Nothing to Envy Barbara Demick, 2010-09-21 NATIONAL BOOK AWARD FINALIST • An eye-opening account of life inside North Korea—a closed world of increasing global importance—hailed as a “tour de force of meticulous reporting” (The New York Review of Books) FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD • FINALIST FOR THE BAILLIE GIFFORD WINNER OF WINNERS AWARD In this landmark addition to the literature of totalitarianism, award-winning journalist Barbara Demick follows the lives of six North Korean citizens over fifteen years—a chaotic period that saw the death of Kim Il-sung, the rise to power of his son Kim Jong-il (the father of Kim Jong-un), and a devastating famine that killed one-fifth of the population. Demick brings to life what it means to be living under the most repressive regime today—an Orwellian world that is by choice not connected to the Internet, where displays of affection are punished, informants are rewarded, and an offhand remark can send a person to the gulag for life. She takes us deep inside the country, beyond the reach of government censors, and through meticulous and sensitive reporting we see her subjects fall in love, raise families, nurture ambitions, and struggle for survival. One by one, we witness their profound, life-altering disillusionment with the government and their realization that, rather than providing them with lives of abundance, their country has betrayed them. Praise for *Nothing to Envy* “Provocative . . . offers extensive evidence of the author’s deep knowledge of this country while keeping its sights firmly on individual stories and human details.”—The New York Times “Deeply moving . . . The personal stories are related with novelistic detail.”—The Wall Street Journal “A tour de force of meticulous reporting.”—The New York Review of Books “Excellent . . . humanizes a downtrodden, long-suffering people whose individual lives, hopes and dreams are so little known abroad.”—San Francisco Chronicle “The narrow boundaries of our knowledge have expanded radically with the publication of *Nothing to Envy*. . . . Elegantly structured and written, [it] is a groundbreaking work of literary nonfiction.”—John Delury, Slate “At times a page-turner, at others an intimate study in totalitarian psychology.”—The Philadelphia Inquirer

Nothing to Envy Barbara Demick, 2012 WINNER OF THE 2010 SAMUEL JOHNSON PRIZE FOR NON-FICTION What if the world imagined by George Orwell in *Nineteen Eighty-four* was real? What if everything around you was black and white except for the red letters on propaganda signs? Where spies like Orwell's Thought Police studied your facial expressions during political rallies to make sure you were sincere in your expressions and your thoughts? If you couldn't turn the dials of

your radio away from the government station? In fact, there is such a place: North Korea, the only country not connected to the Internet by choice. Ruled over by a dictator, visible only in carefully controlled images, it's a mysterious, even sinister country. But it's also a place where 22 million people live, work, and dream of a different life. Journalist Barbara Demick spent a decade covering North Korea's strange politics and regulations. Then one day she met a young woman defector, Mi-ran, who told her about growing up there; about the cinema she used to go to when the country still had electricity, and about the teenage romance which blossomed there. Through Mi-ran's story Demick glimpsed another, more human side of North Korea. In *Nothing to Envy*, Demick re-traces the life of Mi-ran and of five other North Koreans, taking us into the heart of an elusive society. We see her subjects fall in love, nurture ambitions, and struggle with survival and betrayal. Their stories form a haunting portrait of a bizarre society and the cost it exacts on its citizens.

Summary of Barbara Demick's *Nothing to Envy* Everest Media,2022-03-05T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 North Korea is a country that has fallen out of the developed world. The country is covered in darkness, which is something that teenagers love. #2 In the late 1990s, North Koreans would meet in the dark to escape the prying eyes of the authorities. The girl would lead her boyfriend to a hot-spring resort outside of town, where the grounds were poorly maintained but the trees were still beautiful. #3 When I met Mi-ran, she was a 31-year old woman living in South Korea. She had defected six years earlier. I wanted to know what life was like for defectors in North Korea, so I interviewed her. #4 In 2004, Mi-ran was a kindergarten teacher in a mining town in North Korea. She was working toward a graduate degree in education. She had a dream about her boyfriend, a South Korean civilian military employee, who had married her the previous year.

