Elites and the Politics of Accountability in Africa Wale Adebani, Rogers Orock. 2021-05-24 *Elites and the Politics of Accountability in Africa* examines the ways that accountability offers an effective interpretive lens to the social, cultural, and institutional struggles of both the elites and ordinary citizens in Africa. Each chapter investigates questions of power, its public deliberation, and its negotiation in Africa by studying elites through the framework of accountability. The book enters conversations about political subjectivity and agency, especially from ongoing struggles around identities and belonging, as well as representation and legitimacy. Who speaks to whom? And on whose behalf do they speak? The contributors to this volume offer careful analyses of how such concerns are embedded in wider forms of cultural, social, and institutional discussions about transparency, collective responsibility, community, and public decision-making processes. These concerns affect prospects for democratic oversight, as well as questions of alienation, exclusivity, privilege and democratic deficit. The book situates our understanding of the emergence, meaning, and conceptual relevance of elite accountability, to study political practices in Africa. It then juxtaposes this contextualization of accountability in relation to the practices of African elites. *Elites and the Politics of Accountability in Africa* offers fresh, dynamic, and multifarious accounts of elites and their practices of accountability and locally plausible self-legitimation, as well as illuminating accounts of contemporary African elites in relation to their socially and historically situated outcomes of contingency, composition, negotiation, and compromise.

A World of Their Own Meghan Healy-Clancy. 2014-06-19 The politics of black education has long been a key issue in southern African studies, but despite rich debates on the racial and class dimensions of schooling, historians have neglected their distinctive gendered dynamics. *A World of Their Own* is the first book to explore the meanings of black women's education in the making of modern South Africa. Its lens is a social history of the first high school for black South African women, Inanda Seminary, from its 1869 founding outside of Durban through the recent past. Employing diverse archival and oral historical sources, Meghan Healy-Clancy reveals how educated black South African women developed a tradition of social leadership, by both working within and pushing at the boundaries of state power. She demonstrates that although colonial and apartheid governance marginalized women politically, it also valorized the social contributions of small cohorts of educated black women. This made space for growing numbers of black women to pursue careers as teachers and health

workers over the course of the twentieth century. After the student uprisings of 1976, as young black men increasingly rejected formal education for exile and street politics, young black women increasingly stayed in school and cultivated an alternative form of student politics. Inanda Seminary students' experiences vividly show how their academic achievements challenged the narrow conceptions of black women's social roles harbored by both officials and black male activists. By the transition to democracy in the early 1990s, black women outnumbered black men at every level of education—introducing both new opportunities for women and gendered conflicts that remain acute today.

Anatomy of State Capture Nina Callaghan, Robyn Foley, Mark Swilling. 2021-11-26 Following the release of the Public Protector's State of Capture Report in November 2016, South Africans have been witness to an explosion of almost daily revelations of corruption, mismanagement and abuses by those entrusted to lead the nation. The extent of this betrayal is overwhelming and it is often difficult to distil what actually happened during the Zuma administration. This book draws on the insights and expertise of 19 contributors from various sectors and disciplines to provide an account of what transpired at strategic sites of the state capture project. The ongoing threat of state capture demands a response that probes beyond what happened to understanding how it was allowed to happen. The stubborn culture of corruption and misgovernance continue to manifest unabated and the predatory practices which enable state capture have not yet been disrupted. It is our hope that the various case studies and analyses presented in this book will contribute to confronting these shortcomings in current discourse, and open avenues for progressive deliberation on how to collectively reclaim the prospects of a just and prosperous South Africa for all.

Men and the Water of Life Michael Meade. 1993 Teacher/mythologist Meade offers a celebratory, multi-generational exploration of what it means to be a man. INITIATION Ly De Angeles. 2016-09-16 Initiation is a memoir that reflects on the moral and ideological changes of the last sixty years. Written in a perennial voice de Angeles, witch, rewilds her own story and transforms cultural stereotypes into the language of myth. Witch people, like magicians and sorcerers, conjurers, druids and hoodoo hexers, like cunning women and cunning men, kadaichas, shamans, manitous, angakoks, curanderas, bruxas, noadis, enchanters and shapechangers are needed in this world. They are the stories not bound by dogma or displayed as relics in a museum. They cause disquiet. They summon questions but it's not their way to give answers. They take us to the wild and the frightening places. The cave entrance under the ice at the base of that crevasse. Blue handprints on the rock face imprinted with an ochre of confusion. By people we cannot name and from a time we cannot confirm. Once Upon a Time people. People of the reindeer. Volcano people. Born in 1951 and put up for adoption, de Angeles was sold by the church for £300. She was always

going to be a problem.

