Sport and Quality of Life Paolo Corvo,Fabio Massimo Lo Verde,2022-04-19 This book brings together essays analyzing the impact of sport and physical activity on psychophysical well-being and quality of life, through multidisciplinary and multi-country studies. It discusses how the commercial dimension of sport entertainment and recreational dimension of sport practice have been increasingly brought together in discussions on individual health and well-being, and social integration and participation. It therefore considers the relationship between sports practice, enjoyment of sporting events, sport participation and quality of life. The chapters examine various aspects of the practice of sport for professional and recreational purposes from the perspective of age, life course research, physical education in schools, government investment in sport activities across various stages of life, the rise of sports tourism as a global industry and how social networks and web apps are changing the perception of fitness. This innovative book is of interest to scholars and students of sport science, leisure studies, and well-being research.

Bertel Thorvaldsen (1770-1844) Stefano Grandesso,2015 This volume is dedicated to Bertel Thorvaldsen (1770-1844), a Danish sculptor of international fame during the XIX century. Born in Copenhagen in 1770, he spent more than forty years in Italy, maintaining a large workshop in Rome. When he eventually returned to his native land in 1838 he was more known in Europe than in Denmark. But in the following years it became rather vice versa. Obviously this is connected with the fact that in Copenhagen he could not keep the close contact he had in Rome with the international art community and art market in the cultural capital of Europe. As a matter of fact only within the last 30 years has Thorvaldsen regained his rightful place in the European art historical context and he is considered as an outstanding representative of the Neoclassical period in sculpture. In fact, his work has often been compared to that of Antonio Canova and he became the foremost artist in

the field after Canova's death in 1822. The really strong point of this book is that it precisely links together Thorvaldsen's art with a broad international, artistic context and thus contributes to a more faceted understanding of his work.

Letters and Letter Fragments Jean de Pins, 2007 R unissant plus de cent trente lettres et fragments de lettres de la correspondance priv e et diplomatique de l'humaniste toulousain Jean de Pins, Jan Pendergrass ouvre une perspective unique sur quelque quarante ans d'histoire fran aise et europ enne. Consacr   v que de Rieux en 1524, il se d mit de ses fonctions parlementaires et finit ses jours   Toulouse, entour  d' tudiants et de gens de lettres  pris de litt rature classique. Cette  dition de sa correspondance r v le l' tendue consid rable de ses rapports, non seulement avec les repr sentants de l'humanisme europ en, mais aussi avec les chefs de la diplomatie fran aise, avec des parlementaires, des gens de loi et d'Eglise exceptionnels.

Inventing the Business of Opera Beth Glixon, Jonathan Glixon, 2007-12 Inventing the Business of Opera explores public opera in its infancy, bringing to life the men and women who successfully established the new genre on the stages of Venice during the seventeenth century. All of the components necessary to opera production are highlighted, from the financial backing, to the libretto and the score, to the singers, dancers, the scenery, and the costumes.

Opera in Seventeenth-Century Venice Ellen Rosand, 2007-10-09 In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness.—Andrew Porter This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general.—Lorenzo Bianconi

Regarding Penelope Nancy Felson, 1997-01 A coy tease, enchantress, adulteress, irresponsible mother, hard-hearted wife -- such are the possible images of Penelope that Homer playfully presents to listeners and readers of the Odyssey. His narration ultimately contradicts or fails to confirm these images, however, leaving Penelope as the paragon of the faithful wife. In *Regarding Penelope*, Felson first considers Penelope as the object of male gazes and as a subject acting from her own desire, and then develops the notion of possible plots as structures in the poem that coexist with the plots Penelope actually plays out. She then argues that Homer's manipulation of Penelope's character maintains the narrative fluidity and the dynamics of the Odyssey, and she reveals how, in oral performance, the poet teases and captivates his audience in the

same way that Penelope and Odysseus entrap each other in their courtship dance.

