The General of the Dead Army Ismail Kadare,2012-04 This is the story of an Italian general, accompanied by his chaplain, charged with the mission of scouring Albania in search of the bones of their fallen countrymen, killed twenty years earlier during World War II.

The Pyramid Ismail Kadare,2011-11-21 Egypt in the twenty-sixth century BC. The young pharaoh Cheops wants to forgo the construction of a pyramid in his honor, but his court sages hasten to persuade him otherwise. The pyramid, they tell him, is not a tomb but a paradox, designed to appease the masses by oppressing them. It is a symbol of nothing, a useless and infinite project designed to waste the country's wealth and keep security and prosperity, ever the fonts of sedition, constantly at bay. And so the greatest pyramid in the world has ever seen begins to rise. Rumors multiply. A secret police is formed. Conspiracies—real and imagined—swirl around the rising edifice. The most drastic purges follow. By the time the first stone is laid, Cheops's subjects are terrified enough to yield to his most murderous whims. Each time one of the massive stones is hoisted into place, dozens of men are crushed, and there are tens of thousands of stones. . . .

The Palace of Dreams Ismail Kadare,1998 When it was first published in the author's native country, THE PALACE OF DREAMS was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.

The Accident Ismail Kadare,2010-08-05 Why did the taxi crash on the autobahn in Vienna? Who exactly were Besfort Y and Rovena, the mysterious couple who died after being flung from the backseat? How was Besfort connected to the war in

the Balkans? And why was his affair with Rovena clouded in jealousy and mistrust? Who wanted them dead? This is the story of the last forty weeks of their lives - a fever dream where love and obsession collide.

Broken April Ismail Kadare, 1990 Two destinies intersect in this novel -- that of Gjorg, a young mountaineer who has just killed a man in order to avenge the death of his older brother, and who expects to be killed himself in keeping with the code of the highlands; and that of a young couple who have come to study the age-old customs, including the blood feud.

Hippie Paulo Coelho, 2018-11-01 Traducere și note de Simina Popa În noul său roman autobiografic, Paulo Coelho reînvie visul de iubire și pace universală al generației hippie de la începutul anilor 1970. Paulo, un brazilian de 23 de ani care își dorește să devină scriitor, străbate lumea în căutarea libertății și a sensului profund al existenței. La Amsterdam o întâlnește pe Karla, o tânără olandeză care își așteaptă însoțitorul predestinat pentru a ajunge în Nepal. Drumurile lor se încrucișează în Piața Dam, unde hotărâsc să plece împreună cu legendarul Magic Bus, urmând o bine-cunoscută rută hippie. Călătoria lor prin Europa marchează începutul unei povești de dragoste și al căutării de sine. La Istanbul, Paulo trece printr-o serie de experiențe inițiatice care îi dau posibilitatea să descopere valori și principii ce-l vor ghida întreaga viață. Hippie, romanul în care Paulo Coelho întreprinde aventura, filozofia și întâmplări semnificative din propria tinerețe, este o carte importantă și relevantă pentru vremurile în care trăim.

The Doll Ismail Kadare, 2020-11-17 In this autobiographical novel, Albania's most renowned novelist and poet Ismail Kadare explores his relationship with his mother in a delicately wrought tale of home, family, creative aspirations, and personal and political freedom. "Houses like ours seemed constructed with the specific purpose of preserving coldness and misunderstanding for as long as possible." In his father's great stone house with hidden rooms and even a dungeon, Ismail grows up with his mother at the center of his universe. Fragile as a paper doll, she finds herself at odds with her tight-lipped and wise mother-in-law who, as is the custom for women of a certain age, will never again step foot over the threshold to leave her home. Young Ismail finds it difficult to understand his mother's tears, though he can understand her boredom. She told him the reason herself in a phrase that terrified and obsessed the boy: "The house is eating me up!" As Ismail explores his world, his mother becomes fearful of her intellectual son—he uses words she does not understand, writes radical poetry, falls in love far too easily, and seems to renounce everything she believes in. He will, she fears, have to exchange her for some other superior mother when he becomes a famous writer. *The Doll* is a delicate and disarming autobiographical novel, an exploration of Kadare's creative aspirations and their tangled connections to his childhood home and his mother's tenuous place within it.

