Only a Joke Can Save Us Todd McGowan, 2017-09-15 Only a Joke Can Save Us presents an innovative and comprehensive theory of comedy. Using a wealth of examples from high and popular culture and with careful attention to the treatment of humor in philosophy, Todd McGowan locates the universal source of comedy in the interplay of the opposing concepts lack and excess. After reviewing the treatment of comedy in the work of philosophers as varied as Aristotle, G. W. F.

Hegel, Sigmund Freud, Henri Bergson, and Alenka Zupancic, McGowan, working in a psychoanalytic framework, demonstrates that comedy results from the deployment of lack and excess, whether in contrast, juxtaposition, or interplay. Illustrating the power and flexibility of this framework with analyses of films ranging from Buster Keaton and Marx Brothers classics to *Dr. Strangelove* and *Groundhog Day*, McGowan shows how humor can reveal gaps in being and gaps in social order. Scholarly yet lively and readable, *Only a Joke Can Save Us* is a groundbreaking examination of the enigmatic yet endlessly fascinating experience of humor and comedy.

Translation, Humour and the Media Delia Chiaro, 2010-09-23 Translation studies and humour studies are disciplines that have been long established but have seldom been looked at in conjunction. This volume looks at the intersection of the two disciplines as found in the media -- on television, in film and in print. From American cable drama to Japanese television this collection shows the range and insight of contemporary cross-disciplinary approaches to humour and translation. Featuring a diverse and global range of contributors, this is a unique addition to existing literature in translation studies and it will appeal to a wide cross-section of scholars and postgraduates.

Jakob von Gunten Robert Walser, 2014-03-05 The Swiss writer Robert Walser is one of the quiet geniuses of twentieth-century literature. Largely self-taught and altogether indifferent to worldly success, Walser wrote a range of short stories, essays, as well as four novels, of which *Jakob von Gunten* is widely recognized as the finest. The book is a young man's inquisitive and irreverent account of life in what turns out to be the most uncanny of schools. It is the work of an outsider artist, a writer of uncompromising originality and disconcerting humor, whose beautiful sentences have the simplicity and strangeness of a painting by Henri Rousseau.

The Play Elle Kennedy, 2019-10-07 A brand-new standalone novel in the New York Times bestselling Briar U series! What I learned after last year's distractions cost my hockey team our entire season? No more screwing up. No more screwing, period. As the new team captain, I need a new philosophy: hockey and school now, women later. Which means that I, Hunter Davenport, am officially going celibate...no matter how hard that makes things. But there's nothing in the rulebook that says I can't be friends with a woman. And I won't lie—my new classmate Demi Davis is one cool chick. Her smart mouth is hot as hell, and so is the rest of her, but the fact that she's got a boyfriend eliminates the temptation to touch her. Except three months into our friendship, Demi is single and looking for a rebound. And she's making a play for me. Avoiding her is impossible. We're paired up on a yearlong school project, but I'm confident I can resist her. We'd never work, anyway. Our backgrounds are too different, our goals aren't aligned, and her parents hate my guts. Hooking up is a very bad idea. Now I just have to convince my body—and my heart.

Germania Semitica Theo Vennemann gen. Nierfeld, 2012-12-06 *Germania Semitica* explores prehistoric language contact in general, and attempts to identify the languages involved in shaping Germanic in particular. The book deals with a topic

outside the scope of other disciplines concerned with prehistory, such as archaeology and genetics, drawing its conclusions from the linguistic evidence alone, relying on language typology and areal probability. The data for reconstruction comes from Germanic syntax, phonology, etymology, religious loan names, and the writing system, more precisely from word order, syntactic constructions, word formation, irregularities in phonological form, lexical peculiarities, and the structure and rules of the Germanic runic alphabet. It is demonstrated that common descent is neither a necessary nor a sufficient condition for reconstruction. Instead, lexical and structural parallels between Germanic and Semitic languages are explored and interpreted in the framework of modern language contact theory.