The Marriage of Cadmus and Harmony Roberto Calasso,2013-10-30 Presenting the stories of Zeus and Europa, Theseus and Ariadne, the birth of Athens and the fall of Troy, in all their variants, Calasso also uncovers the distant origins of secrets and tragedy, virginity, and rape. A perfect work like no other. (Calasso) has re-created . . . the morning of our world.-- Gore Vidal. 15 engravings.

Private Collectors in Mantua, 1500-1630 Guido Rebecchini,2002 Case studies of private art collections recorded during the sixteenth and early seventeenth centuries in Mantua. This work seeks to show how the collectors' taste changed during this period and how these changes are reflected in the collections' display, and also seeks to contribute to the understanding of the original context of works of art in sixteenth and early seventeenth century private houses in a courtly city.

The Mirror of Magic Kurt Seligmann,2018-10-16 A collector's edition of the classic, illustrated, and comprehensive history of magic and the occult • Written by renowned Surrealist and magic scholar Kurt Seligmann (1900-1962) • Includes all 250 illustrations from the original 1948 edition • Explores magical practices and beliefs from their origins in the ancient world through the heyday of secret societies in the 18th century In the occult classic *The Mirror of Magic*, renowned Surrealist Kurt Seligmann (1900-1962) draws from his encyclopedic practitioner's knowledge and extensive antiquarian collection to offer a comprehensive, illustrated history of magic and the occult from Mesopotamia and ancient Egypt through the 18th century. He explores the gods and divinatory arts of the legendary Sumerians and the star-wise Babylonians, including the birth of astrology. He examines the afterlife beliefs of the ancient Egyptians and the dream interpretation practices and oracles of ancient Greece, including the mysteries of Eleusis and the magical philosophy of Plato, Socrates, and other Greeks. He uncovers the origins of Gnosticism and the suppression and banishment of magic by the post-pagan, Christian emperors of Rome. Seligmann reviews the principles of alchemy, sharing famous transmutations and allegorical illustrations of the alchemical process and explores the Hermetica and its remarkable adepts. Investigating the Middle Ages,

the author discusses the work of European magicians of the time, including Albertus Magnus, Roger Bacon, Agrippa, Nostradamus, and Pico Della Mirandola. He studies the medieval practices of devil worship, witchcraft, and black magic, as well as the “Cabala” in both its Hebrew and Christian forms. He also examines the art of the Tarot and many lesser known divination techniques. He explores the development of secret societies, including Freemasonry and Rosicrucianism, in the 17th century and the increase in occult publications and magical science in the 18th century. First published in 1948, this history of magic and the occult seeks to “mirror” the magical worldview throughout the ages. Beautifully illustrated with images from the author’s rare library, this collector’s edition features all of the artwork--more than 250 images--from the original 1948 edition.

Black Souls Gioacchino Criaco,2020-02-04 The modern Italian classic about Calabrian organized crime—now an award-winning motion picture—makes its English-language debut. In the remote Aspromonte Mountains in southern Calabria, Italy, three best friends embark on a life of crime in order to raise themselves up out of the poverty of their childhoods. Brainy Luciano, the behind-the-scenes schemer, was orphaned as a little boy when the local mob boss had his postman father executed. Lazy, jovial Luigi has learned that there’s no point in following the rules. And completing the triumvirate is the nameless narrator, from whose black soul comes the inspiration and energy for each new criminal project, from kidnapping to armed robbery to heroin dealing to contract killing. Set in the birthplace of the ‘Ndrangheta, Calabria’s ruthless and ubiquitous mafia, *Black Souls* draws on centuries of brigand lore, peasant rebellion history, mountain mythology, and colonial suffering to offer a gripping morality tale about how violence begets violence.

The Alternate Asimovs Isaac Asimov,1991

Cassandra Christa Wolf,1988-05 Retells the story of the fall of Troy ... from the point of view of the woman whose visionary powers earned her contempt and scorn. Written as a result of the author's Greek travels and studies, *Cassandra* speaks to us in a pressing monologue whose inner focal points are patriarchy and war. In the four accompanying pieces, which take the form of travel reports, journal entries, and a letter, Wolf describes the novel's genesis.--Cover p. [4].