Reassessing Mandela Colin Bundy,William Beinart.2020-12-17 Seven years since his death (2013), Nelson Mandela still occupies an extraordinary place in the global imagination. Internationally, Mandela's renown seems intact and invulnerable. In South Africa, however, his legacy and his place in the country's history have become matters of contention and dispute, especially amongst younger black South Africans. The essays in this book analyse aspects of Mandela's life in the context of South Africa's national history, and make an important contribution to the historiography of the anti-apartheid political struggle. They reassess: the political context of Mandela's youth; his changing political beliefs and connections with the Left; his role in the African National Congress and the turn to armed struggle; his marriage to Winnie Madikizela-Mandela and their political relationship. By providing new context, they explore Mandela as an actor in broader social processes such as the rise of the ANC and the making of South Africa's post-apartheid constitution. The detailed essays are linked in a substantial introduction by Colin Bundy and current debates are addressed in a concluding essay by Elleke Boehmer. This book provides a scholarly counterweight both to uncritical celebration of Mandela and also to a simplistic attribution of post-apartheid shortcomings to the person of Mandela. This book was originally published as a special issue of the Journal of Southern African Studies.

The Truth about Crime Jean Comaroff,John L. Comaroff.2016-12-05 This new book by the well-known anthropologists Jean and John L. Comaroff explores the global preoccupation with criminality in the early twenty-first century, a preoccupation strikingly disproportionate, in most places and for most people, to the risks posed by lawlessness to the conduct of everyday life. Ours in an epoch in which law-making, law-breaking, and law-enforcement are ever more critical

registers in which societies construct, contest, and confront truths about themselves, an epoch in which criminology, broadly defined, has displaced sociology as the privileged means by which the social world knows itself. They also argue that as the result of a tectonic shift in the triangulation of capital, the state, and governance, the meanings attached to crime and, with it, the nature of policing, have undergone significant change; also, that there has been a palpable muddying of the lines between legality and illegality, between corruption and conventional business; even between crime-and-policing, which exist, nowadays, in ever greater, hyphenated complicity. Thinking through Crime and Policing is, therefore, an excursion into the contemporary Order of Things; or, rather, into the metaphysic of disorder that saturates the late modern world, indeed, has become its leitmotif. It is also a meditation on sovereignty and citizenship, on civility, class, and race, on the law and its transgression, on the political economy of representation.

Ragged Glory Ray Hartley.2014-08-05 As a leading political journalist and newspaper editor, Hartley had the best seat in the house for the unfolding drama of the new South Africa, as well as privileged access to many key players, including Nelson Mandela himself. Admirably concise but rich in detail, drawing on a wide spectrum of interviews, documents and experiences, *Ragged Glory* offers a bracingly critical look back at the achievements and the failures of two turbulent decades, during which South Africa took its place at the table of free nations but lost something of its moral authority. On a cold Highveld morning in May 1994, Nelson Mandela took the oath of office to become South Africa's first democratically elected president. A new era had begun. The promise of those heady days of political transition soon gave way to a more sober view on the magnitude of the challenges facing the new government. Under Mandela and his successor, Thabo Mbeki, the country grappled with the restructuring of the state, massive inequality and poverty, rising crime, battles over economic policy, the arms deal, the HIV/AIDS crisis, the BEE era, the cancer of political corruption and the rise of a new and predatory political elite. With the removal of Mbeki, followed by the interregnum of Kgalema Motlanthe, the stage was set for the coming to power of the controversial Jacob Zuma. All of these are key threads in Ray Hartley's rich and complex narrative history of the democratic era.

Police in Africa Jan Beek,Mirco Göpfert,Olly Owen,Johnny Steinberg.2017-08-15 Often overlooked by journalists and scholars, the police forces of the African continents are a significant and little-studied phenomenon. This book seeks to redress that lacuna. The studies span the continent, from South Africa to Sierra Leone, keeping a strong ethnographic focus on police officers and their work.

Rugby, Resistance and Politics Buntu Siwisa.2023-10-06 Buntu Swisa has written a vivid biography of Dan Qeqe, the legendary sportsman, powerbroker and pioneer of black rugby and the liberation of sport. His book examines the complex and questionable relationships that Qeqe had with the enemies of non-racial sport, which cemented his power base. Siwisa tells the story of Qeqe's life and times and at the same time has written a social and political biography of Port Elizabeth—a

people's history of Port Elizabeth. As much as Qeqe was a local legend, his achievements had national repercussions and, indeed, continue to this day. Print editions not for sale in Sub Saharan Africa.

