Norwegian in Three Months Oivind Blom.1999 Now learning a foreign language can be enjoyable as well as challenging, and not require a trip back to the classroom. Available in both book-only or book-and-cassette format, these Three-Month Language Courses are outstanding self-study programs designed for the individual seeking to acquire a good working knowledge of a language in a short amount of time. Devoting just over an hour daily to the course, the program provides grammar lessons, contextual conversation drills, relevant word lists, and graded exercises, giving you an immediate and practical grasp of the language. In addition, pronunciation is made easy with Hugo's unique imitated pronunciation system, which represents foreign sounds with English syllables. Whether you are a businessman tackling an international account, a student preparing for an adventurous holiday, or simply a lover of new languages, the Three-Month Language Course makes learning easy, satisfying, and more fun than ever before.

Babel No More Michael Erard.2012-01-10 A “fascinating” (The Economist) dive into the world of linguistics that is “part

travelogue, part science lesson, part intellectual investigation...an entertaining, informative survey of some of the most fascinating polyglots of our time” (The New York Times Book Review). In *Babel No More*, Michael Erard, “a monolingual with benefits,” sets out on a quest to meet language superlearners and make sense of their mental powers. On the way he uncovers the secrets of historical figures like the nineteenth-century Italian cardinal Joseph Mezzofanti, who was said to speak seventy-two languages, as well as those of living language-superlearners such as Alexander Arguelles, a modern-day polyglot who knows dozens of languages and shows Erard the tricks of the trade to give him a dark glimpse into the life of obsessive language acquisition. With his ambitious examination of what language is, where it lives in the brain, and the cultural implications of polyglots’ pursuits, Erard explores the upper limits of our ability to learn and use languages and illuminates the intellectual potential in everyone. How do some people escape the curse of Babel—and what might the gods have demanded of them in return?

Rely on Teach Yourself, trusted by language learners for over 75 years

Remembering the Kanji 2 James W. Heisig.2012-04-30 Following the first volume of *Remembering the Kanji*, the

present work provides students with helpful tools for learning the pronunciation of the kanji. Behind the notorious inconsistencies in the way the Japanese language has come to pronounce the characters it received from China lie several coherent patterns. Identifying these patterns and arranging them in logical order can reduce dramatically the amount of time spent in the brute memorization of sounds unrelated to written forms. Many of the “primitive elements,” or building blocks, used in the drawing of the characters also serve to indicate the “Chinese reading” that particular kanji use, chiefly in compound terms. By learning one of the kanji that uses such a “signal primitive,” one can learn the entire group at the same time. In this way, Remembering the Kanji 2 lays out the varieties of phonetic pattern and offers helpful hints for learning readings, that might otherwise appear completely random, in an efficient and rational way. Individual frames cross-reference the kanji to alternate readings and to the frame in volume 1 in which the meaning and writing of the kanji was first introduced. A parallel system of pronouncing the kanji, their “Japanese readings,” uses native Japanese words assigned to particular Chinese characters. Although these are more easily learned because of the association of the meaning to a single word, the author creates a kind of phonetic alphabet of single syllable words, each connected to a simple Japanese word, and shows how they can be combined to help memorize particularly troublesome vocabulary. The 4th edition has been updated to include the 196 new kanji approved by the government in 2010 as “general-use” kanji.

Fluent Forever Gabriel Wyner. 2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with pronunciation, you’ll learn how to rewire your ears and turn foreign sounds into familiar sounds. You’ll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you’ll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you’ll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Learn Norwegian - Level 1: Introduction to Norwegian Innovative Language Learning, NorwegianClass101.com.

Norwegian Verbs And Essentials of Grammar Louis Janus. 1999-02-01 This compact volume offers an integrated guide to both Norwegian verbs and the basics of grammar. All the major verbal and grammatical concepts of the language are presented.

