Light Emerging Barbara Ann Brennan, 2011-03-16 Barbara Ann Brennan continues her ground-breaking exploration of the human energy field, or aura—the source of our experience of health or illness. Drawing on many new developments in her teaching and practice, she shows how we can be empowered as both patients and healers to understand and work with our most fundamental healing power: the light that emerges from the very center of our humanity. In a unique approach that encourages a cooperative effort among healer, patient, and other health-care providers, *Light Emerging* explains what the healer perceives visually, audibly, and kinesthetically and how each of us can participate in every stage of the healing process. Presenting a fascinating range of research, from a paradigm of healing based on the science of holography to insights into the hara level and the core star, *Light Emerging* is at the leading edge of healing practice in our time.

Wheels of Light Rosalyn Bruyere, 1994-04-12 A leading figure in the field of healing and mind/body research presents an intriguing, multidisciplinary, and multicultural study of the human energy field. Hands of Light Barbara Ann Brennan, 2011-03-23 With the clarity of a physicist and the compassion of a gifted healer with fifteen years of professional experience observing 5,000 clients and students, Barbara Ann Brennan presents the first in-depth study of the human energy field for people who seek happiness, health and their full potential. Our physical bodies exist within a larger body, a human energy field or aura, which is the vehicle through which we create our experience of reality, including health and illness. It is through this energy field that we have the power to heal ourselves. This energy body -- only recently verified by scientists, but long known to healers and mystics -- is the starting point of all illness. Here, our most powerful and profound human interactions take place, the precursor and healer of all physiological and emotional disturbances. *Hands of Light* is your guide to a new wholeness. It offers:

- A new paradigm for the human, in health, relationship, and disease
- An understanding of how the human energy field looks, functions, is disturbed, healed, and interacts with friends and lovers.
- Training in the ability to see and interpret auras
- Medically verified case studies of healing people from all walks of life with a variety of illnesses.
- Guidelines for healing the self and others.
- The author's personal and intriguing life adventure which gives us a model for growth, courage and possibilities for expanded consciousness

I'm here to convince you you're worthy, you're brave and your story matters. And yes, it's time for you to do this! I got you. You might recognize your own story here in mine, so let's get to the important business of healing your shit so you don't have to spend one more day letting your pain paralyze you or only wishing for a life you love. It's my turn to help you be brave and do the healing that'll change everything. With Warrior Love, Laura

Lucifer's Court Otto Rahn, 2008-02-28 Rahn's personal diary from his travels as occult investigator for the Third Reich • First English translation of the author's journeys in search of a Nordic equivalent to Mt. Sinai • Explains why Lucifer the Light Bringer, god of the heretics, is a positive figure Otto Rahn's lifelong search for the Grail brought him to the attention of the SS leader Himmler, who shared his esoteric interests. Induced by Himmler to become the chief investigator of the occult for the Nazis, Rahn traveled throughout Europe--from Spain to Iceland--in the mid 1930s pursuing leads to the Grail and other mysteries. Lucifer's Court is the travel diary he kept while searching for "the ghosts of the pagans and heretics who were [his] ancestors." It was during this time that Rahn grasped the positive role Lucifer plays in these forbidden religions as the bearer of true illumination, similar to Apollo and other sun gods in pagan worship. This journey was also one of self-discovery for Rahn. He found such a faithful echo of his own innermost beliefs in the lives of the heretics of the past that he eventually called himself a Cathar and nurtured ambitions of restoring that faith, which had been cruelly destroyed in the fires of the Inquisition. His journeys on assignment for the Reich--including researching an alleged entrance to Hollow Earth in Iceland and searching for the true mission of Lucifer in the caves of southern France that served as refuge for the Cathars during the Inquisition--also led to his disenchantment with his employers and his mysterious death in the mountains after his

break with the Nazis.

The End of Healing Jim Bailey, 2014-09-11 Jim Bailey's brilliant first novel narrates the journey of a young healer into the depths of a modern healthcare hell that parallels the path taken by Dante Alighieri through his Inferno 700 years ago. His young protagonist uncovers unsuspected corruption at the roots of the problems in American medicine and powerful business interests trading people's health for profit. The End of Healing is a must-read for anyone hungry for a spiritual context to help them understand the true forces at work in American healthcare and our path to a better future.... -PHYLLIS TICKLE, founding religion editor, Publishers Weekly. The End of Healing is a remarkable book. It'll make you sad and angry at the same time. Then you'll become afraid.... And that fear could save your life. -DON DONALDSON, author of The Memory Thief. THE END OF HEALING, A GRIPPING HISTORICAL NOVEL SET IN THE BEGINNING OF THE NEW MILLENNIUM, SHINES THE LIGHT OF TRUTH ON THE MEDICAL INDUSTRY. A looming menace lurks within the towers of American medicine. One young doctor is determined to uncover the truth. Enter the inferno with him on a journey you will never forget. Don Newman, a resident physician at the renowned University Hospital, awakens to the screams of his pager in a windowless call room in the middle of the night. He runs to the dark ward to attend to a dying woman strapped to a bed and realizes-despite working long and hard to become a doctor and having sworn to do no harm-harm has become his business. So begins Dr. Newman's

quest to become a healer in a system that puts profits ahead of patients. He abandons his plans to become a cardiologist and enrolls in an Ivy League graduate program in health system science, where an unorthodox professor promises to guide him ever deeper into the dark secrets of the healthcare industry. Don joins fellow students—the alluring Frances Hunt, a sharp nurse practitioner, and Bruce Markum, a cocky, well-connected surgeon—on a journey through the medical underworld. When Dr. Newman unearths evidence of a conspiracy stretching from the halls of Congress to Wall Street and even to his small campus, his harmless course of study becomes deadly serious. Will he be silenced? Or will he find a way to save his patients and others from needless torture? Jim Bailey pulls back the exam room curtain to reveal a giant healthcare industry spiraling out of control. This literary tour de force resonates with core themes of classical literature, medical history, and science. *The End of Healing* brings Dante's *Inferno* to life for a new era and proves hell is alive and well in American healthcare today. This book will change your perspective on the U.S. medical system forever...and give you the insight you need to find real healing in today's world. Jim Bailey is a fellow in the American College of Physicians and professor of medicine and preventive medicine at the University of Tennessee Health Science Center in Memphis, where he directs the Center for Health Systems Improvement, cares for the sick, and teaches doctors in training. His research appears in peer-reviewed medical journals, including *JAMA*, *Journal of General Internal Medicine*, and *Annals of Internal Medicine*. Dr. Bailey has an abiding passion for the classics, medical history, and ethics, and believes that sharing our stories can heal. This is his first novel.
