Life of Petrarch Ernest Hatch Wilkins.1961 Biography of the 14th century Italian scholar.

The Concept of Negritude in the Poetry of Leopold Sedar Senghor Sylvia Washington Ba.2015-03-08 Negritude has been defined by Léopold Sédar Senghor as the sum of the cultural values of the black world as they are expressed in the life, the institutions, and the works of black men. Sylvia Washington Bâ analyzes Senghor's poetry to show how the concept of negritude infuses it at every level. A biographical sketch describes his childhood in Senegal, his distinguished academic career in France, and his election as President of Senegal. Themes of alienation and exile pervade Senghor's poetry, but it was by the opposition of his sensitivity and values to those of Europe that he was able to formulate his credo. Its key theme, and the supreme value of black African civilization, is the concept of life forces, which are not attributes or accidents of being, but the very essence of being. Life is an essentially dynamic mode of being for the black African, and it has been Senghor's achievement to communicate African intensity and vitality through his use of the nuances, subtleties, and sonorities of the French language. In the final chapter Sylvia Washington Bâ discusses the future of Senghor's belief that the black man's culture should be recognized as valid not simply as a matter of human justice, but because the values of negritude could be instrumental in the reintegration of positive values into western civilization and the reorientation of contemporary man toward life and love. The Colonial System Unveiled Baron De Vastey.2016-01-25 Long neglected in mainstream history books, the Haitian Revolution (1791-1804) is now being claimed across a range of academic disciplines as an event of world-historical importance. The former slaves' victory over their French masters and the creation of the independent nation of Haiti in 1804 is being newly heralded not only as a seminal moment in the transnational formation of the 'black Atlantic' but as the most far-reaching manifestation of 'Radical Enlightenment'. The best known Haitian writer to emerge in the years after the revolution is Baron de Vastey (1781-1820), who authored over ten books and pamphlets between 1814 and his murder in 1820. His first and most incendiary work, *Le système colonial dévoilé* (1814), provides a moving invocation of the horrors of slavery in pre-revolutionary Saint-Domingue. Its trailblazing critique of colonialism anticipates by over a hundred years the anticolonial politics (and poetics) of Césaire, Fanon, and Sartre. Translated here for the first time, Vastey's forceful unveiling

of the colonial system will be compulsory reading for scholars across the humanities.

The Resistance Versus Vichy Peter Novick.1968 Vichy France, officially the French State (État français), was France during the regime of Marshal Philippe Pétain, during World War II, from the German victory in the Battle of France (July 1940) to the Allied liberation in August 1944. Following the defeat in June 1940, President Albert Lebrun appointed Marshal Pétain as Premier of France. After making peace with Germany, Pétain and his government voted to reorganize the discredited Third Republic into an authoritarian regime.--Wikipedia.

What is Emotion? Daniel and Amy Starch Research Professor of Psychology Emeritus Jerome Kagan,Jerome Kagan.2007-01-01 In this sophisticated overview of human emotions, a widely respected psychologist and author addresses the ambiguities and embraces the controversies that surround this intriguing subject. An insightful and lucid thinker, Jerome Kagan examines what exactly we do know about emotions, which popular assumptions about emotions are incorrect, and how scientific study must proceed if we are to uncover the answers to persistent and evasive questions about emotions. Integrating the findings of anthropological, psychological, and biological studies in his wide-ranging discussion, Kagan explores the evidence for great variation in the frequency and intensity of emotion among different cultures. He also discusses variations among individuals within the same culture and the influences of gender, class, ethnicity, and temperament on a person's emotional patina. In his closing chapter, the author proposes that three sources of evidence - verbal descriptions of feelings, behaviours, and measures of brain states - provide legitimate but different definitions of emotion. Translating data from one of these sources to another may not be possible, Kagan warns, and those who study emotions must accept, at least for now, that their understanding is limited to and by the domain of their information

Jules Et Jim Henri Pierre Roché.2011 In free-spirited Paris, Jules and Jim live a carefree, bohemian existence. They write in cafés, travel when the mood takes them, and share the women they love without jealousy. Like Lucie, flawless, an abbess, and Odile, impulsive, mischievous, almost feral. But it is Kate - with a smile the two friends have determined to follow always, but capricious enough to jump in the Seine from spite - who steals their hearts most thoroughly. Henri-Pierre Roché was in his mid-seventies when he wrote this, his autobiographical debut novel. The inspiration for the legendary film, it captures perfectly with excitement and great humour the tenderness of three people in love with each other and with life. With an Afterword by François Truffaut With a new Introduction by Agnes Catherine Poirier 'A perfect hymn to love and perhaps to life.' François Truffaut

Habibi Craig Thompson.2011-09-20 From the internationally acclaimed author of *Blankets* (“A triumph for the genre.”—*Library Journal*), a highly anticipated new graphic novel. Sprawling across an epic landscape of deserts, harems, and modern industrial clutter, *Habibi* tells the tale of Dodola and Zam, refugee child slaves bound to each other by chance, by circumstance, and by the love that grows between them. We follow them as their lives unfold together and apart; as they struggle to make a place for themselves in a world (not unlike our own) fueled by fear, lust, and greed; and as they discover the extraordinary depth—and frailty—of their connection. At once contemporary and timeless, *Habibi* gives us a love story of astounding resonance: a parable about our relationship to the natural world, the cultural divide between the first and third worlds, the common heritage of Christianity and Islam, and, most potently, the magic of storytelling.

Memoirs from Beyond the Grave: 1768-1800 François-René de Chateaubriand.2018-02-20 Written over the course of four decades, François-René de Chateaubriand's epic autobiography has drawn the admiration of Baudelaire, Flaubert, Proust, Roland Barthes, Paul Auster, and W. G. Sebald. In this unabridged section of the Memoirs, spanning the years 1768 to 1800, Chateaubriand looks back on the already bygone world of his youth. He recounts the history of his aristocratic family and the first rumblings of the French Revolution. He recalls playing games on the beaches of Saint-Malo, wandering in the woods near his father's castle in Combourg, hunting with King Louis XVI at Versailles, witnessing the first heads carried on pikes through the streets of Paris, meeting with George Washington in Philadelphia, and falling hopelessly in love with a young woman named Charlotte in the small Suffolk town of Bungay. The volume ends with Chateaubriand's return to France after eight years of exile in England. In this new edition (the first unabridged translation of any portion of the Memoirs to be published in more than a century), Chateaubriand emerges as a writer of great wit and clarity, a self-deprecating egoist whose meditations on the meaning of history, memory, and morality are leavened with a mixture of high whimsy and memorable gloom.

The Flowers of Evil Charles Baudelaire.2019-06-26 Les Flers du Mal, translated as The Flowers of Evil (first published in 1857), originally condemned as obscene, is recognized as a masterpiece, especially remarkable for the brilliant phrasing, rhythm, and expressiveness of its lyrics. Charles Baudelaire (1821-1867) was one of the greatest French poets of the 19th century.

My Father's Glory ; And, My Mother's Castle Marcel Pagnol.1991-09-01 With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving family. These heart-warming stories remind us of how children can invest the smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' Times Literary Supplement