Bulelani Ngcuka Marion Sparg.2022-05-23 Highly relevant today as prosecutors deal with the aftermath of State Capture. Fascinating from the first page to the last. - Albie Sachs, Former Justice, Constitutional Court Courageous, yet contested, Bulelani Ngcuka has always stood up for what he believes in. His decision in 2003 as National Director of Public Prosecutions not to prosecute then deputy president, Jacob Zuma, is a decision he still stands by to this day. In this sweeping biography, based on many hours of interviews with Ngcuka, author Marion Sparg uncovers the roots of his fearless activism and tells his side of the story. She goes back in time to his modest beginnings in the Eastern Cape, to his lawyering years with the formidable Griffiths Mxenge, his various periods of detention, exile, and his homecoming. Ngcuka played a critical role in establishing the National Prosecuting Authority, the elite crime-busting unit the Scorpions, and other mechanisms to tackle the country's crime and corruption problems. Soon he faced one of his most difficult tasks - confronting former comrades who had become involved in illegal activities. *The Sting in the Tale* is a first-hand account of our most recent legal and political history. It is also an intriguing story about political manoeuvrings, bombings and hijackings, urban-terror and whispering campaigns, lies, murder, alleged spies, intrigue, family, and love.

Blood on Their Hands Jessica Pitchford.2016-09-01 When Johan Booyesen hears that the new Provincial Police Chief takes backhanders from a Durban businessman, he decides to give her the benefit of the doubt. But the evidence becomes impossible to ignore and he soon gets dragged down the corridors of power and politics into a web of intrigue, deceit and betrayal that, at times, he has trouble making sense of. Only when he is arrested, handcuffed and tossed into a cell does Booyesen realise just how ruthless those opposed to him are - an opposition he comes to call the 'cabal' - and whom he believes have more blood on their hands than the so-called Cato Manor Death Squad with which he is closely associated. *Blood on Their Hands* traces Johan's Booyesen's life and career - from patrolling the streets of Amanzimtoti in the 1970s to his

rise in 2010 to major general and head of KZN's Directorate for Priority Crime Investigation unit, the Hawks. But his tenure is short-lived. When Booysen decides to take on those so determined to be rid of him, each legal battle he wins is met by hostility and further efforts to shut him out of the criminal justice system. But capitulating is not in his DNA...

The Law and the Prophets Daniel R. Magaziner.2010 No nation can win a battle without faith, Steve Biko wrote, and as Daniel R. Magaziner demonstrates in *The Law and the Prophets*, the combination of ideological and theological exploration proved a potent force. The 1970s are a decade virtually lost to South African historiography. This span of years bridged the banning and exile of the country's best-known antiapartheid leaders in the early 1960s and the furious protests that erupted after the Soweto uprisings of June 16, 1976. Scholars thus know that something happened--yet they have only recently begun to explore how and why. *The Law and the Prophets* is an intellectual history of the resistance movement between 1968 and 1977; it follows the formation, early trials, and ultimate dissolution of the Black Consciousness movement. It differs from previous antiapartheid historiography, however, in that it focuses more on ideas than on people and organizations. Its singular contribution is an exploration of the theological turn that South African politics took during this time. Magaziner argues that only by understanding how ideas about race, faith, and selfhood developed and were transformed in this period might we begin to understand the dramatic changes that took place.--Publisher description.

The Whistleblowers Mandy Wiener.2023-04-03 UPDATED EDITION With corruption and fraud endemic in democratic South Africa, whistleblowers have provided an invaluable service to society through disclosures about cover-ups, malfeasance and wrongdoing. Their courageous acts have resulted in the recovery of millions of rands to the fiscus and to their fellow citizens as well as in improved transparency and accountability. But in most cases, the outcomes for the whistleblowers themselves are devastating. Some have been gunned down in orchestrated assassinations, others have been threatened and targeted in sinister dirty-tricks campaigns. Many are hounded out of their jobs, ostracised and victimised. They are pushed to the fringes of society. These are the evocative accounts of South Africa's whistleblowers, told in their own voices, from across the country. *The Whistleblowers* also advocates for a change in legislation, organisational support and social attitudes in order to embolden others to have the courage to step up. One Tragic Night Mandy Wiener, Barry Bateman.2014-10-03 At 08:03 on the morning of Valentine's Day 2013, news broke that Oscar Pistorius, the Paralympic superstar known as the Blade Runner, had shot and killed his girlfriend at his luxury home in Pretoria, South Africa. In this vivid and insightful narrative, South African journalists Mandy Wiener and Barry Bateman