Nothing to Envy Barbara Demick,2010 North Korea, run by a mad dictator, is cut off from the rest of the world, unknown and unknowable. But North Korea is also a place where ordinary people live, dream and learn to survive. Demick draws a powerful portrait of a bizarre society and the very real lives it affects.

Under the Loving Care of the Fatherly Leader Bradley K. Martin,2007-04-01 Under the Loving Care of the Fatherly Leader offers in-depth portraits of North Korea's two ruthless and bizarrely Orwellian leaders, Kim Il-Sung and Kim Jong-Il. Lifting North Korea's curtain of self-imposed isolation, this book will take readers inside a society, that to a Westerner, will appear to be from another planet. Subsisting on a diet short on food grains and long on lies, North Koreans have been indoctrinated from birth to follow unquestioningly a father-son team of megalomaniacs. To North Koreans, the Kims are more

than just leaders. Kim Il-Sung is the country's leading novelist, philosopher, historian, educator, designer, literary critic, architect, general, farmer, and ping-pong trainer. Radios are made so they can only be tuned to the official state frequency. Newspapers are filled with endless columns of Kim speeches and propaganda. And instead of Christmas, North Koreans celebrate Kim's birthday--and he presents each child a present, just like Santa. The regime that the Kim Dynasty has built remains technically at war with the United States nearly a half century after the armistice that halted actual fighting in the Korean War. This fascinating and complete history takes full advantage of a great deal of source material that has only recently become available (some from archives in Moscow and Beijing), and brings the reader up to the tensions of the current day. For as this book will explain, North Korea appears more and more to be the greatest threat among the Axis of Evil countries--with some defector testimony warning that Kim Jong-Il has enough chemical weapons to wipe out the entire population of South Korea.

The Real North Korea Andrei Lankov,2015 In *The Real North Korea*, Lankov substitutes cold, clear analysis for the overheated rhetoric surrounding this opaque police state. Based on vast expertise, this book reveals how average North Koreans live, how their leaders rule, and how both survive

Dear Leader Jang Jin-sung,2015-01-27 In this rare insider's view into contemporary North Korea, a high-ranking counterintelligence agent describes his life as a former poet laureate to Kim Jong-il and his breathtaking escape to freedom. The General will now enter the room. Everyone turns to stone. Not moving my head, I direct my eyes to a point halfway up the archway where Kim Jong-il's face will soon appear... As North Korea's State Poet Laureate, Jang Jin-sung led a charmed life. With food provisions (even as the country suffered through its great famine), a travel pass, access to strictly censored information, and audiences with Kim Jong-il himself, his life in Pyongyang seemed safe and secure. But this privileged existence was about to be shattered. When a strictly forbidden magazine he lent to a friend goes missing, Jang Jin-sung must flee for his life. Never before has a member of the elite described the inner workings of this totalitarian state and its propaganda machine. An astonishing expose; told through the heart-stopping story of Jang Jin-sung's escape to South Korea, *Dear Leader* is a rare and unprecedented insight into the world's most secretive and repressive regime--

My Holiday in North Korea Wendy E. Simmons,2016-05-03 "You remember Eat, Pray, Love and Under the Tuscan Sun? Yeah, this really isn't like those. It's better" (San Francisco Chronicle). Most people want out of North Korea. Wendy Simmons wanted in. In *My Holiday in North Korea: The Funniest/Worst Place on Earth*, Wendy shares a glimpse of North

