Moojan Momen

Shi'i Islam Moojan Momen, 2015-11-05 From infallible Imams to Ayatollahs in Iran, Shi'ism has long been a prominent, if misunderstood, branch of Islam. It regards Ali, Muhammad's son-in-law, as the Prophet's legitimate successor. But theological differences between the Shi'ah and Sunni Muslims have led to sectarian violence, massacres and the desecration of holy sites. In this Beginner's Guide, Dr Moojan Momen offers an accessible and comprehensive overview of Shi'ism, tracing the history of the community, its leadership and doctrines, from its inception to modern times. Packed with useful tables, family trees and text boxes, this engaging and up-to-date guide is a perfect introduction to the historical and geopolitical causes of religious tensions still troubling the Middle East today.

Sufism William C. Chittick, 2007-10-01 What is mysticism? What does sufism mean today? William C. Chittick, the leading scholar in the field, offers a compelling insight into the origins, context, and key themes of this fascinating movement. After a general overview of the tradition, he draws upon the words of some of the greatest Sufi writers - among them Ibn Arabi, Baha Walad and Rumi himself - to give a fresh and revealing perspective on the teachings and beliefs of Sufism and its proponents. Fresh and authoritative, this sympathetic book will be appreciated by anyone interested in Sufism, from complete beginners to students, scholars and experts alike.

The Islamic Veil Elizabeth M. Bucar, 2012-09-01 Banned in public institutions in France and Turkey, mandatory in Saudi Arabia and Iran, no other item of clothing incites such furious reactions. The Islamic veil - a catch-all term that encompasses everything from a simple headscarf to the all-covering burqa - has, over the past decade, become a heated battleground for debates on everything from women's rights to multiculturalism. Elizabeth Bucar goes beyond the simplistic question of whether the veil is "good" or "bad" to ask instead why it has become so politically symbolic. Cutting through the condescension and fear that typify the debate, she reveals the huge diversity of women's experiences of veiling. Her illuminating global perspective takes in everything from the new veiling movement among the Egyptian middle class to hijab fashion in Indonesia. It will be invaluable to anyone looking to understand the veil beyond its status as shorthand for Islamic fundamentalism and female oppression.

Islam Darrell D. Culbertson, 2015-09-13 Islam is one of the most popular religions in the world with over 1 billion followers worldwide. As with any other widespread religions, many different schisms and sects have emerged over the course

of history so that Islam has come to be interpreted in many different ways. Of those schisms, the split between the Sunnis and Shiites has been by far the oldest and most enduring split. Because it occurred approximately 1,400 years ago, the causes and consequences have become blurred. Today, myths and confusion abound and few people—even within the Muslim community itself—actually know what really happened and what that really means for today's world. This book has been written with the intention of clearing up that confusion. It is primarily intended for readers who are not very familiar with Islam in general—let alone the actual significance of the split between Sunni and Shiite—who are interested in learning more. Knowing the history of the religion and the current tensions in the Middle East will go a long way toward helping you understand the complexity and nuance of the situation. You will gain a deeper understanding of the Sunnis and the Shiites as well as Islam more broadly. Some of the features of this book include: An overview of the belief system and structure of the Islamic religion The geography, politics, and daily life of believers in Islam A history of the rise of Islam in the Arabic world A detailed discussion of the Sunni Shia schism A closer look at the Sunni belief system, geography, politics, and daily life A closer look at the Shiite belief system, geography, politics, and daily life Deeper analysis of the present day conflicts, including differing perspectives on its origins and roots. While reading just one book cannot make you an expert on the situation, this book will allow you to view the news coming out of the Middle East from a much more informed perspective and give you the foundation you need to do further research and learn more.

Islam for Beginners Mirza Yawar Baig, 2011-08-04 It has been said that true bankruptcy is a full belly and an empty soul. Religion must be a matter of conscious choice. Not a matter of accidental birth. Because on it depends our peace of mind, how we view the world, our relationships with others, what choices we make and the results of those choices in this life and the Hereafter. What we choose to believe or reject must be done thoughtfully after due reflection and investigation because our present and our everlasting future both depend on it. It can't be left to incidental following of traditions and customs we don't even know the origin or meanings of just because our parents or elders used to do them. One's spiritual journey is as important if not more, as one's journey in this life in terms of one's career or other criteria and so deserves an equal mindshare and effort. I wish you all the best in your quest for knowledge and pray that you are guided to the truth because in the end it is essential that we know what the truth is and that we believe it and prepare for it. It is the nature of reality that it does not depend on belief for its existence and that one day it has to be faced whether we chose to believe in it or not.

Islam for Beginners Nabil I. Matar, 1992

Beginner's Guide to Islam Yasir Uqdah, 2019-07-17 Islam has a rich history and is practiced by over 1 billion people on earth. 'A Beginner's Guide to Islam' is another contribution to a basic understanding of one of the most experienced religions on the planet. Moreover, the book touches on some of the more controversial issues attached to the religion (Jihad, Kaafir, Shariah, and etc.). However, some of the subjects' content are not meant to speak for all Muslims, as we are not a monolithic group. While understanding incrementalism is sometimes applicable and necessary, Islam (as a way of life) is more effective on the personal and collective level, when accepted and practiced in its totality (Iman, Islam, and Ihsan). Thus, the theme of the book is comprehensiveness of the religion in a measured and relevant approach, while maintaining accuracy.
