My Mother, My Translator Jaspreet Singh, 2021-09-15 In 2008, Jaspreet Singh made a pact with his mother. He would gladly give her the go-ahead to publish her significantly altered translation of a story from his collection, *Seventeen Tomatoes*, if she promised to write her memoirs. After she died in 2012, he decided to take up the memoir she had started. *My Mother, My Translator* is a deeply personal exploration of a complex relationship. It is a family history, a work of mourning, a meditation on storytelling and silences, and a reckoning with trauma--the inherited trauma of the 1947 Partition of India and the direct trauma of the November 1984 anti-Sikh violence Singh experienced as a teenager. Tracing the men and especially the women of his family from the 1918 pandemic through the calamitous events of Partition, *My Mother, My Translator* takes us through Singh's childhood in Kashmir and with his grandparents in Indian Punjab to his arrival in Canada in 1990 to study the sciences, up to the closing moments of 2020, as he tries to locate new forms of stories for living in a present marked by COVID-19 and climate crisis.

Between Colonialism and Diaspora Tony Ballantyne, 2006-08-16 A bold historical reevaluation of constructions of Sikh identity from the late eighteenth century through the early twenty-first.

Learning in the Age of Digital Reason Petar Jandrić, 2017-07-17 *Learning in the Age of Digital Reason* contains 16 in-depth dialogues between Petar Jandrić and leading scholars and practitioners in diverse fields of history, philosophy, media theory, education, practice, activism, and arts. The book creates a postdisciplinary snapshot of our reality, and the ways we experience that reality, at the moment here and now. It historicises our current views to human learning, and experiments with collective knowledge making and the relationships between theory and practice. It stands firmly at the side of the weak and the oppressed, and aims at critical emancipation. *Learning in the Age of Digital Reason* is playful and serious. It addresses important issues of our times and avoids the omnipresent (academic) sin of pretentiousness, thus making an important statement: research and education can be sexy. Interlocutors presented in the book (in order of appearance): Larry

Cuban, Andrew Feenberg, Michael Adrian Peters, Fred Turner, Richard Barbrook, McKenzie Wark, Henry Giroux, Peter McLaren, Siân Bayne, Howard Rheingold, Astra Taylor, Marcell Mars, Tomislav Medak, Ana Kuzmanić, Paul Levinson, Kathy Rae Huffman, Ana Peraica, Dmitry Vilensky (Chto Delat?), Christine Sinclair, and Hamish Mcleod.

Who Controls the Internet? Jack Goldsmith, Tim Wu, 2006-03-17 Is the Internet erasing national borders? Will the future of the Net be set by Internet engineers, rogue programmers, the United Nations, or powerful countries? Who's really in control of what's happening on the Net? In this provocative new book, Jack Goldsmith and Tim Wu tell the fascinating story of the Internet's challenge to governmental rule in the 1990s, and the ensuing battles with governments around the world. It's a book about the fate of one idea--that the Internet might liberate us forever from government, borders, and even our physical selves. We learn of Google's struggles with the French government and Yahoo's capitulation to the Chinese regime; of how the European Union sets privacy standards on the Net for the entire world; and of eBay's struggles with fraud and how it slowly learned to trust the FBI. In a decade of events the original vision is uprooted, as governments time and time again assert their power to direct the future of the Internet. The destiny of the Internet over the next decades, argue Goldsmith and Wu, will reflect the interests of powerful nations and the conflicts within and between them. While acknowledging the many attractions of the earliest visions of the Internet, the authors describe the new order, and speaking to both its surprising virtues and unavoidable vices. Far from destroying the Internet, the experience of the last decade has led to a quiet rediscovery of some of the oldest functions and justifications for territorial government. While territorial governments have unavoidable problems, it has proven hard to replace what legitimacy governments have, and harder yet to replace the system of rule of law that controls the unchecked evils of anarchy. While the Net will change some of the ways that territorial states govern, it will not diminish the oldest and most fundamental roles of government and challenges of governance. Well written and filled with fascinating examples, including colorful portraits of many key players in Internet history, this is a work that is bound to stir heated debate in the cyberspace community.

The Heartfulness Way Kamlesh D. Patel, Joshua Pollock, 2018-06-01 "A must-read for anyone interested in incorporating meditation into their lifestyle." --Sanjay Gupta, MD, chief medical correspondent for CNN Heartfulness is an ideal, a spiritual

way of living by and from the heart that is inclusive of all ideologies, beliefs, and religions. In this heart-centered book, a student in conversation with his teacher, Kamlesh D. Patel—affectionately known as Daaji, the fourth and current spiritual guide of the century-old Heartfulness tradition—present a unique method of meditation with the power to facilitate an immediate, tangible spiritual experience, irrespective of a person’s faith. Our modern, fast-paced world can be an overwhelming place. Every day, we’re bombarded with messages telling us that in order to be happy, fulfilled, and worthy, we must be better, do more, and accumulate as much material wealth as possible. Most of us move through our busy lives with our minds full of these ideas, multitasking as we strive to navigate the responsibilities and expectations we must meet just to make it through the day. But what if there is another way? What if, rather than letting the busyness of life overtake our minds, we learn to be heartfelt instead? Based on Daaji’s own combination of approaches and practices for the modern seeker—which draws from the teachings of Sahaj Marg, meaning “Natural Path”—Heartfulness is a contemporized version of the ancient Indian practice of Raja Yoga, a tradition that enables the practitioner to realize the higher Self within. While many books describe refined states of being, The Heartfulness Way goes further, providing a pragmatic course to experience those states for oneself, which, per the book’s guiding principle, is “greater than knowledge.” Heartfulness meditation consists of four elements—relaxation, meditation, cleaning, and prayer—and illuminates the ancient, defining feature of yogic transmission (or pranahuti), the utilization of divine energy for spiritual growth and transformation. Using the method, detailed practices, tips, and practical philosophy offered in this book, you’ll reach new levels of attainment and learn to live a life more deeply connected to the values of the Heartfulness way—with acceptance, humility, compassion, empathy, and love.