Humorous Texts Salvatore Attardo, 2010-12-14 This book presents a theory of long humorous texts based on a revision and an upgrade of the General Theory of Verbal Humour (GTVH), a decade after its first proposal. The theory is informed by current research in psycholinguistics and cognitive science. It is predicated on the fact that there are humorous mechanisms in long texts that have no counterpart in jokes. The book includes a number of case studies, among them Oscar Wilde's Lord Arthur Savile's Crime and Allais' story Han Rybeck. A ground-breaking discussion of the quantitative distribution of humor in select texts is presented.

Her once perfect life is in shambles and the thought of dating again in the age of Tinder is nothing short of horrifying. When news of her ex's pregnant girlfriend hits the office grapevine, taking the humiliation lying down is not an option. Then a chance encounter in a broken-down elevator with the office playboy opens up a new possibility. Jamie Carter doesn't believe in love, but he needs a respectable, steady girlfriend to impress their bosses. Laurie wants a hot new man to give the rumor mill something else to talk about. With the plan hatched, Laurie and Jamie begin to flaunt their new couple status, to the astonishment—and jealousy—of their friends and colleagues. But there's a fine line between pretending to be in love and actually falling for your charming, handsome fake boyfriend...

Deutsch, na klar! Robert Di Donato, Monica Clyde, Jacqueline Vansant, 1998-10 This lively, beginning German text is the perfect choice for those who want to move in a more communicative direction without abandoning a focus on grammar. Deutsch: Na Klar! uses a solid four-skills approach with a difference: the vocabulary, grammar, and reading sections are integrated with authentic materials, allowing students to learn language and culture simultaneously. German materials

(advertisements, menus, newspaper articles, etc.) are used to present new vocabulary, introduce grammar points, and launch communicative activities. A listening-comprehension tape is tied to the text-book to help students improve listening skills.

Redeeming Laughter Peter L. Berger, 2014-10-14 Amid the variety of human experiences, the comic occupies a distinctive place. It is simultaneously ubiquitous, relative, and fragile. In this book, Peter L. Berger reflects on the nature of the comic and its relationship to other human experiences. Berger contends that the comic is an integral aspect of human life, yet one that must be approached and analyzed circumspectly and circuitously. Beginning with an exploration of the anatomy of the comic, Berger addresses humor in philosophy, physiology, psychology, and the social sciences before turning to a discussion of different types of comedy and finally suggesting a theology of the comic in terms of its relationship to folly, redemption, and transcendence. Along the way, the reader is treated to a variety of jokes on a variety of topics, with particular emphasis on humor and its relationship to religion. Originally published in 1997, the second edition includes a new preface reflecting on Berger's work in the intervening years, particularly on the relationship between humor and modernity.

The Ascent Of Rum Doodle W E Bowman, 2011-08-31 An English comic novel about a World War II expedition to a Himalayan peak. WITH AN INTRODUCTION BY BILL BRYSON An outrageously funny spoof about the ascent of a 40,000-and-a-half-foot peak, *The Ascent of Rum Doodle* has been a cult favourite since its publication in 1956. Led by the reliably under-insightful Binder, a team of seven British men -- including Dr Prone (constantly ill), Jungle the route finder (constantly lost), Constant the diplomat (constantly arguing) -- and 3,000 Yogistani porters sets out to conquer the highest peak in the Himalayas.

One, Two, Three, Me Jeremy Fitzkee, 2006 Unexpected rhymes such as half/giraffe and towel/owl show the silly sounds of everyday words.

Europa Vasconica - Europa Semitica Theo Vennemann gen. Nierfeld, 2011-07-20 This book presents the theory that the linguistic and cultural landscape of Europe north of the Alps and the Pyrenees was shaped in prehistoric times by the interaction of Indo-European speakers with speakers of languages related to Basque and to Semitic. These influences on the lexicon, grammar, and toponymy of the West Indo-European languages (with special focus on Germanic) are demonstrated in German and English research papers, provided here with summaries, commentaries, and a new introduction in English, and with general and etymological indexes.