Korea as it's never been seen before. Even though it's the scariest place on Earth, somehow Wendy forgot to check her sense of humor at the border. But Wendy's initial amusement and bewilderment soon turned to frustration and growing paranoia. Before long, she learned the essential conundrum of "tourism" in North Korea: Travel is truly a love affair. But, just like love, it's a two-way street. And North Korea deprives you of all this. They want you to fall in love with the singular vision of the country they're willing to show you and nothing more. Through poignant, laugh-out-loud essays and ninety-two never-before-published color photographs of North Korea, Wendy chronicles one of the strangest vacations ever. Along the way, she bares all while undergoing an inner journey as convoluted as the country itself. "Much of the humor and poignancy comes from the absurdity of a fun-loving free spirit taking a vacation that's more rigidly scripted and controlled than a presidential motorcade . . . Simmons' photos—including an eerie image of a classroom full of schoolgirls playing accordions—further illustrate the bizarre nature of a country that, whether for good or bad, has been carefully controlled for generations." —San Francisco Chronicle "An irresistible read . . . A rare and fascinating look at the tourist's North Korea in a work that is humorous, appalling, and very sad. A highly recommended and revealing glimpse into a secretive land." —Library Journal

Eat the Buddha Barbara Demick, 2020-07-28 A gripping portrait of modern Tibet told through the lives of its people, from the bestselling author of *Nothing to Envy* "A brilliantly reported and eye-opening work of narrative nonfiction."—The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Parul Sehgal, The New York Times • The New York Times Book Review • The Washington Post • NPR • The Economist • Outside • Foreign Affairs Just as she did with North Korea, award-winning journalist Barbara Demick explores one of the most hidden corners of the world. She tells the story of a Tibetan town perched eleven thousand feet above sea level that is one of the most difficult places in all of China for foreigners to visit. Ngaba was one of the first places where the Tibetans and the Chinese Communists encountered one another. In the 1930s, Mao Zedong's Red Army fled into the Tibetan plateau to escape their adversaries in the Chinese Civil War. By the time the soldiers reached Ngaba, they were so hungry that they looted monasteries and ate religious statues made of flour and butter—to Tibetans, it was as if they were eating the Buddha. Their experiences would make Ngaba one of the engines of Tibetan resistance for decades to come, culminating in shocking acts of self-immolation. *Eat the Buddha* spans decades of modern Tibetan and Chinese history, as told through the private lives of Demick's subjects, among them a princess whose family is wiped out during the Cultural Revolution, a young Tibetan nomad who becomes radicalized in the storied monastery of Kirti, an upwardly mobile entrepreneur who falls in love with a Chinese woman, a poet and intellectual who risks everything to voice his resistance, and a Tibetan schoolgirl forced to choose at an early age between her family and the elusive lure of Chinese money. All of them face the same dilemma: Do they resist the Chinese, or do they join them? Do they adhere to Buddhist teachings of compassion and nonviolence, or do they fight? Illuminating a culture that has long been romanticized by Westerners as deeply spiritual and peaceful, Demick reveals what it is really like to be a Tibetan in the

twenty-first century, trying to preserve one's culture, faith, and language against the depredations of a seemingly unstoppable, technologically all-seeing superpower. Her depiction is nuanced, unvarnished, and at times shocking.

Logavina Street Barbara Demick, 2012-04-17 Logavina Street was a microcosm of Sarajevo, a six-block-long history lesson. For four centuries, it existed as a quiet residential area in a charming city long known for its ethnic and religious tolerance. On this street of 240 families, Muslims and Christians, Serbs and Croats lived easily together, unified by their common identity as Sarajevans. Then the war tore it all apart. As she did in her groundbreaking work about North Korea, *Nothing to Envy*, award-winning journalist Barbara Demick tells the story of the Bosnian War and the brutal and devastating three-and-a-half-year siege of Sarajevo through the lives of ordinary citizens, who struggle with hunger, poverty, sniper fire, and shellings. Logavina Street paints this misunderstood war and its effects in vivid strokes—at once epic and intimate—revealing the heroism, sorrow, resilience, and uncommon faith of its people. With a new Introduction, final chapter, and Epilogue by the author

