Rosie and the Nightmares Philip Waechter.2005-11-10 Rosie is haunted by monster nightmares. Waking up in a pool of sweat, she is bound and determined to confront her fears. Her solution is so deft and clever, mixing a deep knowledge of childhood, exuberant energy, and... a kiss, that it will leave young readers cheering and, more important, armed with some of the tools to tackle their own night monsters. Philip Waechter, the creator of the wonderfully all-too-human hero bear in Me!, now shows an equally keen and sensitive appreciation of the dilemmas of childhood. In Rosie he has created a feisty and courageous little heroine, who can stand proudly next to William Steig's Brave Irene and Kevin Henke's Lily.

Collection Care/Sammlungspflege Gabriela Krist.2015-05-21 Prevention is an attempt to look into the future and have a positive influence on it - therefore it is one of the most important aspects in the area of collection care, the central, current field of applied research in conservation and restoration. With sustainability damage and loss are avoided, dangers averted and research conducted. Collection care is only successful, if the theory is appropriately implemented in museum practice.

The Routledge Encyclopedia of Films Sabine Haenni,Sarah Barrow,John White.2014-09-15 The Routledge Encyclopedia of Films comprises 200 essays by leading film scholars analysing the most important, influential, innovative and interesting films of all time. Arranged alphabetically, each entry explores why each film is significant for those who study film and explores the social, historical and political contexts in which the film was produced. Ranging from Hollywood classics to international bestsellers to lesser-known representations of national cinema, this collection is deliberately broad in scope crossing decades, boundaries and genres. The encyclopedia thus provides an introduction to the historical range and scope of

cinema produced throughout the world.

Girl from Mars Tamara Bach.2008-03-01 Miriam is fifteen and she has lived in the same little town her whole life, going to school with the same kids who know everything about her. But now she's in high school and wishing she lived in a big city where she could meet new people and see new things. In other words, like fifteen-year-olds everywhere, Miriam is desperately waiting for her life to start happening. Something, anything -- a first love, perhaps. And then love comes, in a completely unexpected way, when Miriam meets a new classmate, Laura. Suddenly, life is very complicated and unsettling, as Miriam finds herself lying to her girlfriends, avoiding her brother's probing questions, and second guessing every move she makes. Then Philip, Miriam and Laura take a weekend trip to the big city -- a trip that makes everything clear, and more confusing than ever.

The Hands Pulling the Strings Brooke M. Shaffer.2021-12-04 The Gentleman Killers have been decimated and the Tacagans removed from power. With the Borelians as a powerful ally, all the Cult has to do is move in for the kill and take control of the Time industry. This task is decidedly easier said than done, as several obstacles stand in their way, not the least of which is the loss of the Book of Abilities and the mobilization of the Akarin. Not content to sit around and watch everything they've worked for go to waste, Rifun and Cassius decide to take matters into their own hands, but in very different ways. Cassius sets out to destroy those who escaped his massacre, crushing factions as they arise, and playing controlled opposition for the Cult. Rifun, meanwhile, embarks on a spiritual quest, seeking to fulfill his destiny and reclaim his name, but the questions he is presented with prove only that things may not be as simple as they seem. All of this leaves Isthim and Julianna in charge of things back home, with a unique opportunity to shift the balance of power, but in whose favor?

Do Not Become Alarmed Maile Meloy.2018-06-05 The moving and suspenseful new novel that Ann Patchett calls smart and thrilling and impossible to put down... the book that every reader longs for. “This summer’s undoubtable smash hit... an

addictive, heart-palpitating story.” —Marie Claire The sun is shining, the sea is blue, the children have disappeared. When Liv and Nora decide to take their husbands and children on a holiday cruise, everyone is thrilled. The adults are lulled by the ship’s comfort and ease. The four children—ages six to eleven—love the nonstop buffet and their newfound independence. But when they all go ashore for an adventure in Central America, a series of minor misfortunes and miscalculations leads the families farther from the safety of the ship. One minute the children are there, and the next they’re gone. The disintegration of the world the families knew—told from the perspectives of both the adults and the children—is both riveting and revealing. The parents, accustomed to security and control, turn on each other and blame themselves, while the seemingly helpless children discover resources they never knew they possessed. *Do Not Become Alarmed* is a story about the protective force of innocence and the limits of parental power, and an insightful look at privileged illusions of safety. Celebrated for her spare and moving fiction, Maile Meloy has written a gripping novel about how quickly what we count on can fall away, and the way a crisis shifts our perceptions of what matters most.

