*The General of the Dead Army* Ismail Kadare,2012-04 This is the story of an Italian general, accompanied by his chaplain, charged with the mission of scouring Albania in search of the bones of their fallen countrymen, killed twenty years earlier during World War II.

**The Palace of Dreams** Ismail Kadare,1998 When it was first published in the author's native country, THE PALACE OF DREAMS was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.

**The Pyramid** Ismail Kadare,2011-11-21 Egypt in the twenty-sixth century BC. The young pharaoh Cheops wants to forgo the construction of a pyramid in his honor, but his court sages hasten to persuade him otherwise. The pyramid, they tell him, is not a tomb but a paradox, designed to appease the masses by oppressing them. It is a symbol of nothing, a useless and infinite project designed to waste the country's wealth and keep security and prosperity, ever the fonts of sedition, constantly at bay. And so the greatest pyramid in the world has ever seen begins to rise. Rumors multiply. A secret police is formed. Conspiracies—real and imagined—swirl around the rising edifice. The most drastic purges follow. By the time the first stone is laid, Cheops's subjects are terrified enough to yield to his most murderous whims. Each time one of the massive stones is hoisted into place, dozens of men are crushed, and there are tens of thousands of stones. . . .

**The Accident** Ismail Kadare,2010-08-05 Why did the taxi crash on the autobahn in Vienna? Who exactly were Besfort Y and Rovena, the mysterious couple who died after being flung from the backseat? How was Besfort connected to the war in the Balkans? And why was his affair with Rovena clouded in jealousy and mistrust? Who wanted them dead? This is the story of the last forty weeks of their lives - a fever dream where love and obsession collide.

**Broken April** Ismail Kadare,1990 Two destinies intersect in this novel -- that of Gjorg, a young mountaineer who has just

killed a man in order to avenge the death of his older brother, and who expects to be killed himself in keeping with the code of the highlands; and that of a young couple who have come to study the age-old customs, including the blood feud.

**The Doll** Ismail Kadare, 2020-11-17 In this autobiographical novel, Albania's most renowned novelist and poet Ismail Kadare explores his relationship with his mother in a delicately wrought tale of home, family, creative aspirations, and personal and political freedom. "Houses like ours seemed constructed with the specific purpose of preserving coldness and misunderstanding for as long as possible." In his father's great stone house with hidden rooms and even a dungeon, Ismail grows up with his mother at the center of his universe. Fragile as a paper doll, she finds herself at odds with her tight-lipped and wise mother-in-law who, as is the custom for women of a certain age, will never again step foot over the threshold to leave her home. Young Ismail finds it difficult to understand his mother's tears, though he can understand her boredom. She told him the reason herself in a phrase that terrified and obsessed the boy: "The house is eating me up!" As Ismail explores his world, his mother becomes fearful of her intellectual son—he uses words she does not understand, writes radical poetry, falls in love far too easily, and seems to renounce everything she believes in. He will, she fears, have to exchange her for some other superior mother when he becomes a famous writer. *The Doll* is a delicate and disarming autobiographical novel, an exploration of Kadare's creative aspirations and their tangled connections to his childhood home and his mother's tenuous place within it.

**Totally Wired** Andrew Smith, 2019-03-12 "The Social Network meets Hammer of the Gods" in this story of a 1990s web titan who made a fortune and lost it all—and what happened afterward (*The Independent*). One day in February 2001, Josh Harris woke to certain knowledge that he was about to lose everything. The man *Time* magazine called "The Warhol of the Web" was reduced to a helpless spectator as his fortune dwindled from 85 million dollars to nothing, all in the space of a week. Harris had been a maverick genius preternaturally adapted to the new online world. He founded New York's first dotcom, Pseudo.com, and paved the way for a cadre of twentysomethings to follow, riding a wave of tech euphoria to unimagined wealth and fame for five years—before the great dotcom crash, in which Web 1.0 was wiped from the face of the earth. Long before then, though, Harris's view of the web had darkened, and he began a series of lurid social experiments aimed at illustrating his worst fear: that the internet would soon alter the very fabric of society—cognitive, social, political, and otherwise. In *Totally Wired*, journalist Andrew Smith seeks to unravel the opaque and mysterious episodes of the early dotcom craze, in which the seeds of our current reality were sown. Drawing on in-depth interviews with Harris and those who worked alongside him in downtown Manhattan's "Silicon Alley," the tale moves from a compound in Ethiopia through

New York, San Francisco, Las Vegas, London, and Salt Lake City, Utah; from the dawn of the web to the present, taking in the rise of alternative facts, troll society, and the unexpected origins of the net itself, as our world has grown uncannily to resemble the one Harris predicted—and urged us to evade. “Raucous, whimsical, sad and very funny...a fascinating account of what could have been, what briefly was, what almost lasted.” —TheWall Street Journal “Told with verve and style...A valuable history.” —Kirkus Reviews “A brilliant exploration of madness and genius in the early days of the web.”—The Guardian “Dark and compelling.”—Daily Mail “This is a book whose time has come.”—Sunday Times

*Homo Deus* Yuval Noah Harari, 2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity’s future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from binging at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

**Hippie** Paulo Coelho, 2018-11-01 Traducere și note de Simina Popa În noul său roman autobiografic, Paulo Coelho reînvie visul de iubire și pace universală al generației hippie de la începutul anilor 1970. Paulo, un brazilian de 23 de ani care își dorește să devină scriitor, străbate lumea în căutarea libertății și a sensului profund al existenței. La Amsterdam o întâlnește pe Karla, o tânără olandeză care își așteaptă însoțitorul predestinat pentru a ajunge în Nepal. Drumurile lor se încrucișează în Piața Dam, unde hotărâsc să plece împreună cu legendarul Magic Bus, urmând o bine-cunoscută rută hippie. Călătoria lor prin Europa marchează începutul unei povești de dragoste și al căutării de sine. La Istanbul, Paulo trece printr-o serie de experiențe inițiatice care îi dau posibilitatea să descopere valori și principii ce-l vor ghida întreaga viață. Hippie, romanul în care Paulo Coelho întretese aventura, filozofia și întâmplări semnificative din propria tinerețe, este o carte importantă și relevantă pentru vremurile în care trăim.