North Korea Confidential Daniel Tudor, James Pearson, 2015-04-14 **Named one of the best books of 2015 by The Economist** Private Markets, Fashion Trends, Prison Camps, Dissenters and Defectors. North Korea is one of the most troubled societies on earth. The country's 24 million people live under a violent dictatorship led by a single family, which relentlessly pursues the development of nuclear arms, which periodically incites risky military clashes with the larger, richer, liberal South, and which forces each and every person to play a role in the theater state even as it pays little more than lip service to the wellbeing of the overwhelming majority. With this deeply anachronistic system eventually failed in the 1990s, it triggered a famine that decimated the countryside and obliterated the lives of many hundreds of thousands of people. However, it also changed life forever for those who survived. A lawless form of marketization came to replace the iron rice bowl of work in state companies, and the Orwellian mind control of the Korean Workers' Party was replaced for many by dreams of trade and profit. A new North Korea Society was born from the horrors of the era—one that is more susceptible to outside information than ever before with the advent of k-pop and video-carrying USB sticks. This is the North Korean society that is described in this book. In seven fascinating chapters, the authors explore what life is actually like in modern North Korea today for the ordinary man and woman on the street. They interview experts and tap a broad variety of sources to bring a startling new insider's view of North Korean society—from members of Pyongyang's ruling families to defectors from different periods and regions, to diplomats and NGOs with years of experience in the country, to cross-border traders from neighboring China, and textual accounts appearing in English, Korean and Chinese sources. The resulting stories reveal the horror as well as the innovation and humor which abound in this fascinating country.

Every Falling Star Sungju Lee, Susan Elizabeth McClelland, 2016-09-13 Written for a young audience, this intense memoir explores the harsh realities of life on the streets in contemporary North Korea. Every Falling Star is the memoir of

Sungju Lee, who at the age of twelve was forced to live on the streets of North Korea and fend for himself. To survive, Sungju creates a gang and lives by thieving, fighting, begging, and stealing rides on cargo trains. Sungju richly recreates his scabrous story, depicting what it was like for a boy alone to create a new family with his gang, "his brothers," to daily be hungry and to fear arrest, imprisonment, and even execution. This riveting memoir allows young readers to learn about other cultures where freedoms they take for granted do not exist.

North Korea: Like Nowhere Else Lindsey Miller, 2021-05-06 The first photographic exploration of North Korea, from a Westerner who lived in Pyongyang and explored the country beyond for nearly two years. What happens when you travel to a place where even basic truths are ambiguous? Where sometimes you can't trust your own eyes or feelings? Where the divide between real and imagined is never clear? For two years, Lindsey Miller lived in North Korea, long regarded as one of the most closed societies on earth. As one of Pyongyang's small community of resident foreigners, Lindsey was granted remarkable freedoms to experience the country without government minders. She had a front row seat as North Korea shot into the headlines during an unprecedented period of military tension with the US and the subsequent historic Singapore Summit. However, it was the connection with individuals and their families, and the day-to-day reality of control and repression, that delivered the real revelations of North Korean life, and which left Lindsey utterly changed from the woman who had nervously disembarked from her plane onto an empty runway just two years before. This is her extraordinary photographic account, a testament to the hidden humanity of North Korea. 'There was much of the North Koreans and their way of life that I liked and admired, and Lindsey Miller's book brought back those positive feelings. And if we don't acknowledge those we will never begin to understand the country.' How I Became a North Korean Krys Lee, 2016-08-02 Lee takes us into urgent and emotional novelistic terrain: the desperate and tenuous realms defectors are forced to inhabit after escaping North Korea." -Adam Johnson, author of *The Orphan Master's Son* The more confusing and horrible our world becomes, the more critical the role of fiction in communicating both the facts and the meaning of other people's lives. Krys Lee joins writers like Anthony Marra, Khaled Hosseini and Elnathan John in this urgent work. -San Francisco Chronicle Yongju is an accomplished student from one of North Korea's most prominent families. Jangmi, on the other hand, has had to fend for herself since childhood, most recently by smuggling goods across the border. Then there is Danny, a Chinese-American teenager whose quirks and precocious intelligence have long made him an outcast in his California high school. These three disparate lives converge when they flee their homes, finding themselves in a small Chinese town just across the river from North Korea. As they fight to survive in a place where danger seems to close in on all sides, in the form of government informants, husbands, thieves, abductors, and even missionaries, they come to form a kind of adoptive family. But will Yongju, Jangmi and Danny find their way to the better lives they risked everything for? Transporting the reader to one of the least-known and most threatening environments in the world, and exploring how humanity persists even in the most desperate circumstances, *How I Became a North Korean* is a brilliant and essential first novel by one of our most promising writers. North of the DMZ Andrei Lankov, 2014-01-10 The Kim dynasty has ruled North Korea for over 60 years. Most of that period has found the country suffering under mature Stalinism characterized by manipulation, brutality and tight social control. Nevertheless, some citizens of Kim Jong Il's regime manage to transcend his tyranny in their daily existence. This book describes that difficult but f existence and the world that the North Koreans have created for themselves in the face of oppression. Many features of this world are unique and even bizarre. But they have been created by the citizens to reflect their own ideas and values, in sharp contrast to the world forced upon them by a totalitarian system. Opening chapters introduce the political system and the extent to which it permeates citizens' daily lives, from the personal status badges they wear to the nationalized distribution of the food they eat. Chapters discussing the schools, the economic system, and family life dispel the myth of the workers' paradise that North Korea attempts to perpetuate. In these chapters the intricacies of daily life in a totalitarian dictatorship are seen through the eyes of defectors whose anecdotes constitute an important portion of the material. The closing chapter treats at length the significant changes that have taken place in North Korea over the last decade, concluding that these changes will lead to the quiet but inevitable death of North Korean Stalinism.

