Fatherland Nina Bunjevac.2014-08-28 In 1975 Nina Bunjevac's mother fled her marriage and her adopted country of Canada and took Nina back to Yugoslavia to live with her parents. Peter, her husband, was a fanatical Serbian nationalist who had been forced to leave his country at the end of World War II and migrate to Canada. But even there he continued his activities, joining a terrorist group that planned to set off bombs at the homes of Tito sympathisers and at Yugoslav missions in Canada and the USA. Then in 1977, while his family were still in Yugoslavia, a telegram arrived to say that a bomb had gone off prematurely and Peter and two of his comrades had been killed. Nina Bunjevac tells her family's story in superb black-and-white artwork. **Fatherland** will be recognised as a masterpiece of non-fiction comics, worthy to stand beside *Persepolis* and *Palestine*.

Journalism After September 11 Barbie Zelizer,Stuart Allan.2011-04-22 Praise for the first edition: This collection of essays comes mainly from academics but nobody should bridle at theorists lecturing practitioners. They properly challenge the way September 11th was reported - in a way that's both an endorsement of the role of the media and a wake-up call on its failures . . . anyone interested in our trade should read it.' - Roger Mosey, Ariel 'A thoughtful and engaging examination of the effects of 9/11 on the field of journalism. Its unique aim is to discuss the impact of the attack as a personal trauma and its current and future effects on journalism and the reporting of the news. . . highly recommended.' - Library Journal Journalism After September 11 examines how the traumatic attacks of that day continue to transform the nature of journalism, particularly in the United States and Britain. Familiar notions of what it means to be a journalist, how best to practice journalism, and what the public can reasonably expect of journalists in the name of democracy, were shaken to their

foundations. Ten years on, however, new questions arise regarding the lasting implications of that tragic day and its aftermath. Bringing together an internationally respected collection of scholars and media commentators, *Journalism After September 11* addresses topics such as: journalism and public life at a time of crisis; broadsheet and tabloid newspaper coverage of the attacks; the role of sources in shaping the news; reporting by global news media such as CNN; Western representations of Islam; current affairs broadcasting; news photography and trauma; the emotional well-being of reporters; online journalism; as well as a host of pertinent issues around news, democracy and citizenship. This second edition includes four new chapters – examining Arabic newspaper reporting of the attacks, the perceptions of television audiences, national magazine coverage of the ensuing crisis, and the media politics of ‘othering’ – as well as revised chapters from the first edition and an updated Introduction by the co-editors. A foreword is provided by Victor Navasky and an afterword by Phillip Knightley.

Critique of Political Reason Régis Debray.2020-05-05 Rgis Debray's major new work is an exploration of the foundations and limits of political discourse and action. Focusing, with his familiar verve and fluency, on the mechanism through which ideologies mobilize historical subjects, Debray argues that there is a common pattern in all great political or religious movements. Each possesses an apparatus that releases affective charges of belonging and closure; each is tended by bodies of functionaries who maintain its continuity and transmit its doctrines. The great mobilizing ideologies-Christianity, Islam, Marxism-deploy corps of priests, teachers, cadres. The real foundation of political reason, for Debray, lies in the human need to participate in closed groups, denying or mitigating the harshness of the external world and the fact of death.

Mexican Travel Writing Thea Pitman.2008 This book is a detailed study of salient examples of Mexican travel writing from the nineteenth and twentieth centuries. While scholars have often explored the close relationship between European or North American travel writing and the discourse of imperialism, little has been written on how postcolonial subjects might relate to the genre. This study first traces the development of a travel-writing tradition based closely on European imperialist models in mid-nineteenth-century Mexico. It then goes on to analyse how the narrative techniques of postmodernism and the political agenda of postcolonialism might combine to help challenge the genre's imperialist tendencies in late twentieth-century works of travel writing, focusing in particular on works by writers Juan Villoro, Héctor Perea and Fernando Solana

