**The Impacts of Language and Literacy Policy on Teaching Practices in Ghana** Philomena Osseo-Asare,2021-03-15 This text critically examines changes in Ghanaian language and literacy policy following independence in 1957 to consider its impacts on early literacy teaching. By adopting a postcolonial theoretical perspective, the text interrogates the logic behind policy changes which have prioritised English, local language, or biliteracy. It draws on data from interviews with teachers and researcher observation to demonstrate how policies have influenced teaching and learning. Dr Osseo-Asare's findings inform the development of a conceptual framework which highlights the socio-cultural factors that impact the literacy and biliteracy of young children in Ghana, offering solutions to help teachers combat the challenges of frequent policy changes. This timely monograph will prove to be an essential resource not only for researchers working on education policies, teacher education, and English-language learning in postcolonial Ghana but also for those looking to identify the thematic and methodological nuances of studying literacy and education in postcolonial contexts.

**Fish Boy** Chloe Daykin,2017-02-28 Billy is a lonely boy. He's obsessed with swimming in the sea, which is where he goes to wash his problems far, far away. Thanks to his mum's mystery illness, his dad has been forced to work extra hours to make ends meet, so Billy locks himself away with David Attenborough films, and ponders the magic of nature. Meanwhile at school, bullies mercilessly seize on Billy's 'otherness' and make his life as miserable as possible - but then new boy Patrick Green, with fingers like steel, strength of a bear, joins Billy's class. And when a mackerel swims up to Billy's face, blows bubbles into his Vista Clear Mask goggles and says: Fish Boy - Billy's whole world changes.

**Children, Childhood, and the Future** Andrea Kleeberg-Niepage,2020-01-10 Although most of the world's children live in the Global South, much of the corpus of scientific knowledge which forms the basis of the current notion of "good childhood" worldwide is drawn from research on Western, middle-class children. Even cross-cultural research often applies the Western model of childhood as the standard to which others must correspond. This volume serves to bridge this gap by

both bringing up significant features of the development and socialisation of children in African countries and presenting cross-cultural procedures which help to discuss and develop differentiated and joint ideas about childhood, instead of implementing one-sided standards which are disconnected from most children's lives.

With gorgeous new drawings by Marcel Dzama and a new translation from the German by Lucas Zwirner, this all-new 40th anniversary edition celebrates the book's first U.S. publication in over 25 years.

**Critical Curriculum Studies** Wayne Au, 2012-03-22 A CHOICE Outstanding Academic Title 2012! Critical Curriculum Studies offers a novel framework for thinking about how curriculum relates to students' understanding of the world around them. Wayne Au brings together curriculum theory, critical educational studies, and feminist standpoint theory with practical examples of teaching for social justice to argue for a transformative curriculum that challenges existing inequity in social, educational, and economic relations. Making use of the work of important scholars such as Freire, Vygotsky, Hartsock, Harding, and others, Critical Curriculum Studies, argues that we must understand the relationship between the curriculum and the types of consciousness we carry out into the world.
