Beirut Blues Hanan al-Shaykh.2013-04-10 With the acclaim won by her first two novels, Hanan al-Shaykh established herself as the Arab world's foremost woman writer. Beirut Blues, published to similar acclaim, further confirms her place in Arabic literature, and brings her writing to a new, groundbreaking level. The daring fragmented structure of this epistolary novel mirrors the chaos surrounding the heroine, Asmahan, as she futilely writes letters to her loved ones, to her friends, to Beirut, and to the war itself--letters of lament that are never to be answered except with their own resounding echoes. In Beirut Blues, Hanan al-Shaykh evokes a Beirut that has been seen by few, and that will never be seen again.

The Conquest of Andalusia Jurji Zaidan.2011-10-01 It is Christmas Day in the year 710 AD in Toledo, capital of Visigoth Spain. King Wittiza has been dethroned, and the impulsive and tyrannical Roderic has been installed as monarch of Spain with the help of the Catholic clergy. Even so, Bishop Oppas, the deposed king's brother, is to remain as the senior ecclesiastical figure in Spain during King Roderic's reign. The beautiful Florinda is the daughter of Count Julian, the

governor of Sabta, a Christian enclave in Muslim North Africa. She is madly in love and engaged to the charismatic and courageous Alfonso, son of the deposed king. But she has been moved into King Roderic's palace where she is the target of the new king's lustful desires, even though he is married. And Alfonso has been kept as a retainer in the palace so that his comings and goings can be monitored. Will Florinda manage to thwart the lascivious advances of the depraved king? Will Alfonso be able to foil the king's designs? And how will Florinda's father, Count Julian, react when he learns of Roderic's evil plans towards his daughter? What role will Bishop Oppas play -- torn as he is between loyalty to Visigoth Spain and faithfulness to his values and his family? The fast-paced story, full of twists and turns, unfolds as the Muslim armies in North Africa are poised to cross the Straits of Gibraltar and gain their first European foothold in what came to be called the land of al-Andalus. The Conquest of Andalusia is also the story of the battle for Florinda's virtue and happiness

The Art of Madi Hussein Madi.2005 The art of the painter, sculptor and printmaker Hussein Madi has been viewed by thousands of people around the world at such venues as the British Museum, the Venice Biennale and Tokyo's Ueno Museum. However, it has never before been made available as a published retrospective. This long-overdue book contains an invaluable overview of Madi's work of four decades, in which his intensely personal fusion of European and Islamic influences always presents itself with a force that is both arresting and subtle. Madi's joyful experiments in colour and form have resulted in a unique body of work that relates to modern artists like Matisse and Picasso as well as to the principles of divine harmony that inform the abstract designs of Islamic art. Whether in two or three dimensions, Madi's lines sing with a spontaneous freedom that belies the careful, even exacting, calculations that the artist invests in each work. This combination of meticulousness and sensuality is everywhere evident in Madi's work, inspired by his profound belief in God's universal order, in which everything is different and yet composed of the same cosmic elements. A tireless and highly prolific artist, Madi has achieved a lifetime output of virtually countless works in a variety of media. This book--with over 500 colour plates--will serve as a touchstone for both long-time admirers and initiates to his oeuvre.

UNRWA and Palestinian Refugees Sari Hanafi,Leila Hilal,Lex Takkenberg.2014-04-24 Exploring the evolution of the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA), this book fills a lacuna in literature on the agency. UNRWA and Palestinian Refugees employs recent fieldwork in order to analyse challenges in programmes and service delivery, protection, camp governance, community participation, and camp improvement and

reconstruction. The chapters examine the way UNRWA is adapting to a changing social, political and economic context, mostly within urban settings - a paradigmatic shift from understanding the Agency's role as simply a provider of relief and services to one comprehensively supporting the human development of Palestinian refugees. Examining the refugee debate using new disciplines and research frameworks, this collection aims to emphasise the centrality of the Palestinian refugee issue for Middle East peace-making and to contribute a better understanding of a unique agency. This book will be a useful aid for students and researchers with an interest in Middle East Studies, Politics, and the Israeli-Palestinian conflict.

Revelations of an Elite Bloodline Insider Thomas Levis.2020-04-17 Something fascinating happened on a forum in a span of a few days and wshh caused quite a stir in certain parts of the Internet. A person by the moniker of Insider claimed he was from a ruling bloodline and gave the people a chance to ask everything they wanted and Insider would answer. At first it looks like another internet hoax, some lightweight questions were followed by lightweight answers, but then things started changing drastically. Anyone who understands dialectics knows that the answers Insider gave were designed to force/provoke others to ask questions which went to the core of the matter. First some questions are being asked by Insider like Are you really living on the planet you think you are? which made people react differently than before. The answers this person started giving to those following questions showed a deep, broad understanding of philosophy, history, metaphysics, religion, magic, politics, and more in a way which is very innovative, detailed and some answers are thought provoking to say the least. What amazes is that Insider answered these questions in a very short time span and if you keep in mind that the topics are diverse, some in depth and some epic answers showed up literally minutes apart, one must wonder how it was done. Copy/paste from internet? I checked intensively and the sentences Insider used cannot be found on internet. Like one person observed, this was way over the heads of the usual suspects. Some people started getting upset, others were drawn to it and this all lead to a dialogue where so much was revealed, including by the other posters that it can be studied for years to come. Sounds hard to believe? Read on.

