Jean-Francois Marmion

Architects' Data Ernst Neufert, Peter Neufert. 1991-01-15 This is an essential aid in the initial design and planning of a project. The relevant building type is located by a comprehensive index and cross reference system, a condensed commentary covers user requirements, planning criteria, basic dimensions and other considerations of function, siting aspect etc. A system of references based on an extensive bibliography supports the text. In every section plans, sections, site layouts, design details and graphs illustrated key aspects of a building type's design. Most illustrations are dimensioned or scaled - the metric system of measurement is used throughout, and the equivalent in feet/inches can easily be read either off a graphic scale on the page or from the built-in conversion table. The illustrations are international in origin and include both well know and less famous designers. Architects Data is primarily a handbook of building types rather than of construction techniques and details. However its treatment of components (such as doors and windows) and of spaces for building services is extremely thorough, since consideration of this data is an essential element of the planning process. The opening pages of basic data on man and his buildings cover critical subjects such as scale, drawing practice, noise, light and space for the same reason. Particular attention has also been paid to the implications of energy conservation, means of escape from fire and the needs of the elderly and the disabled.

Grand dictionnaire universel du XIXe siècle, français, historique, géographique, mythologique, bibliographique, littéraire, artistique, scientifique.... Pierre Larousse. 1872

The Cult of Castor and Pollux in Ancient Rome Amber Gartrell. 2021-04-29 The Dioscuri first appeared at the Battle of Lake Regillus in 496 BC to save the new Republic. Receiving a temple in the Forum in gratitude, the gods continued to play an important role in Roman life for centuries and took on new responsibilities as the needs of the society evolved. Protectors of elite horsemen, boxers and sailors, they also served as guarantors of the Republic's continuation and, eventually, as models for potential future emperors. Over the course of centuries, the cult and its temples underwent many changes. In this book, Amber Gartrell explores the evolution of the cult. Drawing on a range of methodological approaches and a wide range of ancient evidence, she focuses on four key aspects: the gods' two temples in Rome, their epiphanies, their protection of

varied groups, and their role as divine parallels for imperial heirs, revealing how religion, politics and society interacted and influenced each other.

A-Z. 1866-70 Pierre Larousse.1872

The Early Roman Expansion into Italy Nicola Terrenato.2019-05-02 Argues that Roman expansion in Italy was accomplished more by means of negotiation among local elites than through military conquest.

Roman Frugality Ingo Gildenhard,Cristiano Viglietti.2020-07-09 Roman Frugality offers the first-ever systematic analysis of the variants of individual and collective self-restraint that shaped ancient Rome throughout its history and had significant repercussions in post-classical times. In particular, it tries to do the complexity of a phenomenon justice that is situated at the interface of ethics and economics, self and society, the real and the imaginary, and touches upon thrift and sobriety in the material sphere, but also modes of moderation more generally, not least in the spheres of food and drink, sex and power. Adopting an interdisciplinary approach drawing on ancient history, philology, archaeology and the history of thought, the volume traces the role of frugal thought and practice within the evolving political culture and political economy of ancient Rome from the archaic age to the imperial period and concludes with a chapter that explores the reception of ancient ideas of self-restraint in early modern times.

The Life of a Simple Man Émile Guillaumin.1921

My Father's Glory ; And, My Mother's Castle Marcel Pagnol.1991-09-01 With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving family. These heart-warming stories remind us of how children can invest the smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' Times Literary Supplement

Pilgrimage and Holy Space in Late Antique Egypt David Frankfurter.2015-08-27 This volume deals with the origins and rise of Christian pilgrimage cults in late antique Egypt. Part One covers the major theoretical issues in the study of Coptic pilgrimage, such as sacred landscape and shrines' catchment areas, while Part Two examines native Egyptian and Egyptian Jewish pilgrimage practices. Part Three investigates six major shrines, from Philae's diverse non-Christian devotees to the great pilgrim center of Abu Mina and a Thecla shrine on its route. Part Four looks at such diverse pilgrims' rites as

oracles, chant, and stational liturgy, while Part Five brings in Athanasius's and an anonymous hagiographer's perspectives on pilgrimage in Egypt. The volume includes illustrations of the Abu Mina site, pilgrims' ampules from the Thecla shrine, as well as several maps.

Bulletin signalétique .1959

The Scribes of Rome Benjamin Hartmann.2020-09-17 In a society in which only a fraction of the population was literate and numerate, being one of the few specialists in reading, writing and reckoning meant the possession of an invaluable asset. The fact that the Roman state heavily relied on these professional scribes in financial and legal administration led to their holding a unique position and status. By gathering and analysing the available source material on the Roman scribae, Benjamin Hartmann traces the history of Rome's public scribes from the early Republic to the Later Roman Empire. He tells the story of men of low social origin, who, by means of their specialised knowledge, found themselves at the heart of the Roman polity, in close proximity to the powerful and responsible for the written arcana of the state – a story of knowledge and power, corruption and contested social mobility.

Dictionary of Modern Colloquial French E A Lovatt Esq, R. J. H 'erail, E. A. Lovatt.2005-09-16 The only French-English dictionary to offer comprehensive, unexpurgated coverage of French slang, with three levels of English translation, ranging from slang through to standard English.

