Deshalb sieht die Religion im Mythos ihren Erzfeind und bekämpft ihn, wo sie ihn nicht aufzusaugen, ihn sich nicht einzuverleiben vermag. Romancing the Baal Shem Tov: Martin Buber's Appropriation of Hasidism in His Two Early Hasidic Books, "Die Geschichten Des Rabbi Nachman" (1906) and "Die Legende Des Baalschem" (1908). Violet Lutz,2006 Against the background of the young Martin Buber's discovery of a communal orientation in the Zionist movement, his retellings of Hasidic stories in his two early books reveal a struggle for a new Jewish self-understanding driven by an experience of alienation. The books offer bleak interpretations of exile which draw a hopeful prospect through recourse to German Romanticism. I examine the books from a literary perspective. In Chapter 2, I read three of Buber's six retellings of stories from Rabbi Nahman of Bratslav, in comparison to the Yiddish source texts, showing how Buber's renderings create a new focus on a social dimension. In chapter 3, I illuminate Buber's Legende des Baalschem [Legend of the Baal Shem], as a cohesive literary composition which strives to engage the reader from a mood of existential isolation, toward an elusive goal of social connectedness. In close readings I compare Buber's story Die Offenbarung [The Revelation] to traditional legends about the

'revelation' of Israel ben Eliezer as baal shem and zaddik; and I compare Buber's story Die Predigt des neuen Jahres [The Sermon of the New Year] to his own new retelling of the same story in his mature anthology The Tales of the Hasidim. The foregrounding of the exilic condition in the earlier story gives way in the later version to an appreciation of oblique communal connectedness. In chapter 4, I trace the evolution of Buber's ideas about Jewish exilic history in his cultural Zionist essays, from 1901 to 1905. Finally, chapter 5 provides close readings of three works by Arnold Zweig, as an example of a literary reception of Buber's ideas about Jewish renewal. Zweig's exposition in his two plays, Die Sendung Semaels (originally Ritualmord in Ungarn) and Die Umkehr (based on a story by Buber), as well as in his travel essay Das ostjüdische Antlitz, leads to a radical social utopianism with nihilistic overtones.

The Existential Philosophy of Etty Hillesum Meins G. S. Coetsier, 2014-01-09 In The Existential Philosophy of Etty Hillesum Meins G.S. Coetsier breaks new ground by demonstrating the Jewish existential nature of Etty Hillesum's spiritual and cultural life in light of the writings of Martin Buber, Emmanuel Levinas and Dietrich Bonhoeffer. Hillesum's diaries and letters, written between 1941 and 1943, illustrate her struggle to come to terms with her personal life in the context of the Second World War and the Shoah. By finding God under the rubble of the horrors, she rediscovers the divine presence between humankind, while taking up responsibility for the Other as a way to embrace justice and compassion. In a fascinating, accessible and thorough study, Coetsier dispels much of the confusion that assails readers when they are exposed to the bewildering range of Christian and Jewish influences and other cultural interpretations of her writings. The result is a convincing and profound picture of Etty Hillesum's path to spiritual freedom.

Aesthetics of Renewal Martina Urban, 2009-05-15 Martin Buber's embrace of Hasidism at the start of the twentieth century was instrumental to the revival of this popular form of Jewish mysticism. Hoping to instigate a Jewish cultural and spiritual renaissance, he published a series of anthologies of Hasidic teachings written in German to introduce the tradition to a wide audience. In Aesthetics of Renewal, Martina Urban closely analyzes Buber's writings and sources to explore his

interpretation of Hasidic spirituality as a form of cultural criticism. For Buber, Hasidic legends and teachings were not a static, canonical body of knowledge, but were dynamic and open to continuous reinterpretation. Urban argues that this representation of Hasidism was essential to the Zionist effort to restore a sense of unity across the Jewish diaspora as purely religious traditions weakened—and that Buber’s anthologies in turn played a vital part in the broad movement to use cultural memory as a means to reconstruct a collective identity for Jews. As Urban unravels the rich layers of Buber’s vision of Hasidism in this insightful book, he emerges as one of the preeminent thinkers on the place of religion in modern culture.