Global Corruption Report 2006 Transparency International.2005-12-20 TI has once again shown its ability to combine research and policy analysis not just to shine a light on the deeply embedded problems of corruption ... but to propose progressive solutions. Former World Bank President James Wolfensohn on the Global Corruption ReportIn the health sector, corruption is a matter of life or death. It can take many forms: from medical professionals who sell medicines or services that should be freely available, to high-level government officials who embezzle money from health budgets, to pharmaceutical companies that buy influence over research agendas. The impact of corruption is always felt by the end user -- the sick person who is forced to pay over the odds or who is given unsafe, counterfeit medicines. The 2006 edition of Transparency International's Global Corruption Report shows the impact that corruption has on health care in rich and poor countries. From high-level bribery in Costa Rica to informal payments in Hungary, case studies from around the world explore the characteristics of the health sector that make it so prone to corruption. In a special section dedicated to corruption in HIV/AIDS, the report warns that the large sums being poured into fighting the world's deadliest diseases need to be safeguarded against abuse. There is also a detailed analysis of the problems of the pharmaceutical system.The report also offers an annual round-up of worldwide developments and tracks major trends in more than 40 countries.The Global Corruption Report 2006 is the only report of its kind, and is an essential reference source for anyone who wants the latest research on how corruption affects everything from health to education and the oil and gas industries.

Behind the Door: The Oscar Pistorius and Reeva Steenkamp Story Mandy Wiener,Barry Bateman.2014-10-16 In February 2013 the news of successful model Reeva Steenkamp's fatal shooting by her boyfriend and global sporting star Oscar Pistorius stunned the world. Over the ensuing months, as Pistorius appeared in court, applied for bail and was eventually put on trial, every detail that emerged was analysed, debated, justified and digested. The world was haunted by the events as they were repeated and discussed at length. Public perception vacillated from version to version and from hour to hour. Finally, Judge Masipa found him to be not guilty of premeditated murder - but guilty of culpable homicide. Written by Mandy Weiner and Barry Batemen, the go-to journalists on the case for the world's media, *Behind the Door* is a compelling narrative that meticulously unpacks the evidence that has been so heavily scrutinised on all sides. But more than that, this book seeks to go beyond the facts of the case in search of the wider context behind this shocking tragedy: the back story of the police investigation, the nature of the South African criminal justice system, the culture of violence in South Africa and the need of society to create flawed heroes who are destined to fail. Vivid and gripping, *Behind the Door* is the most authoritative and

insightful account of what really happened behind closed doors that fateful Valentine's morning.

National Accountability for International Crimes in Africa Emma Charlene Lubaale, Ntombizozuko Dyani-Mhango. 2022-02-07 This book critically examines the issues pertaining to the Rome Statute's complementarity principle. The focus lies on the primacy of African states to prosecute alleged perpetrators of international crimes in their respective jurisdictions. The chapters explore states' international and domestic obligations to hold perpetrators of international crimes to account before the national courts, and demonstrate the complexity of enforcing national accountability of alleged perpetrators of international crimes while also ensuring that post-conflict African states achieve national healing, reconciliation, and sustainable peace. The contributions reject impunity for international crimes whilst also considering these complexities. Emphasis further lies on the meaning of accountability in the context of the politics of selective international criminal justice for crimes committed before the establishment of the International Criminal Court.

My Second Initiation Vusi Pikoli. 2013 Traces Pikoli's journey from manhood in the hills of the Eastern Cape to his life-shaping experience in the corridors of power in government.

Ministry of Crime Mandy Wiener. 2019-10-01 As a follow up to the bestselling *Killing Kebble: An Underworld Exposed* (2010), the new book from Mandy Wiener, *Ministry of Crime: An Underworld Explored*, examines how organised crime, gangsters and powerful political figures have been able to capture the law enforcement authorities and agencies. These various organisations have been eviscerated, hollowed out and left ineffective. They have been infiltrated and compromised and, as a result, prominent underworld figures have been able to flourish in South Africa, setting up elaborate networks of crime with the assistance of many cops. The criminal justice system has been left exposed and it is crucial that the South African public knows about the capture that has occurred on different levels.

