Waiting for the Biblioburro Monica Brown, 2013-04-24 Ana loves stories. She often makes them up to help her little brother fall asleep. But in her small village there are only a few books and she has read them all. One morning, Ana wakes up to the clip-clop of hooves, and there before her, is the most wonderful sight: a traveling library resting on the backs of two burros—all the books a little girl could dream of, with enough stories to encourage her to create one of her own. Inspired by the heroic efforts of real-life librarian Luis Soriano, award-winning picture book creators Monica Brown and John Parra introduce readers to the mobile library that journeys over mountains and through valleys to bring literacy and culture to rural Colombia, and to the children who wait for the BiblioBurro. A portion of the proceeds from sales of this book was donated to Luis Soriano's BiblioBurro program.

Writing Awesome Answers to Comprehension Questions (Even the Hard Ones) Nancy Boyles, 2021-05-04 Help

students appreciate texts and write about them with conviction. Responding to a comprehension question is a surprisingly complex task. It draws on multiple skills: students must be able to read and analyze a text passage; consider what aspect of the text the question addresses; and then quickly and concisely write about their ideas, citing evidence to support them. Hence the prominence of constructed-response questions in standardized testing. In this refreshingly clear and upbeat guide, literacy consultant Nancy Boyles gives a step-by-step demonstration of how to help students achieve success with this task—and in the process of unpacking the steps involved, demonstrates how the instruction can inspire teachers' creativity as well as deepen students' literacy skills. Filled with ready-to-use scaffolds for every stage of instruction—sets of sample questions, anchor charts, cue cards, answer frames—this is a one-stop resource for teaching students how to organize their thoughts about what they've read, and then set them down in writing.

The Comprehension Toolkit Stephanie Harvey,Anne Goudvis,2005 Grades 3-6 Active literacy is the means to deeper understanding and diverse, flexible thinking, and is the hallmark of our approach to teaching and learning. Reading, writing, talking, listening, and investigating are the cornerstones of active literacy. The Toolkit captures the language of thinking we use to explicitly teach kids to comprehend the wide variety of informational text they encounter. Through the Toolkit lessons, we demonstrate how the kids adopt and adapt our teaching language as their learning language. - Stephanie Harvey and Anne Goudvis In The Comprehension Toolkit, Stephanie Harvey and Anne Goudvis have created an intensive curricular resource designed to help students understand, respond to, and learn from nonfiction text. By actively engaging students in reading, talking, and writing about information and ideas, The Comprehension Toolkit provides a foundation for developing independent readers and learners across the curriculum and throughout the school year. Framed around the Gradual Release of Responsibility approach, The Comprehension Toolkit provides scaffolded comprehension strategy instruction. First through modeling and guided practice, then releasing responsibility to students through collaborative practice, independent

practice, and application, the Toolkit's lessons teach students to use comprehension strategies flexibly in a variety of texts, topics, and subject areas. Professional Support A series of resources introduce, support, and extend the Toolkit's core lessons. The Teacher's Guide outlines the thinking behind the Toolkit and describes its components, instructional design, and assessment options. The Resources for The Comprehension Toolkit CD-ROM provides an array of print and video resources including a photographic overview of an Active Literacy Classroom, downloadable research articles, templates, assessment masters, and full-colour lesson text. Extend and Investigate helps you extend the Toolkit's comprehension strategies across the curriculum and throughout the year. It provides strategies for content area reading and research, textbook reading, test reading, and a variety of practical bibliographies. 6 Strategy Clusters The 26 strategy lessons in The Comprehension Toolkit are organized into six Strategy Cluster books. Informational Text A series of short, engaging, real-world informational texts provide an effective context for using and practising the Toolkit's comprehension strategies. The Source Book of Short Text provides two kinds of nonfiction text: Lesson Text, 24 articles from children's magazines; and Nonfiction Short Text, 43 short informational articles specially written for the Toolkit.
