Zand,2016-05-31 Two unaccompanied children travel across the Mediterranean in an overcrowded boat that has been designed to only make it halfway across... A 63-year-old man is woken one morning by border officers 'acting on a tip-off' and, despite having paid taxes for 28 years, is suddenly cast into the detention system with no obvious means of escape... An orphan whose entire life has been spent in slavery - first on a Ghanaian farm, then as a victim of trafficking - writes to the Home Office for help, only to be rewarded with a jail sentence and indefinite detention... These are not fictions. Nor are they testimonies from some distant, brutal past, but the frighteningly common experiences of Europe's new underclass - its refugees. While those with 'citizenship' enjoy basic human rights (like the right not to be detained without charge for more than 14 days), people seeking asylum can be suspended for years in Kafka-esque uncertainty. Here, poets and novelists retell the stories of individuals who have direct experience of Britain's policy of indefinite immigration detention. Presenting their accounts anonymously, as modern day counterparts to the pilgrims' stories in Chaucer's Canterbury Tales, this book offers rare, intimate glimpses into otherwise untold suffering.

*Evan Penny* Evan Penny,Alberto Fiz,Kunsthalle Tübingen,2011 Evan Penny makes the kind of sculpture that is so realistic, so detailed and so obviously a display of skill that it literally stops people in their tracks. But this alone isn't why the artist's work grabs a viewer, holds onto their gaze and then begins to choreograph their movements around the solid objects he has planted in their space. Penny's standing nude figures and portrait heads invite you to stare, to examine every wrinkle, bump, fleshy imperfection and intimate crevasse. Penny's lifelike figures, modelled with great craftsmanship out of aluminium, silicone, epoxy resin and pigments, have a physical, highly sensuous presence. Nevertheless, they seem artificial. The work reflects on how the human image is presented by modern technologies such as photography, electronic image editing, offset printing and 3D scanning. English, German and Italian text.

The Vintage Years of Airfix Box Art Roy Cross,2009-08-01 Airfix has been commercially producing plastic kits since 1952 and its models have been made by successive generations of young boys and men alike. In the 1960s, a talented graphic artist called Roy Cross was commissioned to paint some of the box art for Airfix, and for a ten-year-period he provided many of the glorious paintings seen on the boxes, setting new standards for realism and accuracy. Many are still being used today, a full four decades later. Inside the pages of this book are some of Roy's best artworks, shown here in full format and in superb detail, with many reproduced here in book form for the very first time. As well as his vintage box art, Roy has included many sketches and alternative versions of his Airfix box art. After Roy left Airfix in 1974, the company went through a turbulent time. The present owners are Hornby, who have ambitious plans for Airfix and the other brands it acquired including Scalextric and Corgi. The decade that Roy Cross worked for Airfix, though, could be classed as their vintage era, with some of their finest models being produced then in their millions, ready for eager youngsters to build up into detailed

miniature models of their favorite aircraft, ships and locomotives.

*Bridges to Scandinavia* Andrea Meregalli, Camilla Storskog, 2016 This volume is the final output of a project started in 2013 on the occasion of the fortieth anniversary of the Scandinavian Section of the University of Milan. A group of scholars working on different European and non-European cultural and literary traditions come together here to discuss the relationships between their areas of study and the Nordic countries. The range of the contributions expands over time and space, from the Middle Ages to the present day, from Poland in the east to the United States in the west, across various European countries. Through various kinds of expertise and different perspectives, this intercultural discourse deals with diverse themes, including the perception of Nordic culture(s) by foreign writers as well as the image of other cultures in Scandinavian works. In particular, the literary and cultural interchange of models and ideas between the North and other areas is investigated in a number of essays devoted to numerous authors, including, among others, Klaus Bödl, Carmen de Burgos, Carlo Emilio Gadda, Gerhart Hauptmann, Henrik Ibsen, Stieg Larsson, Carl von Linné, Rainer Maria Rilke, J.D. Salinger, Henryk Sienkiewicz, Mme de Staël, August Strindberg, and Tomas Tranströmer

**Why China did not have a Renaissance - and why that matters** Thomas Maissen, Barbara Mittler, 2018-06-25

Concepts of historical progress or decline and the idea of a cycle of historical movement have existed in many civilizations. In spite of claims that they be transnational or even universal, periodization schemes invariably reveal specific social and cultural predispositions. Our dialogue, which brings together a Sinologist and a scholar of early modern History in Europe, considers periodization as a historical phenomenon, studying the case of the “Renaissance.” Understood in the tradition of J. Burckhardt, who referred back to ideas voiced by the humanists of the 14th and 15th centuries, and focusing on the particularities of humanist dialogue which informed the making of the “Renaissance” in Italy, our discussion highlights elements that distinguish it from other movements that have proclaimed themselves as “r/Renaissances,” studying, in particular, the Chinese Renaissance in the early 20th century. While disagreeing on several fundamental issues, we suggest that interdisciplinary and interregional dialogue is a format useful to addressing some of the more far-reaching questions in global history, e.g. whether and when a periodization scheme such as “Renaissance” can fruitfully be applied to describe non-European experiences.

**Rome's Revolution** Richard Alston, 2015-05-06 On March 15th, 44 BC a group of senators stabbed Julius Caesar, the dictator of Rome. By his death, they hoped to restore Rome's Republic. Instead, they unleashed a revolution. By December of that year, Rome was plunged into a violent civil war. Three men--Mark Antony, Lepidus, and Octavian--emerged as leaders of a revolutionary regime, which crushed all opposition. In time, Lepidus was removed, Antony and Cleopatra were dispatched,

and Octavian stood alone as sole ruler of Rome. He became Augustus, Rome's first emperor, and by the time of his death in AD 14 the 500-year-old republic was but a distant memory and the birth of one of history's greatest empires was complete. Rome's Revolution provides a riveting narrative of this tumultuous period of change. Historian Richard Alston digs beneath the high politics of Cicero, Caesar, Antony, and Octavian to reveal the experience of the common Roman citizen and soldier. He portrays the revolution as the crisis of a brutally competitive society, both among the citizenry and among the ruling class whose legitimacy was under threat. Throughout, he sheds new light on the motivations that drove men to march on their capital city and slaughter their compatriots. He also shows the reasons behind and the immediate legacy of the awe inspiring and ruthless reign of Emperor Augustus. An enthralling story of ancient warfare, social upheaval, and personal betrayal, Rome's Revolution offers an authoritative new account of an epoch which still haunts us today.

**Medieval and Modern Greek** Robert Browning, 1983 Traces the history of the Greek language from the immediately postclassical or Hellenistic period to the present day. In particular, the historical roots of modern Greek internal bilingualism are traced. First published by Hutchinson in 1969, the work has been substantially revised and updated.