The Stellenbosch Mafia Pieter du Toit. 2019-07-15 About 50km outside of Cape Town lies the beautiful town of Stellenbosch, nestled against vineyards and blue mountains that stretch to the sky. Here reside some of South Africa's wealthiest individuals: all male, all Afrikaans - and all stinking rich. Johann Rupert, Jannie Mouton, Markus Jooste and Christo Weise, to name a few. Julius Malema refers to them scathingly as 'The Stellenbosch Mafia', the very worst example of white monopoly capital. But who really are these mega-wealthy individuals, and what influence do they exert not only on Stellenbosch but more broadly on South African society? Author Pieter du Toit begins by exploring the roots of Stellenbosch, one of the wealthiest towns in South Africa and arguably the cradle of Afrikanerdom. This is the birthplace of apartheid leaders, intellectuals, newspaper empires and more. He then closely examines this 'club' of billionaires. Who are they and, crucially, how are they connected? What network of boardroom membership, alliances and family connections exist? Who are the 'old guard' and who are the 'inkommers', and what about the youngsters desperate to make their mark? He looks at the collapse of Steinhoff: what went wrong, and whether there are other companies at risk of a similar fate. He examines the

control these men have over cultural life, including pulling the strings in South Africa rugby.

Student Resistance to Apartheid at the University of Fort Hare Rico Devara Chapman.2016-05-12 This book is a valuable contribution to students and scholars interested in higher education in South Africa, as it highlights the critical role the University of Fort Hare played in the modern South African liberation struggle and the profound political changes that followed. It provides a glimpse into post-apartheid higher education, as South Africa faces unprecedented challenges, particularly as it relates to the role of students in ending vestiges of apartheid.

Of Water and the Spirit Malidoma Patrice Somé.1994 The extraordinary autobiography of an African Dagara shaman and his initiation into two worlds, the white and the tribal. Rarely has the story of one man and his people been related so vividly and with such deep emotional power.

Police Work and Identity Andrew Faull.2017-09-07 This is a book about the men and women who police contemporary South Africa. Drawing on rich, original ethnographical data, it considers how officers make sense of their jobs and how they find meaning in their duties. It demonstrates that the dynamics that lead to police abuses and scandals in transitional and neo-liberalising regimes such as South Africa can be traced to the day-to-day experiences and ambitions of the average police officer. It is about the stories they tell themselves about themselves and their social worlds, and how these shape the order they produce through their work. By focusing on police officers, this book positions the individual in primacy over the organisation, asking what policing looks like when motivated by the pursuit of ontological security in precarious contexts. It acknowledges but downplays the importance of police culture in determining officers' attitudes and behaviour, and reminds readers that most officers' lives are entangled in, and shaped by a range of social, political and cultural forces. It suggests that a job in the South African Police Service (SAPS) is primarily just that: a job. Most officers join the organisation after other dreams have slipped beyond reach, their presence in the Service being almost accidental. But once employed, they re-write their self-narratives and enact carefully choreographed performances to ease managerial and public pressure, and to rationalize their coercive practices. In an era where 'evidence' and 'what works' reigns supreme, and where 'cop culture' is often deemed a primary socializing force, this book emphasises how officers' personal histories, ambitions, and vulnerabilities remain central to how policing unfolds on the street.

History of South Africa Thula Simpson.2022-09-01 South Africa was born in war, has been cursed by crises and ruptures, and today stands on a precipice once again. This book explores the country's tumultuous journey from the Second Anglo-Boer War to 2021. Drawing on diaries, letters, oral testimony and diplomatic reports, Thula Simpson follows the South African people through the battles, elections, repression, resistance, strikes, insurrections, massacres, crashes and epidemics that have shaped the nation. Tracking South Africa's path from colony to Union and from apartheid to democracy, Simpson documents the influence of key figures including Jan Smuts, Nelson Mandela, Steve Biko, P.W. Botha, Thabo Mbeki and Cyril

Ramaphosa. He offers detailed accounts of watershed events like the 1922 Rand Revolt, the Defiance Campaign, Sharpeville, the Soweto uprising and the Marikana massacre. He sheds light on the roles of Gandhi, Churchill, Castro and Thatcher, and explores the impact of the World Wars, the armed struggle and the Border War. Simpson's history charts the post-apartheid transition and the phases of ANC rule, from Rainbow Nation to transformation; state capture to 'New Dawn'. Along the way, it reveals the divisions and solidarities of sport; the nation's economic travails; and painful pandemics, from the Spanish flu to AIDS and Covid-19.