Word, Chant, and Song Harold Coward, 2019-08-20 An accessible introduction to the centrality of word, chant, and song in the Hindu, Buddhist, Islamic, and Sikh traditions. In academic religious studies and musicology, little attention has been given to chanted word, hymns, and songs, yet these are often the key spiritual practices for lay devotees. To address this gap in knowledge, Harold Coward presents a thematic study of sacred sound as it functions in word, chant, and song for devotees in the Hindu, Buddhist, Islamic, and Sikh traditions. Each chapter begins with a brief introduction of a particular tradition’s word/scripture, followed by case studies showcasing the diversity of understanding and the range of chant and song in devotee practice, and concludes with a brief illustration of new trends in music and chant within the tradition. Written in a style that will appeal to both scholars and lay readers, technical terms are clearly explained and case studies explicitly include devotees’ personal experiences of songs and chants in public and private religious ritual. “Accessible, informative, and interesting, this is a fine contribution.” — Anantanand Rambachan, author of *A Hindu Theology of Liberation: Not-Two Is Not One*

101 Essays DiAnn Gilbertson,2021-09-13 In her second compilation of published writing, Brianna Wiest explores pursuing purpose over passion, embracing negative thinking, seeing the wisdom in daily routine, and becoming aware of the cognitive biases that are creating the way you see your life. This book contains never before seen pieces as well as some of Brianna's most popular essays, all of which just might leave you thinking: this idea changed my life.

Exploring Indian Modernities Leïla Choukroune,Parul Bhandari,2018-06-04 This book analyses how multiple and hybrid 'modernities' have been shaped in colonial and postcolonial India from the lens of sociology and anthropology,

literature, media and cultural studies, law and political economy. It discusses the ideas that shaped these modernities as well as the lived experience and practice of these modernities. The two broad foci in this book are: (a) The dynamism of modern institutions in India, delineating the specific ways in which ideas of modernity have come to define these institutions and how institutional innovations have shaped modernities; and (b) perspectives on everyday practices of modernities and the cultural constituents of being modern. This book provides an enriching read by bringing together original papers from diverse disciplines and from renowned as well as upcoming scholars.

Young Sikhs in a Global World Knut A. Jacobsen, Kristina Myrvold, 2016-03-09 In attempting to carve out a place for themselves in local and global contexts, young Sikhs mobilize efforts to construct, choose, and emphasize different aspects of religious and cultural identification depending on their social setting and context. *Young Sikhs in a Global World* presents current research on young Sikhs with multicultural and transnational life-styles and considers how they interpret, shape and negotiate religious identities, traditions, and authority on an individual and collective level. With a particular focus on the experiences of second generation Sikhs as they interact with various people in different social fields and cultural contexts, the book is constructed around three parts: 'family and home', 'public display and gender', and 'reflexivity and translations'. New scholarly voices and established academics present qualitative research and ethnographic fieldwork and analyse how

young Sikhs try to solve social, intellectual and psychological tensions between the family and the expectations of the majority society, between Punjabi culture and religious values.

Declining Grammar and Other Essays on the English Vocabulary Dennis E. Baron, 1989 This book contains 25 essays about English words, and how they are defined, valued, and discussed. The book is divided into four sections. The first section, Language Lore, examines some of the myths and misconceptions that affect attitudes toward language--and towards English in particular. The second section, Language Usage, examines some specific questions of meaning and usage. Section 3, Language Trends, examines some controversial trends in English vocabulary, and some developments too new to have received comment before. The fourth section, Language Politics, treats several aspects of linguistic politics, from special attempts to deal with the ethnic, religious, or sex-specific elements of vocabulary to the broader issues of language both as a reflection of the public consciousness and the U.S. Constitution and as a refuge for the most private forms of expression. Seventeen Tomatoes Jaspreet Singh, 2004 Seventeen Tomatoes is a series of linked stories which revolve around two Sikh boys coming of age in an Indian army camp in Kashmir. Each story takes a minor character from the previous tale and builds a new tale, weaving a collective portrait of the border community. In addition to the boys, Adi (a student of gardens) and Arjun (a budding chemist), we meet a boatman's daughter, a captured Pakistani officer, a celebrity cricket umpire and Parachute Aunty. From modern missiles to cricket matches, from religious miracles to the sumptuous gardens of Shalimar and Nishat, Singh treats beauty and politics and religion in a gentle and humane manner. His scientific knowledge and diction is unusual in a storyteller--like technology and poetry smashing into each other. It's an exciting collision. --Quill & Quire The robust, haunting stories of Jaspreet Singh recite an extraordinary human drama. They create a portrait of Kashmir and India that is at once convoluted, comical, raw and savage, steeped in myth yet paradoxically tempered by science. As the old and the new clash, the stories examine the edges of human experience and their wayward effects upon the heart. --Trevor Ferguson Funny, tragic, elegantly told, these Tales from Kashmir should be read everywhere. --Kristen den Hartog With just the right mix of suspense and lyricism, and an exacting eye for mot juste, Jaspreet Singh weaves a tapestry out of the fabulous and the real. --Taras Grescoe Born in 1969, Jaspreet Singh grew up in India and Kashmir. In 1990 he moved to Montreal, where he received his PhD in Chemical Engineering from McGill University. In March 2002, Quill and Quire identified him as one of the five new talents to watch. His stories have appeared in the Fiddlehead and Francis Ford

Coppola's Zoetrope and he is currently at work on a novel, The Book of Hanging Gardens.