Culture, Identities and Technology in the Star Wars Films Carl Silvio, Tony M. Vinci. 2017-06-09 Released in May 1977, the original Star Wars movie inaugurated the age of the movie blockbuster. It also redefined the use of cinematic special effects, creating a new textual universe that now stretches through three decades, two trilogies and generations of fascinated viewers. The body of critical analysis that has developed from this epic focuses primarily on the Star Wars universe as a contemporary myth. However, like any fiction, it must also be viewed—and consequently analyzed—as a product of the culture which created it. The essays in this book analyze the Star Wars trilogies as a culturally and historically specific phenomenon. Moving away from the traditional myth-based criticism of the films, the essayists employ a cultural studies model to examine how this phenomenon intersects with social formations such as economics, technology, race and gender. Critical approaches are varied and include political and economic analysis informed by feminism, contemporary race theory, Marxism, new media studies and post-humanism. Among the topics covered are the connections between the trilogies and our own cultural landscape; the problematic issues of race and gender; and the thematic implications of Lucas' presentation of technology. Instructors considering this book for use in a course may request an examination copy here.

Inspired by Quentin Meillassoux's Science Fiction and Extro-Science Fiction that was paired with an Isaac Asimov short story, this book examines the ways in which stories can provoke philosophical interventions and philosophical essays can provoke stories. Moufawad-Paul's non-fiction, Methods Devour Themselves is an interstitial project that brings fiction and essay into a unique, avant-garde whole.

A Third Face Samuel Fuller.2004 (Applause Books). Winner of Best Non-Fiction for 2002 Award from the Los Angeles Times Book Review! Samuel Fuller was one of the most prolific and independent writer-director-producers in Hollywood. His 29 tough, gritty films made from 1949 to 1989 set out to capture the truth of war, racism and human frailties, and incorporate some of his own experiences. His film Park Row was inspired by his years in the New York newspaper business, where his beat included murders, suicides, state executions and race riots. He writes about hitchhiking across the country at the height of the Great Depression. His years in the army in World War II are captured in his hugely successful pictures The Big Red One , The Steel Helmet and Merrill's Marauders . Fuller's other films include Pickup on South Street ; Underworld U.S.A. , a movie that shows how gangsters in the 1960s were seen as respected tax-paying executives; Shock Corridor , which exposed the conditions in mental institutions; and White Dog , written in collaboration with Curtis Hanson (L.A. Confidential), a film so controversial that Paramount's then studio heads Jeffrey Katzenberg and Michael Eisner refused to release it. In addition to his work in film, Samuel Fuller (1911-1997) wrote eleven novels. He lived in Los Angeles with his wife and their daughter. A Third Face was completed by Jerome Henry Rudes, Fuller's longtime friend, and his wife, Christa

Lang Fuller. Fuller wasn't one for tactful understatement and his hot-blooded, incident-packed autobiography is accordingly blunt ... A Third Face is a grand, lively, rambunctious memoir. Janet Maslin, *The New York Times* ; Fuller's last work is a joy and an important addition to film and popular culture literature. Publishers Weekly ; If you don't like the films of Sam Fuller, then you just don't like cinema. Martin Scorsese, from the book's introduction

Upside Down Eduardo Galeano.2014-05-13 From the winner of the first Lannan Prize for Cultural Freedom, a bitingly funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable Memory of Fire Trilogy, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in *Upside Down*, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a program of study about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in The Impunity of Power to a seminar on The Sacred Car--with tips along the way on How to Resist Useless Vices and a declaration of The Right to Rave--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, *Upside Down* makes us see the world anew and even glimpse how it might be set right. Galeano's outrage is tempered by intelligence, an ineradicable sense of humor, and hope. -Los Angeles Times, front page