**Books v. Cigarettes** George Orwell, 2014-10-30 Beginning with a dilemma about whether he spends more money on reading or smoking, George Orwell's entertaining and uncompromising essays go on to explore everything from the perils of second-hand bookshops to the dubious profession of being a critic, from freedom of the press to what patriotism really means. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

**The Myth of Lasgush** Dr Kapurani, Anastas Kapurani, 2004 'That which puzzled and fascinated me whenever I met Lasgush was this sensation of the impossible. It was impossible to get on with him as you did with others. The moment you were at him, or rather, the moment you knocked at his door, suddenly all became another thing. There was another logic, another code, other words, wrapped up in another meaning. .when you went to Lasgush's, it was more than going abroad. You believed you dropped somewhere beyond our time, beyond the everyday way of looking at things. One more step and it looked as if you would cross the borders of life and would find yourself in Dante's nothingness. .He was unpredictable, corrosive like acid, creepy, startling. His laugh was like as if beyond our life, mirthless, and his sadness had no grief. As for his anger, it was such as well, luxurious, cold, whereas his contempt was radiating from afar, as if adorned with silver.' (Kadare, In My Studio. pp 207, 208, 209. My translation) -All this Saussurean lava of meaning has its own matchless 'crater' from where it erupts and reaches us time and again, endlessly. Lasgush's Word has its own individual suspension, chiselled by the hand of a true master. It is breathlessly succinct and, in all probability, on a par with the best ever created. Lasgush says that his Word is: 'Mystery that burns in a thread of lightning.' (My Fiery Tongue)

*Sapiens* Yuval Noah Harari, 2015-02-10 New York Times Bestseller A Summer Reading Pick for President Barack Obama, Bill Gates, and Mark Zuckerberg From a renowned historian comes a groundbreaking narrative of humanity's creation and evolution—a #1 international bestseller—that explores the ways in which biology and history have defined us and enhanced our understanding of what it means to be “human.” One hundred thousand years ago, at least six different species of humans inhabited Earth. Yet today there is only one—homo sapiens. What happened to the others? And what may happen to us? Most books about the history of humanity pursue either a historical or a biological approach, but Dr. Yuval Noah Harari breaks the mold with this highly original book that begins about 70,000 years ago with the appearance of modern cognition. From examining the role evolving humans have played in the global ecosystem to charting the rise of empires, *Sapiens* integrates history and science to reconsider accepted narratives, connect past developments with contemporary concerns, and examine specific events within the context of larger ideas. Dr. Harari also compels us to look ahead, because over the last few decades humans have begun to bend laws of natural selection that have governed life for the past four billion years. We are acquiring

the ability to design not only the world around us, but also ourselves. Where is this leading us, and what do we want to become? Featuring 27 photographs, 6 maps, and 25 illustrations/diagrams, this provocative and insightful work is sure to spark debate and is essential reading for aficionados of Jared Diamond, James Gleick, Matt Ridley, Robert Wright, and Sharon Moalem.

Pentatonic Scales for Jazz Improvisation Ramon Ricker, 1999-11-27 More than a pattern book, this lays out the theory behind the use of pentatonic scales in jazz, and follows with transcribed solos and exercises. Still a favorite after 14 years, this book has become a standard in the field.

**A Time to Love and a Time to Die** Erich Maria Remarque, 2014-03-04 From the quintessential author of wartime Germany, *A Time to Love and a Time to Die* echoes the harrowing insights of his masterpiece *All Quiet on the Western Front*. After two years at the Russian front, Ernst Graeber finally receives three weeks' leave. But since leaves have been canceled before, he decides not to write his parents, fearing he would just raise their hopes. Then, when Graeber arrives home, he finds his house bombed to ruin and his parents nowhere in sight. Nobody knows if they are dead or alive. As his leave draws to a close, Graeber reaches out to Elisabeth, a childhood friend. Like him, she is imprisoned in a world she did not create. But in a time of war, love seems a world away. And sometimes, temporary comfort can lead to something unexpected and redeeming. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

**A Girl in Exile** Ismail Kadare, 2019-01-22 A New York Times Book Review Editors' Choice "Erotic, paranoiac and lightly fantastical." —The Wall Street Journal "Ismail Kadare's readers are astonished every year when the Nobel committee overlooks him. . . . *A Girl in Exile*, published in Albanian in 2009, may rekindle the worldwide hopes." —The New York Times Book Review During the bureaucratic machinery of Albania's 1945-1991 dictatorship, playwright Rudian Stefa is called in for questioning by the Party Committee. A girl—Linda B.—has been found dead, with a signed copy of his latest book in her possession. He soon learns that Linda's family, considered suspect, was exiled to a small town far from the capital. Under the influence of a paranoid regime, Rudian finds himself swept along on a surreal quest to discover what really happened to Linda B. "At a time when parts of the world are indulging nostalgia for communism, Kadare's novel confronts the infuriating impossibility of art in an autocratic, anti-individualist system." —The Washington Post "A Girl in Exile confirms Kadare to be the best writer at work today who remembers—almost aggressively so, refusing to forget—European totalitarianism." —The New Republic
