National Standards & Grade-Level Outcomes for K-12 Physical Education SHAPE America - Society of Health and Physical Educators,2014-03-13 Focused on physical literacy and measurable outcomes, empowering physical educators to help students meet the Common Core standards, and coming from a recently renamed but longstanding organization intent on shaping a standard of excellence in physical education, National Standards & Grade-Level Outcomes for K-12 Physical Education is all that and much more. Created by SHAPE America — Society of Health and Physical Educators (formerly AAHPERD) — this text unveils the new National Standards for K-12 Physical Education. The standards and text have been retooled to support students' holistic development. This is the third iteration of the National Standards for K-12 Physical Education, and this latest version features two prominent changes: •The term physical literacy underpins the standards. It encompasses the three domains of physical education (psychomotor, cognitive, and affective) and considers not only physical competence and knowledge but also attitudes, motivation, and the social and psychological skills needed for participation. • Grade-level outcomes support the national physical education standards. These measurable outcomes are organized by level (elementary, middle, and high school) and by standard. They provide a bridge between the new standards and K-12 physical education curriculum development and make it easy for teachers to assess and track student progress across grades, resulting in physically literate students. In developing the grade-level outcomes, the authors focus on motor skill competency, student engagement and intrinsic motivation, instructional climate, gender differences, lifetime activity approach, and physical activity. All outcomes are written to align with the standards and with the intent of fostering lifelong physical activity. National Standards & Grade-Level Outcomes for K-12 Physical Education presents the standards and outcomes in ways that will help preservice teachers and current practitioners plan curricula, units, lessons, and tasks. The text also • empowers physical educators to help students meet the Common Core standards; • allows teachers to see the new standards and the scope and sequence for outcomes for all grade levels at a glance in a colorful, easy-to-read format; and • provides administrators, parents, and policy makers with a framework for understanding what students should know and be able to do

as a result of their physical education instruction. The result is a text that teachers can confidently use in creating and enhancing high-quality programs that prepare students to be physically literate and active their whole lives.

**Maximum Middle School Physical Education** Mary Hirt,Irene Ramos,2008 When kids take part in the activities that come from Maximum Middle School Physical Education, they won't be able to wait for their next physical education class! Written and piloted by the 2003 NASPE National Middle School Physical Education Teacher of the Year, the lessons and activities provided in this comprehensive book and CD-ROM package will keep middle school students interested and help you meet your daily challenges as a physical education teacher. Maximum Middle School Physical Education offers a mix of student-centered activities and lesson plans that foster affective growth, physical skills, and knowledge development. It's called maximum physical education because the book and CD-ROM provide much more than just lesson plans, assessment sheets, and activities--it's a detailed guide to a joyful experience in physical education. The authors base their content on current best practices and the National Standards for Physical Education. They help you capture and keep middle schoolers' attention with activities that encompass fitness exercises, social skills, and physical skill development. With this package, you'll be able to -use a wealth of fresh ideas that address the whole middle school student at this vital time of development; - broaden your program's impact with the social, emotional, and personal responsibility threads woven through each lesson; and -use over 150 worksheets, assessments, and other reproducibles to help you minimize prep time and stay organized. The CD-ROM also contains handouts, task cards, posters, and station instructions. The book includes thumbnails of the CD-ROM items so that you know when to include them in your teaching. The text also provides practical information and tested-and-true suggestions on promoting your program and making physical education a maximum learning experience for all involved. Maximum Middle School Physical Education will help you empower students to take responsibility for their own activity and fitness. And it will help you create an environment where your students experience maximum success, joy, and love for movement.

Physical Education Lesson Plans for Classroom Teachers-Grades 4-6 Aeras Publishing,Carol Jahan,2010-06-01 Lesson plan books for classroom teachers to be able to provide a whole year, complete program of physical education for each grade level, K-6. All activities are standard based and follow a sequence so classroom teachers can follow the progression without having to spend a lot of time trying to decide what to teach next. Each game, skill, or fitness activity is labeled for its

appropriate grade level, and the standard it meets, so the teacher is confident in providing a program his/her students will enjoy. It's all been done for the classroom teacher. All he/she has to do is follow the book. In print book format, and ebook format, two editions are available. K-3rd Grade, and Grades 4-6. About the author Carol Jahan is a physical education specialist with over 20 years experience teaching this complete program of physical education for grades K-6. She has developed and taught these programs and helps classroom teachers by providing lesson plans that are easy to follow and teach. She has written these lesson plan books for classroom teachers to follow, and also add their own activities through the school year, to provide a complete program of physical education for their grade level.