The Other Side of the Alamo: Art Against the Myth Ruben C. Cordova.2018-12-05 Exhibition catalogue of San Antonio-based Chicano art, from 1971 to 2018. With a comprehensive historiography of Anglo colonization and slavery in Texas, the Alamo and San Jacinto battles, the Mexican-American War, Manifest Destiny, and the legacy of these historical events, particularly for people of color. The catalogue is a fascinating and invaluable historical review of the Battle of the Alamo and the making of the Texas Republic. -David Montejano, Turner prize-winning author of *Anglos and Mexicans in the Making of Texas, 1836-1986*.Cordova not only pulled together an important group of artists to challenge the Anglo-centric myths of the Alamo, he wrote a critical essay systematically destroying those lies with historical facts. ... [It] introduced me to a new world of contemporary art, it educated this fifth-generation Texan and served as a key research tool. -Chris Tomlinson, co-author of *Forget the Alamo* and author of the *New York Times* Bestseller *Tomlinson Hill*. One of the most revelatory exhibitions mounted for the city's tricentennial. -Josh Feola, *Artsy*.A vital and timely exhibition. -Stephen Oleszec, *Hyperallergic*.The show is done really beautifully.... this is a really big and important project. -Brandon Zech, *Glasstire Top Five* video.A deeply

researched, historically compelling exhibition. -Nicholas Frank, San Antonio Report. Much like Southerners who developed a 'lost cause' mythology to compensate for their defeat, white Texans developed an Alamo mythology that portrayed the fighters at the Alamo (Travis, Crockett and Bowie) not as defenders of slavery but defenders of 'Texas liberty.' The Other Side of the Alamo offers an alternative to the triumphalist tales surrounding the 18th-century Spanish mission. -Marco Aquino, San Antonio Current. Together, they paint the full picture of what the Alamo myth has done to the perception of Mexican Americans. -Morgan O. Hanlon, Texas Observer.

Burton on Burton Tim Burton. 2008-11-20 Tim Burton is one of the great modern-day visionaries of cinema, a director who has fabricated his own deliciously nightmarish universe in movies as extraordinary as *Beetlejuice*, *Edward Scissorhands*, *Mars Attacks!* and *The Nightmare before Christmas* - not to mention his twisted takes on the tales of *Batman*, *Sleepy Hollow* and *Planet of the Apes*. Following the release of his re-imagining of Roald Dahl's *Charlie and the Chocolate Factory* with long-time comrade Johnny Depp (who also provides a new foreword here), this updated and fully illustrated new edition of the definitive Burton interview book casts light on Burton's Burbank childhood, his early work at Disney, the recurrent themes and stunning designs of his movies, and the creative obsessions that fuel them.

City that Never Sleeps Murray Pomerance. 2007 New York, more than any other city, has held a special fascination for filmmakers and viewers. In every decade of Hollywood filmmaking, artists of the screen have fixated upon this fascinating place for its tensions and promises, dazzling illumination and fearsome darkness. From *Street Scene* and *Breakfast at Tiffany's* to *Rosemary's Baby*, *The Warriors*, and *25th Hour*, the sixteen essays in this book explore the cinematic representation of New York as a city of experience, as a locus of ideographic characters and spaces, as a city of moves and traps, and as a site of allurements and danger.

More Universe at Your Fingertips Andrew Fraknoi, Dennis Schatz. 2000 Because the original was so popular, the geniuses behind Project ASTRO have created an additional volume of activities. These 25 activities explore and explain mysteries of the universe: the moon's phases, the reasons for the seasons, comets and meteors, stars, and space exploration. Also designed in loose-leaf format, *More Universe...* is a great supplement to the original, or a perfect sampler if you want to start small.

The Work of Mourning Jacques Derrida. 2003-09-15 Jacques Derrida is, in the words of the New York Times, perhaps

