Doris Lessing

Me and the Table - My Autobiography Stephen Hendry, 2018-09-06 STEPHEN HENDRY became the youngest professional snooker player in 1985 aged 16 and, in 1990, he was the youngest ever snooker World Champion, at the age of 21. Widely regarded by fans and pundits alike as one of the greatest players of all time in the sport, over a 27-year career, Hendry went on to win the World Championship seven times, and was snooker's world number one for eight consecutive seasons between 1990 and 1998. Hendry retired in 2012 with a record-breaking seven World Champion titles under his belt, a record that remains to this day. He's now ready to tell his life story for the first time - from a childhood spent climbing the ranks of the sport, through the highs of the '90s and lows of the 2000s, to his life now as a sports pundit and commentator. With an insight into the world of the man behind the cue, and what made him such a top-class player, this is the definitive autobiography of the legend that is Stephen Hendry.

Tallulah Tallulah Bankhead, 2023-11-15 Her father and her uncle were U.S. congressmen. Her grandfather was a U.S. senator. Although born to privilege in Alabama and groomed in a convent school, Tallulah Bankhead resolved not to be just another southern belle. Quickly she rose to the top and became an acclaimed actress of London's West End and on the Broadway stage. Her performances in many plays of the 1920s brought her to the notice of Hollywood. She starred in such Paramount films as *My Sin*, *Faithless*, *The Devil and the Deep*, and *Thunder Below*. Even though she won a New York Film Critics Circle Award for her leading role in Alfred Hitchcock's *Lifeboat* (1944), she never achieved the prominence in movies that she enjoyed in the theater and on radio. On the New York stage she originated the starring roles of Regina Giddens in Lillian Hellman's *The Little Foxes* and of Sabina in Thornton Wilder's *The Skin of Our Teeth*. Tallulah, like Eudora, Flannery, and Coretta, was a southern woman identifiable by her first name. Her flamboyant public personality may be the most fully realized and memorable character Bankhead ever played. She became famous for her snappy repartee, candid quotes, and scandalous lifestyle. She was disposed to remove her clothes and chat in the nude. Overfond of Kentucky bourbon and wild parties, she was a lady baritone who called everybody "Dahling." In *Tallulah*, first published in 1952 and a New York Times bestseller for twenty-six weeks, Bankhead's literary voice is as lively and forthright as her public persona. She details her childhood and adolescence, discusses her dedication to the theater, and presents amusing anecdotes about her life in Hollywood, New York, and London. Along with a searing defense of her lifestyle and rambunctious habits, she provides a

fiercely opinionated, wildly funny account of American stage at a time when the movies were beginning to cast theater into eclipse. This is not only a memoir of an independent woman but also an inside look at American entertainment during a golden age.

Undisputed Truth Mike Tyson, 2014-10-28 Be sure to check out *IRON AMBITION: My Life with Cus D'Amato* by Mike Tyson "Raw, powerful and disturbing—a head-spinning take on Mr. Tyson's life."—Wall Street Journal Philosopher, Broadway headliner, fighter, felon—Mike Tyson has defied stereotypes, expectations, and a lot of conventional wisdom during his three decades in the public eye. Bullied as a boy in the toughest, poorest neighborhood in Brooklyn, Tyson grew up to become one of the most ferocious boxers of all time—and the youngest heavyweight champion ever. But his brilliance in the ring was often compromised by reckless behavior. Yet—even after hitting rock bottom—the man who once admitted being addicted “to everything” fought his way back, achieving triumphant success as an actor and newfound happiness and stability as a father and husband. Brutal, honest, raw, and often hilarious, *Undisputed Truth* is the singular journey of an inspiring American original.

An Angel at My Table Janet Frame, 2016-12-01 The autobiography of New Zealand's most significant writer New Zealand's preeminent writer Janet Frame brings the skill of an extraordinary novelist and poet to these vivid and haunting recollections, gathered here for the first time in a single volume. From a childhood and adolescence spent in a poor but intellectually intense railway family, through life as a student, and years of incarceration in mental hospitals, eventually followed by her entry into the saving world of writers and the Mirror City that sustains them, we are given not only a record of the events of a life, but also the transformation of ordinary facts and ideas into a shining palace of mirrors. Frame's journey of self-discovery, from New Zealand to London, to Paris and Barcelona, and then home again, is a heartfelt and courageous account of a writer's beginnings as well as one woman's personal struggle to survive. This book contains selections from the long out-of-print collection entitled *Janet Frame: An Autobiography* (George Brazillier, 1991), which itself was originally published in three volumes: *To the Is-land*, *An Angel at My Table*, and *The Envoy from Mirror City*.

Life from Scratch Sasha Martin, 2016-03 It was a culinary journey like no other: Over the course of 195 weeks, food writer and blogger Sasha Martin set out to cook--and eat--a meal from every country in the world. As cooking unlocked the memories of her rough-and-tumble childhood and the loss and heartbreak that came with it, Martin became more determined than ever to find peace and elevate her life through the prism of food and world cultures. From the tiny, makeshift kitchen of her eccentric, creative mother, to a string of foster homes, to the house from which she launches her own cooking adventure, Marin's heartfelt, brutally honest memoir reveals the power of cooking to bond, to empower, and to heal--and celebrates the simple truth that happiness is created from within--

The Disappearing Spoon Sam Kean, 2010-07-12 From New York Times bestselling author Sam Kean comes incredible stories of science, history, finance, mythology, the arts, medicine, and more, as told by the Periodic Table. Why did Gandhi hate iodine (I, 53)? How did radium (Ra, 88) nearly ruin Marie Curie's reputation? And why is gallium (Ga, 31) the go-to element for laboratory pranksters?* The Periodic Table is a crowning scientific achievement, but it's also a treasure trove of adventure, betrayal, and obsession. These fascinating tales follow every element on the table as they play out their parts in human history, and in the lives of the (frequently) mad scientists who discovered them. THE DISAPPEARING SPOON masterfully fuses science with the classic lore of invention, investigation, and discovery--from the Big Bang through the end of time. *Though solid at room temperature, gallium is a moldable metal that melts at 84 degrees Fahrenheit. A classic science prank is to mold gallium spoons, serve them with tea, and watch guests recoil as their utensils disappear.