The Origins of Democracy in Tribes, City-States and Nation-States Ronald M. Glassman.2017-06-19 This four-part work describes and analyses democracy and despotism in tribes, city-states, and nation states. The theoretical framework used in this work combines Weberian, Aristotelian, evolutionary anthropological, and feminist theories in a comparative-historical context. The dual nature of humans, as both an animal and a consciously aware being, underpins the analysis presented. Part One covers tribes. It uses anthropological literature to describe the “campfire democracy” of the African Bushmen, the Pygmies, and other band societies. Its main focus is on the tribal democracy of the Cheyenne, Iroquois, Huron, and other tribes, and it pays special attention to the role of women in tribal democracies. Part Two describes the city-states of

Mesopotamia, Syria, and Canaan-Phoenicia, and includes a section on the theocracy of the Jews. This part focuses on the transition from tribal democracy to city-state democracy in the ancient Middle East - from the Sumerian city-states to the Phoenician. Part Three focuses on the origins of democracy and covers Greece—Mycenaean, Dorian, and the Golden Age. It presents a detailed description of the tribal democracy of Archaic Greece - emphasizing the causal effect of the hoplite-phalanx military formation in egalitarianizing Greek tribal society. Next, it analyses the transition from tribal to city-state democracy—with the new commercial classes engendering the oligarchic and democratic conflicts described by Plato and Aristotle. Part Four describes the Norse tribes as they contacted Rome, the rise of kingships, the renaissance of the city-states, and the parliamentary monarchies of the emerging nation-states. It provides details of the rise of commercial city states in Renaissance Italy, Hanseatic Germany and the Netherlands.

To Live in Autumn Zeina Hashem Beck.2019-09 Zeina Hashem Beck crafts a multifaceted portrait of the people and the streets of Beirut. This collection is as vibrant and sensitive as its subject--the city that 'understands / not being tired of being.' Join me in an enthusiastic welcome for a compelling new voice in Anglophone poetry.--John Hennessy

CSR in the Middle East Yusuf Sidani.2012-09-18 The practice of corporate social responsibility (CSR) in the Middle East is explored in this volume, through a unique compilation of data and perspectives from authors living and working in the region. The authors demonstrate how the long-entrenched traditions of philanthropy and generosity in Arab culture have been reinvigorated in recent years and are starting to cross-fertilize with new and more institutionalized forms of giving, advocated through advances pertaining to CSR. Using a variety of cases, this book ponders the multiple facets of CSR in the region, including philanthropy, strategic giving, social entrepreneurship, internal CSR and responsible human resource management practices, effective CSR integration in SMEs, corporate environmental responsibility and its evolution, CSR reporting and lingering challenges in this respect. It also considers the relevance and applicability of CSR to a wider spectrum of societal actors and institutions. The contributions nicely capture and reiterate commitment to CSR in the Middle East.

Divining Victory: Airpower in the 2006 Israel-Hezbollah War William M. Arkin.2011-09-16 This is the story of an airpower-dominated campaign, one that was deeply flawed in its design yet impressive in its efficiency. This quick-look study is based upon visits to damaged sites, villages, towns, and cities; discussions with government and military officials; and experience of having evaluated airpower and its effects in Afghanistan, Iraq, and the former Yugoslavia (and previously in Lebanon). Months of follow-up research included exchanges with Israeli, Lebanese, Hezbollah, and US experts. The intent was to develop a timely airpower narrative to enhance professional military education and planning. About the author: William M. Arkin is an independent military analyst, journalist, and author. He writes the "Early Warning" column for washingtonpost.com (where he previously wrote the "DOT.MIL" column from 1998 to 2003) and is a longtime NBC News

military analyst.(Originally published by Air University Press)

Out of Beirut Modern Art Oxford.2006 Beirut had been a renowned resort and a center of culture and style for hundreds of years, when, in the late twentieth century, it became the site of terrible violence and trauma. More than 15 years after the official end of Lebanon's civil war in 1990, political instability, bombings and assassinations still dominate the international headlines, obscuring years of swift change. In that time, Beirut became fertile ground for radical and innovative art-making and critical thought. Out of Beirut introduces new and recent work by artists who have been at the forefront of that activity, and who, in this new time of turmoil and change, will be watching Beirut's fate closely, chronicling it, and perhaps by their responses, changing it. With work by Fadi Abdallah, Gilbert Hage, Heartland, Bernard Khoury, Rabib Mroue, Walid Raad, Walid Sadek, Jalal Toufic, Paola Yacoub and Michel Lasserre and Akram Zaatari, among others.

Civil War in Lebanon, 1975-92 E. O'Ballance.1998-10-21 The sixteen-year long civil war in Lebanon was caused by dissatisfaction over the distribution of political power. The system favoured Christians who fought to eject Palestinian armed forces, which sought to use the country as a spring board for attacks into adjacent Israel. Western intervention was repelled by suicide-bombing attacks. Lebanese Christians and Muslims sub-divided to fight each other. Dominated by competing war lords, this civil war was notable for massacres, treachery, atrocities, kidnapping, assassination, changing alliances of convenience, and invasions.