Witness to Transformation Stephan Haggard, Marcus Noland, 2010-07-20 Human rights and the protection of refugees is not a concern of left or right, or of the US only; it is an issue of importance to all Koreans, and indeed all countries. Haggard and Noland provide compelling evidence of the ongoing transformation of North Korean society and offer thoughtful proposals as to how the outside world might facilitate peaceful evolution.--Yoon Young-kwan, former Foreign Minister, Rob Moo-byun government --Book Jacket

Becoming Kim Jong Un Jung H. Pak, 2020-04-28 A groundbreaking account of the rise of North Korea's Kim Jong Un—from his nuclear ambitions to his summits with President Donald J. Trump—by a leading American expert “Shrewdly sheds light on the world’s most recognizable mysterious leader, his life and what’s really going on behind the curtain.”—Newsweek When Kim Jong Un became the leader of North Korea following his father's death in 2011, predictions about his imminent fall were rife. North Korea was isolated, poor, unable to feed its people, and clinging to its nuclear program for legitimacy. Surely this twentysomething with a bizarre haircut and no leadership experience would soon be usurped by his elders. Instead, the opposite happened. Now in his midthirties, Kim Jong Un has solidified his grip on his country and brought the United States and the region to the brink of war. Still, we know so little about him—or how he rules. Enter former CIA analyst Jung Pak, whose brilliant Brookings Institution essay “The Education of Kim Jong Un” cemented her status as the go-to authority on the calculating young leader. From the beginning of Kim’s reign, Pak has been at the forefront of shaping U.S. policy on North Korea and providing strategic assessments for leadership at the highest levels in the government. Now, in this masterly book, she traces and explains Kim’s ascent on the world stage, from his brutal power-consolidating purges to his abrupt pivot toward diplomatic engagement that led to his historic—and still poorly understood—summits with President Trump. She also sheds light on how a top intelligence analyst assesses thorny national security problems: avoiding biases, questioning assumptions, and identifying risks as well as opportunities. In piecing together Kim’s wholly unique life, Pak argues that his personality, perceptions, and preferences are underestimated by Washington policy wonks, who assume he sees the world as they do. As the North Korean nuclear threat grows, *Becoming Kim Jong Un* gives readers the first authoritative, behind-the-scenes look at Kim’s character and motivations, creating an insightful biography of the enigmatic man who could rule the hermit kingdom for decades—and has already left an indelible imprint on world history.