Educating for Advanced Foreign Language Capacities Heidi Byrnes, Heather D. Weger, Katherine A. Sprang. 2006-10-06
Advanced language learning has only recently begun to capture the interest and attention of applied linguists and professionals in language education in the United States. In this breakthrough volume, experts in the field lay the groundwork for approaching the increasingly important role of advanced language learning in the larger context of multilingual societies, globalization, and security. This volume presents both general and theoretical insights and language-specific considerations in college classrooms spanning a range of languages, from the commonly taught languages of English, French, and German to the less commonly taught Farsi, Korean, Norwegian, and Russian. Among theoretical frameworks likely to be conducive to imagining and fostering instructed advancedness in a second language, this volume highlights a cognitive-semantic approach. The theoretical and data-based findings make clear that advanced learners in particular are characterized by the capacity to make situated choices from across the entire language system, from vocabulary and grammar to discourse features, which suggests the need for a text-oriented, meaning-driven approach to language teaching, learning, and research. This volume also considers whether and how information structuring in second-language composition reveals first-language preferences of grammaticized concepts. Other topics include curricular and instructional approaches to narrativity, vocabulary expansion, the demands on instructed programs for efficiency and effectiveness in order to assure advanced levels, and learners' ability to function in professional contexts with their diverse oral and written genre requirements. Finally, the volume probes the role and nature of assessment as a measurement tool for both researching and assessing advanced language learning and as an essential component of improving programs.

Beginner's Swedish Scott A. Mellor. 2006 An introduction to the Swedish language, with ten lessons that include basic vocabulary, dialogues, discussions of grammar, exercises, cultural information, a comparison of Swedish and English, and two eighty-minute audio CDs.

How to Learn a Foreign Language Paul Pimsleur. 2013-10 Explains how to learn foreign languages, offering practical advice for overcoming the obstacles.

Million Dollar Women Julia Pimsleur. 2015-10-06 The “useful and inspiring” (Diane von Furstenberg) guide for female entrepreneurs who want to take their businesses into the big leagues. “Do you have an ambitious vision for your business, but aren’t sure what to do next? Successful entrepreneur Julia Pimsleur provides an invaluable guide for any woman who wants to make a big jump” (Gretchen Rubin, author of *Better Than Before* and *The Happiness Project*). Over the past twenty years, women in the US have started nearly twice as many businesses as men, but only three percent of all women business owners ever make revenues of one million dollars or more. Most are stuck running kitchen-table businesses, just getting by, or in many cases, running out of cash. Julia Pimsleur aims to change that with *Million Dollar Women*, which will show you how to take your business to that million-dollar mark and beyond. *Million Dollar Women* introduces you to Pimsleur and

seven other women who have raised capital, developed powerful networks, and built multimillion-dollar companies from scratch. It teaches you the concepts and the vocabulary you need to secure funding and scale up. It explains how to make the right connections, when to delegate, and when to seek coaching and support. Drawing on her own experience of becoming a CEO, Pimsleur also provides help for overcoming the hurdles you have to clear to leap to that next level. "With thought-provoking interviews of women entrepreneurs and other business experts and important exercises at the end, this resourceful book is rich in ideas and valuable insight" (Booklist).

Deutsch Ohne Mühe Heute Hilde Schneider.1987 This book aims to take users from scratch to having a solid base in German within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

Beginner's Norwegian with 2 Audio CDs Laura Žiūkaitė-Hansen.2012

Norwegian Conversation Margaretha Danbolt Simons.2006 This stand-alone, all-audio course can be used by those who have little or no knowledge of the language, by those who want to learn or brush up basic conversation skills, and by more advanced learners who require extra audio material to complement their current courses. The ten units or 'conversations' cover the situations you are most likely to find yourself in while on holiday or on business abroad. They are divided into two

parts, with a dialogue in each part. The dialogue in Part 2 reuses the vocabulary and phrases from Part 1 in a slightly different context. Both parts start with an introduction to the words and phrases you'll need, followed by the dialogue. Finally it's 'Over to you': you take part in the same dialogues following the English prompts, playing all the roles in turn. So you get lots of opportunity to practise! Frequent track markers divide the CDs up into short, easy-to-use clips.