Grooming, Gossip, and the Evolution of Language Robin Ian MacDonald Dunbar.1996 Here, the author examines gossip

as a form of 'verbal grooming', and as a means of strengthening relationships. He challenges the idea that language developed during male activities such as hunting, and that it was actually amongst women that it evolved.

Madame Bovary Gustave Flaubert.1982-06-01 This exquisite novel tells the story of one of the most compelling heroines in modern literature--Emma Bovary. Madame Bovary has a perfection that not only stamps it, but that makes it stand almost alone; it holds itself with such a supreme unapproachable assurance as both excites and defies judgement. - Henry James Unhappily married to a devoted, clumsy provincial doctor, Emma revolts against the ordinariness of her life by pursuing voluptuous dreams of ecstasy and love. But her sensuous and sentimental desires lead her only to suffering corruption and downfall. A brilliant psychological portrait, Madame Bovary searingly depicts the human mind in search of transcendence. Who is Madame Bovary? Flaubert's answer to this question was superb: Madame Bovary, c'est moi. Acclaimed as a masterpiece upon its publication in 1857, the work catapulted Flaubert to the ranks of the world's greatest novelists. This volume, with its fine translation by Lowell Bair, a perceptive introduction by Leo Bersani, and a complete supplement of essays and critical comments, is the indispensable Madame Bovary.

The Psychology of Stupidity Jean-Francois Marmion.2020-10-06 We need books like this one. --Steven Pinker At last, stupidity explained! And by some of the world's smartest people, among them Daniel Kahneman, Dan Ariely, Alison Gopnik, Howard Gardner, Antonio Damasio, Aaron James, and Ryan Holiday. And so I proclaim, o idiots of every stripe and morons of all kinds, this is your moment of glory: this book speaks only to you. But you will not recognize yourselves... Stupidity is all around us, from the coworker who won't stop hitting reply all to the former high school classmate posting conspiracy theories on Facebook. But in order to vanquish it, we must first understand it. In *The Psychology of Stupidity*, some of the world's leading psychologists and thinkers--including a Nobel Prize winner and bestselling authors--will show you... why smart people sometimes believe in utter nonsense; how our lazy brains cause us to make the wrong decisions; why trying to debate fools is a trap; how media manipulation and Internet overstimulation make us dumber; why the stupidest people don't think they're stupid. The wisdom and wit of these experts are a balm for our aggrieved souls and a beacon of hope in a world of morons.

A Companion to Livy Bernard Mineo.2014-09-15 A Companion to Livy features a collection of essays representing the most up-to-date international scholarship on the life and works of the Roman historian Livy. Features contributions from top Livian scholars from around the world Presents for the first time a new interpretation of Livy's historical philosophy, which represents a key to an overall interpretation of Livy's body of work Includes studies of Livy's work from an Indo-European comparative aspect Provides the most modern studies on literary archetypes for Livy's narrative of the history of early Rome

Dictionary of Building and Civil Engineering Don Montague.2003-09-02 This dual-language dictionary lists over 20,000 specialist terms in both French and English, covering architecture, building, engineering and property terms. It meets the

needs of all building professionals working on projects overseas. It has been comprehensively researched and compiled to provide an invaluable reference source in an increasingly European marketplace.

Women's Human Rights Niamh Reilly.2013-04-23 *Women's Human Rights: Seeking Gender Justice in a Globalising Age* explores the emergence of transnational, UN-oriented, feminist advocacy for women's human rights, especially over the past three decades. It identifies the main feminist influences that have shaped the movement liberal, radical, third world and cosmopolitan and exposes how the Western, legalist, state-centric, and liberal biases of mainstream human rights discourse impede the realisation of human rights in women's lives everywhere. The book traces the evolution of the women's human rights movement through an examination of its key issues, debates, and practical interventions in international law and policy arenas. This includes efforts to: Develop global gender equality norms via the UN Women's Convention Frame violence against women as a human rights issue Address gender-based crimes in conflict situations, include women in conflict resolution and post-conflict reconstruction, and challenge new forms of militarism Highlight the gendered human rights dimensions of widening inequalities in a context of neo-liberal globalisation Develop human rights responses to anti-feminist fundamentalist movements with a focus on reproductive and sexual rights Ultimately, *Women's Human Rights* reaffirms a commitment to critically reinterpreted universal human rights principles and demonstrates the vital role that bottom-up, transnational movements play in making them a reality in women's lives.

Building an Emergency Plan .2000-02-03 *Building an Emergency Plan* provides a step-by-step guide that a cultural institution can follow to develop its own emergency preparedness and response strategy. This workbook is divided into three parts that address the three groups generally responsible for developing and implementing emergency procedures—institution directors, emergency preparedness managers, and departmental team leaders—and discuss the role each should play in devising and maintaining an effective emergency plan. Several chapters detail the practical aspects of communication, training, and forming teams to handle the safety of staff and visitors, collections, buildings, and records. Emergencies covered include natural events such as earthquakes or floods, as well as human-caused emergencies, such as

fires that occur during renovation. Examples from the Barbados Museum and Historical Society, the Museo de Arte Popular Americano in Chile, the Mystic Seaport Museum in Connecticut, and the Seattle Art Museum show how cultural institutions have prepared for emergencies relevant to their sites, collections, and regions.