Homo Deus Yuval Noah Harari, 2017-02-21 Official U.S. edition with full color illustrations throughout. NEW YORK TIMES BESTSELLER Yuval Noah Harari, author of the critically-acclaimed New York Times bestseller and international

phenomenon *Sapiens*, returns with an equally original, compelling, and provocative book, turning his focus toward humanity's future, and our quest to upgrade humans into gods. Over the past century humankind has managed to do the impossible and rein in famine, plague, and war. This may seem hard to accept, but, as Harari explains in his trademark style—thorough, yet riveting—famine, plague and war have been transformed from incomprehensible and uncontrollable forces of nature into manageable challenges. For the first time ever, more people die from eating too much than from eating too little; more people die from old age than from infectious diseases; and more people commit suicide than are killed by soldiers, terrorists and criminals put together. The average American is a thousand times more likely to die from bingeing at McDonalds than from being blown up by Al Qaeda. What then will replace famine, plague, and war at the top of the human agenda? As the self-made gods of planet earth, what destinies will we set ourselves, and which quests will we undertake? *Homo Deus* explores the projects, dreams and nightmares that will shape the twenty-first century—from overcoming death to creating artificial life. It asks the fundamental questions: Where do we go from here? And how will we protect this fragile world from our own destructive powers? This is the next stage of evolution. This is *Homo Deus*. With the same insight and clarity that made *Sapiens* an international hit and a New York Times bestseller, Harari maps out our future.

European Citizenship and Social Exclusion Maurice Roche,Rik Van Berkel,2018-12-17 Frist published in 1997, this book aims to answer if European 'post-national' citizenship provide a practical opening and a conceptual challenge to cope with the diverse and close-circuiting crises of national European social models? What then might a new sphere of European social inclusion look like? This book also provided the first attempt to go well beyond 'national gridlock'. Old solutions will no longer do. Is new land in sight? With monetary integration almost implemented this is a highly relevant exploration of a central complementary 'common currency' in Europe's future.

Pentatonic Scales for Jazz Improvisation Ramon Ricker,1999-11-27 More than a pattern book, this lays out the theory behind the use of pentatonic scales in jazz, and follows with transcribed solos and exercises. Still a favorite after 14 years, this book has become a standard in the field.

Books v. Cigarettes George Orwell,2014-10-30 Beginning with a dilemma about whether he spends more money on reading or smoking, George Orwell's entertaining and uncompromising essays go on to explore everything from the perils of second-hand bookshops to the dubious profession of being a critic, from freedom of the press to what patriotism really means. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

The Traitor's Niche Ismail Kadare, 2018-05-01 Kadare is inevitably linked to Orwell and Kundera, but he is a far deeper ironist than the first, and a better storyteller than the second. He is a compellingly ironic storyteller because he so brilliantly summons details that explode with symbolic reality. —The New Yorker At the heart of the Ottoman Empire, in the main square of Constantinople, a niche is carved into ancient stone. Here, the sultan displays the severed heads of his adversaries. People flock to see the latest head and gossip about the state of the empire: the province of Albania is demanding independence again, and the niche awaits a new trophy . . . Tundj Hata, the imperial courier, is charged with transporting heads to the capital—a task he relishes and performs with fervor. As he travels through obscure and impoverished territories, he makes money from illicit side-shows, offering villagers the spectacle of death. The head of the rebellious Albanian governor would fetch a very high price indeed. The Traitor's Niche is a surreal tale of tyranny and rebellion, in a land where armies carry scarecrows, state officials ban entire languages, and the act of forgetting is more complicated than remembering. Long-listed for the 2017 Man Booker International Prize The name of the Albanian novelist Ismail Kadare regularly comes up at Nobel Prize time, and he is still a good bet to win it one of these days . . . He is seemingly incapable of writing a book that fails to be interesting. —The New York Times
