contempt in which women are held in this country ...' Zilia, an Inca Virgin of the Sun, is captured by the Spanish conquistadores and brutally separated from her lover, Aza. She is rescued and taken to France by Déterville, a nobleman, who is soon captivated by her. One of the most popular novels of the eighteenth century, the *Letters of a Peruvian Woman* recounts Zilia's feelings on her separation from both her lover and her culture, and her experience of a new and alien society. Françoise de Graffigny's bold and innovative novel clearly appealed to the contemporary taste for the exotic and the timeless appetite for love stories. But by fusing sentimental fiction and social commentary, she also created a new kind of heroine, defined by her intellect as much as her feelings. The novel's controversial ending calls into question traditional assumptions about the role of women both in fiction and society, and about what constitutes 'civilization'. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

**Ten Years' Exile** Madame de Staël (Anne-Louise-Germaine).1821

**Nineteenth-century French Romantic Poets** Robert Thomas Denonmé.1969 In this brilliant new study Mr. Denonmé examines four key figures--Alphonse de Lamartine, Alfred de Vigny, Victor Hugo, and Alfred de Musset--for the aesthetic, social, and philosophical implications of romanticism in their writings. He establishes the background of the French Revolution and translates into English selections from the poets' work chosen to illustrate the ideas and forms they expressed. The book thus probes the depths of French romanticism.

**Religion, Institutions and Society in Ancient Rome** John Scheid.2013-09-16 By opposing sectarian discourses with the universal weapons of history, philology and anthropology, in short, the entire arsenal of science and reason, the history of religions of the past enables us to deflate modern myths, and not only those of others but also our own. It allows us to identify the projection, in the imaginary past, of the "origins" of nationalist, religious or racist fantasies, and to disarm exaggerated interpretations of the sacred texts. Within nations inherited from the 19th century, ancient history can help to deconstruct the representation that nation states sometimes create of their past, by showing that despite their apparent proximity, their "ancestors", often simply assumed to be so, were as distant from the current society as the inhabitants of the antipodes, and hardly resembled the image assigned to them. It enables us to challenge the "Greek miracle", the "Roman genius", the "Germanic superiority", or the Hegelian dialectic professing that religions and history tend towards Christian monotheism.

Origins and Revolutions Clive Gamble.2007-03-26 In this study Clive Gamble presents and questions two of the most famous descriptions of change in prehistory. The first is the 'human revolution', when evidence for art, music, religion and language first appears. The second is the economic and social revolution of the Neolithic period. Gamble identifies the historical agendas behind 'origins research' and presents a bold alternative to these established frameworks, relating the study of change to the material basis of human identity. He examines, through artefact proxies, how changing identities can be understood using embodied material metaphors and in two major case-studies charts the prehistory of innovations, asking, did agriculture really change the social world? This is an important and challenging book that will be essential reading for every student and scholar of prehistory.
