Lord of the Flies William Golding,2012-09-20 A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. First published in 1954, Lord of the Flies is one of the most celebrated and widely read of modern classics. Now fully revised and updated, this educational edition includes chapter summaries, comprehension questions, discussion points, classroom activities, a biographical profile of Golding, historical context relevant to the novel and an essay on Lord of the Flies by William Golding entitled 'Fable'. Aimed at Key Stage 3 and 4 students, it also includes a section on literary theory for advanced or A-level students. The educational edition encourages original and independent thinking while guiding the student through the text - ideal for use in the classroom and at home.

Trapped in a Video Game: The Complete Series Dustin Brady,2020-04-01 Five books in one! With nonstop action, huge plot twists, and tons of humor, this series will quickly have your 7- to 12-year-old video game fan begging for just one more chapter. Getting sucked into a video game is not as much fun as you'd think. Sure, there are jetpacks, hover tanks, and infinite lives, but what happens when the game starts to turn on you? In this best-selling series, 12-year-old Jesse Rigsby finds out just how dangerous video games-and the people making those games - can be. Book One: Trapped in a Video Game Jesse hates video games - and for good reason. You see, a video game character is trying to kill him. After getting sucked into the new game Full Blast with his best friend, Eric, Jesse quickly discovers that he's being followed by a mysterious figure. If he doesn't figure out what's going on fast, he'll be trapped for good! Book Two: The Invisible Invasion Jesse's rescue mission has led him into the world of Go Wild, a Pokemon Go-style mobile game full of hidden danger and invisible monsters. Can Jesse stay alive long enough to sneak into the shady video game company and uncover what they're hiding? Book Three: Robots Revolt The robot villains from Super Bot World 3 have been released into the real world, and it's up to Jesse to get them back. This is Jesse's most dangerous mission yet, because this time, the video game is real. And in the real world, there

are no extra lives. Book Four: Return to Doom Island In this retro adventure, Jesse will need to outsmart a superintelligent android, outlast a tireless drone, and outswim an eight-bit shark. If he can somehow pull all that off, Jesse will discover that he hasn't even gotten to the scary part yet. Book Five: The Final Boss Jesse and Eric have 10 minutes to save the world. In those 10 minutes, they're supposed to dive into a massive video game universe, track down an all-powerful madman, and stop his evil plan before it's too late. Sound impossible? It's super impossible. The clock is ticking.