From Dissertation to Book William Germano, 2014-02-27 How to transform a thesis into a publishable work that can engage audiences beyond the academic committee. When a dissertation crosses my desk, I usually want to grab it by its

metaphorical lapels and give it a good shake. “You know something!” I would say if it could hear me. “Now tell it to us in language we can understand!” Since its publication in 2005, *From Dissertation to Book* has helped thousands of young academic authors get their books beyond the thesis committee and into the hands of interested publishers and general readers. Now revised and updated to reflect the evolution of scholarly publishing, this edition includes a new chapter arguing that the future of academic writing is in the hands of young scholars who must create work that meets the broader expectations of readers rather than the narrow requirements of academic committees. At the heart of *From Dissertation to Book* is the idea that revising the dissertation is fundamentally a process of shifting its focus from the concerns of a narrow audience—a committee or advisors—to those of a broader scholarly audience that wants writing to be both informative and engaging. William Germano offers clear guidance on how to do this, with advice on such topics as rethinking the table of contents, taming runaway footnotes, shaping chapter length, and confronting the limitations of jargon, alongside helpful timetables for light or heavy revision. Germano draws on his years of experience in both academia and publishing to show writers how to turn a dissertation into a book that an audience will actually enjoy, whether reading on a page or a screen. He also acknowledges that not all dissertations can or even should become books and explores other, often overlooked, options, such as turning them into journal articles or chapters in an edited work. With clear directions, engaging examples, and an eye for the idiosyncrasies of academic writing, he reveals to recent PhDs the secrets of careful and thoughtful revision—a skill that will be truly invaluable as they add “author” to their curriculum vitae.

My Usual Table Colman Andrews, 2014-03-18 A vivid memoir and an “appealing” love letter to great restaurants by a James Beard Award winner and founding editor of *Saveur* (Los Angeles Times). For Colman Andrews, restaurants have been his playground, his theater, his university, his church, his refuge. The establishments he has loved have not only influenced

culinary trends at home and abroad, but represent the changing history and culture of food in America and Western Europe. From his usual table, he has watched the growth of Nouvelle Cuisine and fusion cuisine; the organic and locavore movements; nose-to-tail eating; and so-called “molecular gastronomy.” In *My Usual Table*, Andrews interweaves his own story—from growing up in the sunset years of Hollywood’s golden age and dining at Chasen’s and Trader Vic’s to traveling the world in pursuit of great food—with tales of the restaurants, chefs, and restaurateurs who are emblematic of the revolutions great and small that have forever changed the way we eat, cook, and think about food. “In the hands of a less adept writer, Andrews’ narratives of movie stars cavorting in their favorite restaurant haunts or dining at his parents’ house might seem mere name-dropping, but his respect and affection for these celebrities make for enjoyable storytelling.” —Booklist “A compelling writer . . . his descriptions of restaurants past will lead readers who chronicle their own days in Instagrammed meals on an adventure in armchair time travel.” —San Francisco Chronicle

Ronnie Ronnie O'Sullivan, 2019-11-14 Ronnie is snooker's most written and talked about player, and its greatest showman. His supreme talent and style have made him the People's Champion and, as one commentator put it, 'the question is not how much does Ronnie O'Sullivan need snooker, but how much does snooker need Ronnie O'Sullivan?' A honest and candid account of his extraordinary life, Ronnie tells of the infant who was introduced to legendary snooker clubs at an impossibly early age; of the boy who frightened off the bookies aged just 12; of the teenager whose life was decimated when his father and mentor was sent to prison for life; and of the man dubbed the 'genius' of the modern game who regularly threatened to quit the sport to pursue other interests at the grand old age of 28. 'A fine autobiography ... compelling' - Independent 'O'Sullivan is as frank about his spell in the Priory clinic as he is about his father's murder conviction. His accounts of snooker tournaments and sketches of the sport's personalities will fascinate fans, but even snooker haters will be rooting for Ronnie in the game of life' - OK!

Interesting Steve Davis, 2015-04-09 Steve Davis was just a rookie from Plumstead, south London, learning how to play from an old book his snooker-obsessed father had given him, when an encounter with Barry Hearn changed his life forever. With his backing, Steve began touring the country in a clapped-out car as an amateur. Challenging established professionals

and winning titles, supported by his loyal following the Romford Roar, it wasn't long before he progressed to the world's stage. By the eighties, Steve had helped transform a previously shady sport into a national obsession. He and a cast of legends such as Ray Reardon, Dennis Taylor and Alex Higgins, with other young guns like Jimmy White, were doing silent battle in front of huge audiences. Tens of millions of viewers would witness the nail-biting conclusions of his world championship finals; this was snooker's golden era. The man behind the 'boring' tag has always been the sport's smartest and sharpest man. With his cool, obsessive approach, Steve rewrote the rule book and became untouchably the best player in the world and the best paid sportsman in the country. Interesting lays it all bare: what it was like to win in those pressure-cooker situations; how to cope at the top, when everyone wants you to lose; and how you deal with the moment when a man comes along who is finally better than you. This is a memoir that closely evokes the smoke-filled atmosphere of those arenas, the intrigue behind the scenes and the personal psychology and sacrifice that is required to stay at the top of such an exacting sport.
