**The Cowboy** Hildegard Muller.2015-01-23 Anna thinks the boy in the cowboy hat looks silly—but he's the only one who can save the day in this Guided Reading Level F story. It's a beautiful day! Anna and her toy dog, Toto, are all set to visit the beach, where the girl will teach her pup to swim. Toto is a quick learner, and Anna is having fun—until a wave pushes the floating toy far out into the ocean. No one knows how to save Toto—except for the boy in the cowboy hat, who leaps into action to lasso the wayward dog! Maybe he's not so silly after all. This richly-illustrated story about friendship and first impressions is perfect for young readers just beginning to tackle more complex sentence structures. The bright, charming artwork adds humorous detail—from Toto's tiny wheels to the Cowboy's aura of mystery—and helps support understanding of the text. The award-winning I Like to Read® series focuses on guided reading levels A through G, based upon Fountas and Pinnell standards. Acclaimed author-illustrators—including winners of Caldecott, Theodor Seuss Geisel, and Coretta Scott King honors—create original, high quality illustrations that support comprehension of simple text and are fun for kids to read with parents, teachers, or on their own! Level F books, for early first graders, feature longer, more varied sentences than Level E. Level F books encourage kids to decode new multi-syllable words in addition to recognizing sight words. Stories are more complex, and illustrations provide support and additional detail. When Level F is mastered, follow up with Level G.

*Modern Splicing* Egmont M Friedl.2021-06-28 For marine, boating, and climbing amateurs and professionals at all levels, splices--the strongest way of attaching or joining the end of a rope--are essential. Why? Because a splice gives the strongest way of attaching or joining the end of a rope to any object or to another rope. (Every knot, on the other hand, weakens a rope.) In this much-anticipated handbook, world-renowned expert Friedl guides you through modern splicing techniques with his clear directions, one-of-a-kind color diagrams, and 200+ color photos. The book is supplemented by four-plus hours of excellent video instruction. Throughout, every type of splice is shown by an expert climber and shipbuilder. Learn what to know before starting to splice, then build a solid understanding and competence of modern cordage, its construction, and its fiber materials. Friedl has over 35 years of sailing experience, including several Atlantic crossings, and is also a professional climber. He teaches seminars and workshops on modern splicing worldwide, and in 2006, Friedl made the modern soft shackle internationally known. Now, his much-anticipated book allows you, whether you are a hobbyist or a professional, to leverage splicing skills to become more self-reliant while making your maritime or climbing pursuits safer.

Bigger Than a Dream Jef Aerts.2020-11-03 People fear death. We don't know how to talk about it, especially to children, and we're afraid to bring it up for fear of making people sadder. Yet children, especially, have questions, and this incredibly gentle and surprisingly light story is full of both comfort and vividly imagined answers. The first one gives the book its title: A boy hears the voice of his sister calling him one day, a sister he's never met because she died before he was born. The sister in the faded photograph on the wall. So that night he asks his mother what death is like and she tells him, It's like dreaming, only bigger. That's lovely, but he still has questions, which it turns out his sister can answer! On a dreamy, carefree adventure they ride their bikes together, (not always on the ground), visiting places that were special to her when she was alive. And she talks to him in the older sister, teasing, straightforward, loving way that is exactly what he needs. (It turns out that death is not the only thing that can be Bigger Than a Dream.) Much, much more than bibliotherapy, this is a work of art that speaks with honesty and tenderness about one of life's great mysteries.