The Hollow Land Jane Gardam.2015-01-06 The barren, beautiful Cumbrian fells provide the bewitching setting for the adventures of Bell and Harry, two children who find enchanting wonder at every turn, as they explore THE HOLLOW LAND. Everyday challenges give a daring edge to this rural work and play. There are ancient mysteries to explore and uncover, like the case of the Egg Witch, and everyone is curious about the Household Name, a wildly famous Londoner moving in to the jewel of the territory, Light Trees Farm. With painterly ease, Jane Gardam’s stories fly with a marvelous spirit that will delight readers of all ages!

The Noble Art of the Sword Tobias Capwell, Sydney Anglo. 2012 Accompanying a major international exhibition at the Wallace Collection (May - September 2012), this book celebrates the artistic and cultural importance of the sword, as a symbol of power and prestige, as a flamboyant fashion statement and as an icon of the Age of Discovery. It will feature weapons and related works of art from the Wallace Collection as well as other great collections of arms and armor; never-before-seen illustrated works on fencing drawn from the library of the 8th Lord Howard de Walden; and portraits, prints, and drawings that will help place the Renaissance civilian sword in its social and artistic context. It will also explore the ancient origins of the modern sport of fencing, one of only nine original Olympic events practiced since the first Olympiad of the modern era of 1896, revealing a place in history where art and sport converged.

Robert Bosch Peter Theiner. 2019-10-15 Robert Bosch (1861 - 1942) was one of the most successful German entrepreneurs and philanthropists of the 20th century and, at the same time, a pioneer of the social market economy. This book presents a comprehensive and impressive biography of a visionary who thought far ahead of his time like almost no other. Peter Theiner follows the traces of this trailblazer of modernity who founded a global company. 1886, Robert Bosch opened his Werkstätte für Feinmechanik und Elektrotechnik, today's Robert Bosch GmbH, in a modest rear building. Pioneering innovations for motorized vehicles emerged from the young company, and Bosch was quickly able to point to tremendous international successes as an industrialist. Today, his name represents the rise of motor vehicles and electricity in the home. In addition, he also had an impact as a benefactor and philanthropist with a well-developed political profile and a strong sense of social responsibility. In a time of wars and upheaval, in an age of extremes, Bosch positioned himself as a staunch Democrat who cut against the grain of German history.

Two Planets Kurd Lasswitz. 1978 Explorers find a Martian colony at the North Pole. The Martians want to share their knowledge with earth in exchange for a supply of air and energy, but human folly leads to war.

Early Cinema Thomas Elsaesser, Adam Barker. 2019-07-25 In the twenty years preceding the First World War, cinema rapidly developed from a fairground curiosity into a major industry and social institution, a source of information and entertainment for millions of people. Only recently have film scholars and historians begun to study these early years of cinema in their own right and not simply as first steps towards the classical narrative cinema we now associate with Hollywood. The essays in this collection trace the fascinating history of how the cinema developed its forms of storytelling and representation and how it evolved into a complex industry with Hollywood rapidly acquiring a dominant role. These issues can be seen to arise from new readings of the so-called pioneers - Melies, Lumiere, Porter, and Griffith - while also suggesting new perspectives on major European filmmakers of the 1910s and 20s. Editor Thomas Elsaesser complements the contributions from leading British, American, and European scholars with introductory essays of his own that provide a

comprehensive overview of the field. The volume is the most authoritative survey to date of a key area of contemporary film research, invaluable to historians as well as to students of cinema.

A Street Through Time Steve Noon.2012 Take a 12,000-year walk through history Think of the street you live on. Now think of how it may have looked in 10,000 BCE, or in Roman times, or in Victorian England at the height of the Industrial Revolution. Steve Noon's A Street Through Time takes you on a time travelling journey that you won't forget. Beautiful double-page illustrations bring fourteen key periods in history to life. You will see magnificent buildings go up and come down, new churches built on the site of ancient temples, wooden bridges destroyed and then remade in stone, and statues demolished then unearthed many years later. You'll find out how people lived long ago - the tools they used, what they wore, what they ate and what they did all day. In an added twist, you can search for the time traveller in each period and locate the objects that have managed to survive through the ages. Revised and updated for a new generation, Steve Noon's A Street Through Time is perfect for parents and children to look at together. The more you look, the more you'll see.

The Standing Chandelier: A Novella Lionel Shriver.2017-11-02 'A brutal treat' Daily Mail Includes an exclusive first look at Lionel Shriver's new novel, THE MOTION OF THE BODY THROUGH SPACE From the award-winning novelist and short story writer, Lionel Shriver, comes a literary gem, a story about love and the power of a gift.

