The Authentics Abdi Nazemian,2017-08-08 The Authentics is a fresh, funny, and insightful novel about culture, love, and family—the kind we are born into and the ones we create. Daria Esfandiyar is Iranian-American and proud of her heritage, unlike some of the “Nose Jobs” in the clique led by her former best friend, Heidi Javadi. Daria and her friends call themselves the Authentics, because they pride themselves on always keeping it real. But in the course of researching a school project, Daria learns something shocking about her past, which launches her on a journey of self-discovery. It seems everyone is keeping secrets. And it’s getting harder to know who she even is any longer. With infighting among the Authentics, her mother planning an over-the-top sweet sixteen party, and a romance that should be totally off limits, Daria doesn’t have time for this identity crisis. As everything in her life is spinning out of control—can she figure out how to stay true to herself?

The Death of Expertise Tom Nichols,2024 In the early 1990s, a small group of AIDS denialists, including a University of California professor named Peter Duesberg, argued against virtually the entire medical establishment's consensus that the human immunodeficiency virus (HIV) was the cause of Acquired Immune Deficiency Syndrome. Science thrives on such

counterintuitive challenges, but there was no evidence for Duesberg's beliefs, which turned out to be baseless. Once researchers found HIV, doctors and public health officials were able to save countless lives through measures aimed at preventing its transmission--

Laguna Cove Alyson Noël,2006-07-25 In Alyson Noël's Laguna Cove, moving to sunny Southern Cal feels like punishment to 17-year-old Anne. And then there's Ellie: beautiful, competitive queen of the social scene who takes an instant disliking to Anne. All that is Solid Melts Into Air Marshall Berman,1983 The experience of modernization -- the dizzying social changes that swept millions of people into the capitalist world -- and modernism in art, literature and architecture are brilliantly integrated in this account.

High Noon Glenn Frankel,2017-02-21 From the New York Times-bestselling author of *The Searchers*, the revelatory story behind the classic movie *High Noon* and the toxic political climate in which it was created. It's one of the most revered movies of Hollywood's golden era. Starring screen legend Gary Cooper and Grace Kelly in her first significant film role, *High Noon* was shot on a lean budget over just thirty-two days but achieved instant box-office and critical success. It won four Academy Awards in 1953, including a best actor win for Cooper. And it became a cultural touchstone, often cited by politicians as a favorite film, celebrating moral fortitude. Yet what has been often overlooked is that *High Noon* was made during the height of the Hollywood blacklist, a time of political inquisition and personal betrayal. In the middle of the film shoot, screenwriter Carl Foreman was forced to testify before the House Committee on Un-American Activities about his former membership in the Communist Party. Refusing to name names, he was eventually blacklisted and fled the United States. (His co-authored screenplay for another classic, *The Bridge on the River Kwai*, went uncredited in 1957.) Examined in light of Foreman's testimony, *High Noon*'s emphasis on courage and loyalty takes on deeper meaning and importance. In this book, Pulitzer Prize-winning journalist Glenn Frankel tells the story of the making of a great American Western, exploring how Carl Foreman's concept of *High Noon* evolved from idea to first draft to final script, taking on allegorical weight. Both the classic film and its turbulent political times emerge newly illuminated.

The Grove Book of Hollywood Christopher Silvester,2007-12-01 A “treasure trove” of insider accounts of the movie business from its earliest beginnings to the present day—“exceedingly savvy . . . astute and entertaining” (*Variety*). *The Grove Book of Hollywood* is a richly entertaining anthology of anecdotes and reminiscences from the people who helped make the City of Angels the storied place we know today. Movie moguls, embittered screenwriters, bemused outsiders such as P. G. Wodehouse and Evelyn Waugh, and others all have their say. Organized chronologically, the pieces form a history of Hollywood as only generations of insiders could tell it. We encounter the first people to move to Hollywood, when it was a dusty village on the outskirts of Los Angeles, as well as the key players during the heyday of the studio system in the 1930s. We hear from victims of the blacklist and from contemporary players in an industry dominated by agents. Coming from a wide variety of sources, the personal recollections range from the affectionate to the scathing, from the cynical to the grandiose. Here is John Huston on his drunken fistfight with Errol Flynn; Cecil B. DeMille on the challenges of filming *The Ten Commandments*; Frank Capra on working for the great comedic producer Mark Sennett; William Goldman on the strange behavior of Hollywood executives in meetings; and much more. “A masterly, magnificent anthology,” *The Grove Book of Hollywood* is a must for anyone fascinated by Hollywood and the film industry (*Literary Review*, London).

Oil! Upton Sinclair, 1927 First edition of Sinclair's savage satire, loosely based on the life and career of Edward L. Doheny, and the Teapot Dome scandal of the Harding administration. Although Sinclair's famous novel *The Jungle* deals with Chicago's meatpacking industry, he moved west to Pasadena in 1916 and began writing novels set in California, the best of which was *Oil!*, the story of the education of Bunny Ross, son of wildcat oil man Joe Ross after oil is discovered outside Los Angeles. The novel was the basis for Paul Thomas Anderson's 2007 film *There Will Be Blood*. In *California Classics*, Lawrence Clark Powell called *Oil!* Sinclair's most sustained and best writing.

Fast Food Nation Eric Schlosser, 2012 An exploration of the fast food industry in the United States, from its roots to its long-term consequences.

The Fervent Years Harold Clurman, 1983-03-22 The Group Theatre was perhaps the most significant experiment in the history of American theater. Producing plays that reflected topical issues of the decade and giving a creative chance to actors, directors, and playwrights who were either fed up with or shut out of commercial theater, the Group remains a permanent influence on American drama despite its brief ten-year life. It was here that method acting, native realism, and political language had their tryouts in front of audiences who anticipated--indeed demanded--a departure from the Broadway show-biz tradition. In this now classic account, Harold Clurman, founder of the Group Theatre and a dynamic force as producer-director-critic for fifty years, here re-creates history he helped make with Lee Strasberg, Elia Kazan, Irwin Shaw, Clifford Odets, Cheryl Crawford, Morris Carnovsky, and William Saroyan. Stella Adler contributed a new introduction to this edition which remembers Clurman, the thirties, and the heady atmosphere of a tumultuous decade.