Communion in the Messiah Lev Gillet, 2013-12-20 There are two main themes in Gillet's challenging book: substitution of a dialogue for the one-sided mission to the Jews, and communion of Jews and Christians in the one Messiah. Without compromising the Christian position, Gillet shows how much Christians have to learn from Jews before they can hope to communicate their own faith that Jesus is the Christ. After a historical analysis of the intellectual relations between Christianity and Judaism, Gillet eruditely draws out the common element, challenging and correcting misconceptions about Rabbinism and Jewish life and teaching generally, which overlook the two millennia of Jewish thought between the Old Testament and modern times. He shows how close is this connection, and how deeply spiritual is much of Jewish theology. There is, he claims, nothing in Jewish belief that a Jew become Christian ought to reject, while Christianity is the completion and fulfilment of Judaism.

Monsters and Monstrosity in Jewish History Iris Idelson-Shein, Christian Wiese, 2019-02-21 This is the first study of monstrosity in Jewish history from the Middle Ages to modernity. Drawing on Jewish history, literary studies, folklore, art history and the history of science, it examines both the historical depiction of Jews as monsters and the creative use of monstrous beings in Jewish culture. Jews have occupied a liminal position within European society and culture, being deeply immersed yet outsiders to it. For this reason, they were perceived in terms of otherness and were often represented as monstrous beings. However, at the same time, European Jews invoked, with tantalizing ubiquity, images of magical, terrifying and hybrid beings in their texts, art and folktales. These images were used by Jewish authors and artists to push back against their own identification as monstrous or diabolical and to tackle concerns about religious persecution, assimilation and acculturation, gender and sexuality, science and technology and the rise of antisemitism. Bringing together an impressive cast of contributors from around the world, this fascinating volume is an invaluable resource for academics, postgraduates and advanced undergraduates interested in Jewish studies, as well as the history of monsters.

Hasidism as Mysticism Rivka Schatz Uffenheimer, 2015-03-08 Offered here for the first time in English translation, *Hasidism as Mysticism* is a classic in its field. Using the tools of phenomenology, Rivka Schatz Uffenheimer places Hasidism squarely in the context of religious studies. Hasidism's theoretical texts have been largely ignored by historians of the movement, but Schatz Uffenheimer analyzes these materials fully, disclosing the mystical, quietistic tendencies that existed

alongside Hasidism's more activist, popular elements. The author carefully reviewed this translation of her work; it includes a revised introduction with much new material, two new chapters, and an appendix containing a translation, history, and literary analysis of one of the few extant texts attributed to the Baal Shem Tov. Schatz Uffenheimer's inquiry covers the full gamut of Hasidic life and thought, embracing such topics as the emphasis on joy and the concomitant ban on sadness and regret in Hasidism, the focus on contemplative rather than petitionary prayer, the subordination of the mizvot (commandments) to the spiritualistic goal of devequt (attachment to God), and the anarchic elements of Hasidism's approach to life within society. Also discussed are the problematic role of Torah study resulting from this spiritualistic emphasis, the movement's neutralization or internalization of the traditional concept of a historical messiah, and the transformation within Hasidism of traditional concepts borrowed from Kabbalah. The author's illuminating hints as to the affinity between Hasidism and Christian Quietism should be of particular interest to scholars in the field. Rivka Schatz Uffenheimer (1927-1992) was the Edmonton Community Professor of Jewish Mysticism at the Hebrew University of Jerusalem. One of the outstanding students of Gershom Scholem, she forged her own path in the world of scholarship. Her research encompassed a wide range of areas: Zohar and Lurianic Kabbalah, Sabbatianism, Hasidism, and the typology of Jewish messianism. In addition, she was deeply involved in the ongoing discussion concerning the major spiritual and existential issues confronting contemporary Judaism and the State of Israel. Originally published in 1993. Between Redemption and Doom Noah William Isenberg, 1999-01-01 *Between Redemption and Doom* is a revelatory exploration of the evolution of German-Jewish modernism. Through an examination of selected works in literature, theory, and film, Noah Isenberg investigates the ways in which Jewish identity was represented in German culture from the eve of the First World War through the rise of National Socialism. He argues that various responses to modernity—particularly to its social, cultural, and aesthetic currents—converge around the discourse on community: its renaissance, its crisis, and its dissolution. Isenberg opens with a general discussion of German modernism—its primary forms, movements, and manifestations. Subsequent chapters on Franz Kafka and Arnold Zweig deal with particular instances of the modern, and often ambivalent, search for forms of German-Jewish identity based on cultural and ethnic community. Discussions of Paul Wegener's film *Der Golem* and Walter Benjamin's childhood memoirs explore the culmination of German modernism and the modes through which Jews were identified in mass society. Throughout, Isenberg shows how Jewish authors and figures confronted the dilemma of self-understanding—the exigencies of community in the modern world—in language, culture,

memory, and representation.
