Between Two Dogs Shaina Fishman.2015-11-17 With a camera and a bucket of treats, Shaina Fishman set herself up in a photo studio and watched puppies and their parents at play. The result is a wealth of delightful, irresistibly cute images: dogs laughing, playing, sneezing, yawning, and finally cuddling and going to bed. The lush, vivid photographs inside this book show a side of puppies that we're usually not privy to—what they do when it's just themselves and their parents. The images include dogs from a wealth of breeds, including golden retrievers, pugs, French bulldogs, dalmatians, and more! The dogs are big and small, young and old—some traditionally cute and a handful with a face that “only a mother could love” (and as you'll see, she does!). And, as a bonus for readers, Fishman has included a model roster in the back of the book that reveals the names and ages of the puppies and their parents, and some of their favorite treats and activities, so readers can get to know them. There's also a foreword from Shaina revealing her photography process and insider information on getting a finicky pet to smile. All photos inside are clear, crisp, and inviting—and without exception smile inducing. This is the perfect pick-me-up book: a treat for oneself as well as a gift destined to be cherished and returned to for a good laugh again and again

[Singled Out](#) Andrew Maraniss.2021-03-02 *[An] excellent exercise in narrative nonfiction. --Booklist (starred review) From New York Times bestselling author Andrew Maraniss comes the remarkable true story of Glenn Burke, a hidden figure in the history of sports: the inventor of the high five and the first openly gay MLB player. Perfect for fans of Steve Sheinkin and Daniel James Brown. On October 2nd, 1977, Glenn Burke, outfielder for the Los Angeles Dodgers, made history without even swinging a bat. When his teammate Dusty Baker hit a historic home run, Glenn enthusiastically congratulated him with the first ever high five. But Glenn also made history in another way--he was the first openly gay MLB player. While he did not come out publicly until after his playing days were over, Glenn's sexuality was known to his teammates, family, and friends. His MLB career would be cut short after only three years, but his legacy and impact on the athletic and LGBTQIA+ community would resonate for years to come. New York Times bestselling author Andrew Maraniss tells the story of Glenn

Burke: from his childhood growing up in Oakland, his journey to the MLB and the World Series, the joy in discovering who he really was, to more difficult times: facing injury, addiction, and the AIDS epidemic. Packed with black-and-white photographs and thoroughly researched, never-before-seen details about Glenn's life, *Singled Out* is the fascinating story of a trailblazer in sports--and the history and culture that shaped the world around him. Praise for *Singled Out*: A compelling narrative . . . This is a meticulously researched history of the ways queer culture in the '70s intersected with baseball, Blackness, and larger culture wars, with one man at their center. --Kirkus Reviews

Finding Home Traer Scott.2015-09-22 Bold, retiring, serious, sparkling, quirky, or lovable—the dogs in Traer Scott's remarkable photographs regard us with humor, dignity, and an abundance of feeling. Scott began photographing these dogs in 2005 as a volunteer at animal shelters. Her first book, *Shelter Dogs*, was a runaway success, and in this follow-up, Scott introduces a new collection of canine subjects, each with indomitable character and spirit: Morrissey, a pit bull, who suffered from anxiety-related behaviors brought on by shelter life until adopted by a family with four children; Chloe, a young chocolate Lab mix, surrendered to a shelter by a family with allergies; Gabriel and Cody, retired racing greyhounds; and Bingley, a dog who lost his hearing during a drug bust but was brought home by a loving family that has risen to the challenge of living with a deaf dog. Through extended features we become better acquainted with the personalities and life stories of selected dogs and watch as they experience the sometimes rocky and always emotional transition to new homes. The portraits in *Finding Home* form an eloquent plea for the urgent need for more adoptive families, as well as a tribute to dogs everywhere.

City of Dogs Ken Foster.2018-10-09 A beautiful, heartfelt, funny, and inspiring collection of photos and stories that maps the relationship between canine New Yorkers and their human counterparts. New York is a city of five boroughs, more than 250 distinct neighborhoods, 8.5 million people, and more than 600,000 dogs, who are as much a part of the social fabric as the people who follow them on the other end of the leash. *City of Dogs* maps this relationship with incredible four-color photos highlighting the scene. From the Bronx to Brooklyn and along the streets of Harlem and Manhattan, Ken Foster and Traer Scott explore the unique relationships between dogs and their human counterparts. We meet Alex Nuckel, living on disability and finding joy and purpose in caring for his two pit bulls, Lucy and Rocky. And Majora Carter, a community activist who has received a MacArthur grant, living and working with two stray shepherds she rescued in her own neighborhood. *City of Dogs* also takes us to a Midtown Manhattan law office, where staff are encouraged to bring their adopted dogs to work, and to the JFK airport, where we meet dogs who help screen at security. And then on to Brooklyn, where we meet award-winning author Jacqueline Woodson and her dogs, Toffee and Shadow. These are just a few of the amazing animals and their people featured in this perfect gift book for any dog lover.

From leaping Lab to diving Dachshund, the water is where a dog's distinct personality shines through; some lounge in the current, paddling slowly, but others arch their bodies to cut through the water with the focus and determination of a shark. In more than eighty portraits, award-winning pet photographer and animal rights activist Seth Casteel captures new sides of our old friends with vibrant underwater photography that makes it impossible to look away. Each image bubbles with exuberance and life, a striking reminder that even in the most loveable and domesticated dog, there are more primal forces at work.