Trust and Violence Jan Philipp Reemtsma.2012-04-22 A philosophical investigation into the connections between trust and violence The limiting of violence through state powers is one of the central projects of the modern age. Why then have recent centuries been so bloody? In Trust and Violence, acclaimed German intellectual and public figure Jan Philipp Reemtsma demonstrates that the aim of decreasing and deterring violence has gone hand in hand with the misleading idea that violence is abnormal and beyond comprehension. We would be far better off, Reemtsma argues, if we acknowledged the disturbing fact that violence is normal. At the same time, Reemtsma contends that violence cannot be fully understood without delving into the concept of trust. Not in violence, but in trust, rests the foundation of true power. Reemtsma makes his case with a wide-ranging history of ideas about violence, from ancient philosophy through Shakespeare and Schiller to Michel Foucault, and by considering specific cases of extreme violence from medieval torture to the Holocaust and beyond. In the midst of this gloomy account of human tendencies, Reemtsma shrewdly observes that even dictators have to sleep at night and cannot rely on violence alone to ensure their safety. These authoritarian leaders must trust others while, by means other than violence, they must convince others to trust them. The history of violence is therefore a history of the peculiar relationship between violence and trust, and a recognition of trust's crucial place in humanity. A broad and insightful book that touches on philosophy, sociology, and political theory, Trust and Violence sheds new, and at times disquieting, light on two integral aspects of our society.

The Relive Box and Other Stories T.C. Boyle.2017-10-03 While T.C. Boyle is known as one of our greatest American novelists, he is also an acknowledged master of the short story and is perhaps at his funniest, his most moving, and his most surprising in the short form. In *The Relive Box*, Boyle's sharp wit and rich imagination combine with a penetrating social consciousness to produce raucous, poignant, and expansive short stories defined by an inimitable voice. From the collection's title story, featuring a Halcom X1520 Relive Box that allows users to experience anew almost any moment from their past to *The Five-Pound Burrito*, the tale of a man aiming to build the biggest burrito in town, the twelve stories in this collection speak to the humor, the pathos, and the struggle that is part of being human while relishing the whimsy of wordplay and the power of a story well told. In stories that span a variety of styles and genres, Boyle addresses the enduring concerns of the human mind and heart while taking on timely social concerns. *The Relive Box* is an exuberant, linguistically dazzling effort from a vibrant sensibility fully engaged with American society. The Architect, the Cook and Good Taste Petra Hagen Hodgson,Rolf Toyka.2007-03-29 Since time immemorial, cooking and building have been among humanity's most basic occupations. Both of them are rooted in necessity, but both of them also possess a cultural as well as a sensory, aesthetic dimension. And while it is true that cooking is a transitory art form, it gives expression to the periods of human cultural history just as architecture does. Moreover, both arts accord a central role to the materials employed. Both involve measuring and proportioning, shaping and designing, assembling and composing. This book pursues the astonishing parallels and deeply rooted connections between the art of building and that of cooking. A variety of essays takes up questions of materiality and proportioning. Attention will also be given to food cultivation and architecture, to the places where meals are prepared as well as a range of different culinary spaces. With articles by Annette Gigon, Stanislaus von Moos, Claudio Silvestrin, Ian Ritchie, and others.

The Last Day of Creation Wolfgang Jeschke.1982

Jessica's Ghost Andrew Norriss.2014-03-05 Francis has never had a friend like Jessica before. She's the first person he's ever met who can make him feel completely himself. Jessica has never had a friend like Francis before. Not just because he's someone to laugh with every day - but because he's the first person who has ever been able to see her . . . *Jessica's Ghost* is a funny, moving and beautiful book by a master storyteller, about the power of friendship to shine a warm light into dark

places.

The Return of the Time Machine Egon Friedell.1987

Who Got Einstein's Office? Ed Regis.1988-01-22 It was home to Einstein in decline, the place where Kurt Gödel starved himself in paranoid delusion, and where J. Robert Oppenheimer rode out his political persecution in the Director's mansion. It is the Institute for Advanced Study in Princeton, New Jersey; at one time or another, home to fourteen Nobel laureates, most of the great physicists and mathematicians of the modern era, and two of the most exciting developments in twentieth-century science—cellular automata and superstrings. Who Got Einstein's Office? tells for the first time the story of this secretive institution and of its fascinating personalities.

The Gooseboy A. L. Barker.2011-04-18 First published in 1987, The Gooseboy is a tale that is both elegant and grotesque, funny and appalling. Doug and Dulcie Bysshe are twins. Doug - or Bysshe - is now a successful film star living in the south of France and contemplating a new part as a saintly doctor in an African leper colony. Dulcie, busy and energetic, is fighting to retrieve her husband, the mournful and ineffective Pike, who has absconded to Nice with the adolescent Cherrimay Pugh. At the centre of events, is the Gooseboy, a creature with a double face, half faun, half deformed horror... The Gooseboy questions the relations between flesh and spirit, the ridiculous and the terrible. A. L. Barker watches shrewdly and judges from a distance, her pithy and particular prose shining through. 'She writes with a precision and an economy of words which had me gasping.' Auberon Waugh