the world's most famous philosopher—if not the only famous philosopher. He often provokes controversy as soon as his name is mentioned. But he also inspires the respect that comes from an illustrious career, and, among many who were his colleagues and peers, he inspired friendship. *The Work of Mourning* is a collection that honors those friendships in the wake of passing. Gathered here are texts—letters of condolence, memorial essays, eulogies, funeral orations—written after the deaths of well-known figures: Roland Barthes, Paul de Man, Michel Foucault, Louis Althusser, Edmond Jabès, Louis Marin, Sarah Kofman, Gilles Deleuze, Emmanuel Levinas, Jean-François Lyotard, Max Loreau, Jean-Marie Benoist, Joseph Riddel, and Michel Servière. With his words, Derrida bears witness to the singularity of a friendship and to the absolute uniqueness of each relationship. In each case, he is acutely aware of the questions of tact, taste, and ethical responsibility involved in speaking of the dead—the risks of using the occasion for one's own purposes, political calculation, personal vendetta, and the expiation of guilt. More than a collection of memorial addresses, this volume sheds light not only on Derrida's relation to some of the most prominent French thinkers of the past quarter century but also on some of the most important themes of Derrida's entire oeuvre—mourning, the gift of death, time, memory, and friendship itself. In his rapt attention to his subjects' work and their influence upon him, the book also offers a hesitant and tangential retelling of Derrida's own life in French philosophical history. There are illuminating and playful anecdotes—how Lyotard led Derrida to begin using a word-processor; how Paul de Man talked knowledgeably of jazz with Derrida's son. Anyone who still thinks that Derrida is a facetious punster will find such resentful prejudice unable to survive a reading of this beautiful work.—Steven Poole, *Guardian* Strikingly simpá meditations on friendship, on shared vocations and avocations and on philosophy and history.—Publishers Weekly

Con Safo Ruben Charles Cordova. 2009 Ruben C. Cordova traces the history of Con Safo, one of the earliest and most significant of the Chicano art groups, from 1968, when it formed as El Grupo, to the mid-1970s, when Con Safo gradually disbanded. Founded by Felipe Reyes, the original group was made up of six San Antonio artists. The fluxuating membership over the decade of the group's existence included Mel Casas, Jose Esquivel, Rudy Treviño, and Roberto Ríos. Although the structure of the original group changed, its mission did not: Con Safo defined possibilities for Chicano art at a time when Chicano culture was largely invisible. Cordova's painstaking research, which included extensive archival work and interviews with group members and activists, resolves many of the contradictions and fills in many of the gaps that exist in earlier accounts of the group. *Con Safo: The Chicano Art Group and the Politics of South Texas* is an important resource for anyone interested in Chicano art and Chicano history. The book concludes with reproductions of original documents related to the group, including Casas's ?Brown Paper Report.

Film/Genre Rick Altman. 2019-07-25 *Film/Genre* revises our notions of film genre and connects the roles played by industry critics and audiences in making and re-making genre. Altman reveals the conflicting stakes for which the genre

game has been played and recognises that the term 'genre' has different meanings for different groups, basing his new genre theory on the uneasy competitive yet complimentary relationship among genre users and discussing a huge range of films from The Great Train Robbery to Star Wars and from The Jazz Singer to The Player.

Kafka Goes to the Movies Hanns Zischler.2003 Went to the movies. Wept. Matchless entertainment. So wrote Franz Kafka in one of his diaries, giving us but one hint of his little-known passion for the cinema. Until now, Kafka aficionados have been left to speculate about which films moved Kafka so powerfully and how those films might have influenced his writing. With Kafka Goes to the Movies, German actor and film director Hanns Zischler draws on years of detective work to provide the first account of Kafka's moviegoing life. Since many of Kafka's visits to the cinema occurred during bachelor trips with Max Brod, Zischler's research took him not only to Kafka's native Prague but to film archives in Munich, Milan, and Paris. Matching Kafka's cinematic references to reviews and stills from daily papers, Zischler hunted down rare films in collections all across Europe. A labor of love, then, by a true man of the cinema, Kafka Goes to the Movies brims with discoveries about the pioneering years of European film. With a wealth of illustrations, including reproductions of movie posters and other rare materials, Zischler opens a fascinating window onto movies that have been long forgotten or assumed lost. But the real highlights of the book are those about Kafka himself. Long considered one of the most enigmatic figures in literature, the Kafka that emerges in this work is strikingly human. Kafka Goes to the Movies offers an absorbing look at a witty, passionate, and indulgently curious writer, one who discovered and used the cinema as a place of enjoyment and escape, as a medium for the ambivalent encounter with modern life, and as a filter for the changing world around him.