Longman Dictionary of Language Teaching and Applied Linguistics Jack C. Richards, Richard W. Schmidt. 2013-11-04 This best-selling dictionary is now in its 4th edition. Specifically written for students of language teaching and applied linguistics, it has become an indispensable resource for those engaged in courses in TEFL, TESOL, applied linguistics and introductory courses in general linguistics. Fully revised, this new edition includes over 350 new entries. Previous definitions have been revised or replaced in order to make this the most up-to-date and comprehensive dictionary available. Providing straightforward and accessible explanations of difficult terms and ideas in applied linguistics, this dictionary offers: Nearly 3000 detailed entries, from subject areas such as teaching methodology, curriculum development, sociolinguistics, syntax and phonetics. Clear and accurate definitions which assume no prior knowledge of the subject matter helpful diagrams and tables cross references throughout, linking related subject areas for ease of reference, and helping to broaden students' knowledge The Dictionary of Language Teaching and Applied Linguistics is the definitive resource for students.

Words on Cassette .2000

Enjoy Norwegian: Teach Yourself Elizabeth Moorhead Halvorsen. 2016-06-21 Using authentic conversations between native speakers as a basis, this course will help you to improve and build upon the language you already have so that you develop your skills to a level where you can enjoy talking and understand what is said. You will be introduced to more colloquial Norwegian so you will sound more natural when speaking and gain confidence. If you already know some French and want to take it further, this is the course for you. It is a great refresher course, as well as being an easy way to build upon and improve your existing Norwegian. Taking you from a good intermediate level (B2 of the Common European Framework), this book and audio course helps you to progress up to C1 by offering: Workbook plus MP3 CD-ROM of audio files Carefully leveled and sequenced material - a solid path to build up your knowledge. Quality listening and reading input - day-to-day conversations but also speeches, interviews and newspaper articles. Fluency building - reach a level where you can discuss sophisticated ideas in Norwegian Full of authentic texts and dialogues about complex subjects, this course covers a wide range of topics of the sort you will want to talk about when in France and teaches you the kind of everyday language and features of speech that will enable you to communicate with confidence and feel comfortable taking part in conversation with native speakers of Norwegian. The choice of material aims to give you something of the flavour of Norway today and each unit is based around a single theme with lively interviews and conversations on the accompanying recording. There are activities based on the interviews and texts to help you remember what you've learnt and put your knowledge into practice.

The units are divided into sessions - to help you organize your learning time and break up the material into manageable chunks - and there are reminders throughout to refresh your memory of points you have learnt.

The Mystery of Nils. Part 1 - Norwegian Course for Beginners. Learn Norwegian - Enjoy the Story. Werner Skalla.2014-05-07 We all hate text books that begin with Hello, what's your name?, don't we? The Mystery of Nils is a coherent story, which starts very simply, but develops into a fascinating novel. Can't stop reading? Well then you will have to learn Norwegian! We have carefully selected the most frequently used words in the Norwegian language and made sure that the story is primarily made up of them. Separate texts and exercises focus on conversational topics that will prepare you for living in Norway. Grammar is a headache? Not with The Mystery of Nils. Uncover the structure of the Norwegian language with pictures, casual yet comprehensive explanations, and a lot of easy to remember examples. Repetition is the key to learning a language. At www.skapago.eu/nils you will find a great number of exercises, a vocabulary trainer, videos about pronunciation, and a whole lot more. Our Norwegian teachers have co-created this book. They know all the obstacles you might incur and can help you with individual training. Since we teach through online video conferences, you can take lessons wherever you are on this planet. Schedule a free demo lesson at www.skapago.eu. This is the story: Erna Langvik gives her eight year old granddaughter a special birthday present: a doll inspired by the traditional Norwegian mythical creature Nisse. Nils as the doll is called leads a happy life with his new family in Oslo. But due to an accident, Nils finds out that he means a lot more to Erna than just being a birthday present. Without knowing it, he has been carrying a painful secret, and during an adventurous trip to Northern Norway, he helps Erna to make one of the most important decisions of her life.

The Way of the Linguist Steve Kaufmann.2005-11 The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages.

He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Short Stories in Norwegian for Beginners Olly Richards.2020-01-23 An unmissable collection of eight unconventional and captivating short stories for young and adult learners of Norwegian. Olly's top-notch language-learning insights are right in line with the best of what we know from neuroscience and cognitive psychology about how to learn effectively. If you want to practice your speaking and listening skills, Get Talking and Keep Talking Norwegian (9781444184181) is the perfect audio course. Rely on Teach Yourself, trusted by language learners for over 75 years

Fluent in 3 Months Benny Lewis.2014-03-11 Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time language hacker, someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or the language gene to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.