Mphathi Busisiwe Precious Khumalo.2019 It's a story of forbidden love. He crossed his path with Thabi Ngcobo during a disciplinary hearing. He worked as a cleaner in a cleaning company that was owned by Thabi. It was love at first sight for both of them. They fortunately did not waste time, they threw themselves right in the deep of their uneasy relationship. Thabi's parents had already arranged someone else from another affluent family to marry her. The story unfolds in an unexpected way. Part 2 is about their lives as a married couple. Thabi's life takes a turn as she is now disowned by her father. She gets to learn the hardships of township life and the struggles they go through as a casted out couple. How they raise their children and their day to day lives. Part 2 is a window that allows access to their somewhat challenged life. The story takes a turn when their illegally adopted daughter is diagnosed with a gruesome illness that nearly claims her life. Their daughter's sickness invites temptations, as they cannot afford her medicals bills. Thabi and Mphathi's love is again tested. Will it survive this time around? -- Publisher's description.

Dominance and Decline Susan Booyesen.2015-10-01 As Jacob Zuma moves into the twilight years of his presidencies of both the African National Congress (ANC) and of South Africa, this book takes stock of the Zuma-led administration and its impact on the ANC. *Dominance and Decline: The ANC in the Time of Zuma* combines hard-hitting arguments with astute analysis. Susan Booyesen shows how the ANC has become centred on the personage of Zuma, and that its defence of his extremely flawed leadership undermines the party's capacity to govern competently, and to protect its long term future. Following on from her first book, *The African National Congress and the Regeneration of Power* (2011), Booyesen delves deeper into the four faces of power that characterise the ANC. Her principal argument is that the state is failing as the president's interests increasingly supersede those of party and state. Organisationally, the ANC has become a hegemon riven by factions, as the internal blocs battle for core positions of power and control. Meanwhile, the Zuma-controlled ANC has witnessed the implosion of the tripartite alliance and decimation of its youth, women's and veterans' leagues. Electorally, the leading party has been ceding ground to increasingly assertive opposition parties. And on the policy front, it is faltering through poor implementation and a regurgitation of old ideas. As Zuma's replacements start competing and succession

politics take shape, Booyesen considers whether the ANC will recover from the damage wrought under Zuma's reign and attain its former glory. Ultimately, she believes that while the damage is irrevocable, the electorate may still reward the ANC for transcending the Zuma years. This is a must-have reference book on the development of the modern ANC. With rigour and incisiveness, Booyesen offers scholars and researchers a coherent framework for considering future patterns in the ANC and its hold on political power.

Killing Kebble Mandy Wiener.2011-03-25 In September 2005 one of South Africa's most eminent mining magnates and businessmen Brett Kebble was killed on a quiet suburban street in Johannesburg. The investigation into the case was a tipping point for democratic South Africa. The top-level investigation that followed exposed the corrupt relationship between the country's Chief of Police and Interpol President Jackie Selebi and suave Mafioso Glenn Agliotti. A lawless Johannesburg underbelly was exposed - dominated by drug lords, steroid-reliant bouncers, an international smuggling syndicate, a shady security unit moonlighting for the police and sinister self-serving sleuths abusing state agencies.

The Truth about Crime Jean Comaroff,John L. Comaroff.2016-12-05 In this book, renowned anthropologists Jean and John L. Comaroff make a startling but absolutely convincing claim about our modern era: it is not by our arts, our politics, or our science that we understand ourselves—it is by our crimes. Surveying an astonishing range of forms of crime and policing—from petty thefts to the multibillion-dollar scams of too-big-to-fail financial institutions to the collateral damage of war—they take readers into the disorder of the late modern world. Looking at recent transformations in the triangulation of capital, the state, and governance that have led to an era where crime and policing are ever more complicit, they offer a powerful meditation on the new forms of sovereignty, citizenship, class, race, law, and political economy of representation that have arisen. To do so, the Comaroffs draw on their vast knowledge of South Africa, especially, and its struggle to build a democracy founded on the rule of law out of the wreckage of long years of violence and oppression. There they explore everything from the fascination with the supernatural in policing to the extreme measures people take to prevent home invasion, drawing illuminating comparisons to the United States and United Kingdom. Going beyond South Africa, they offer a global criminal anthropology that attests to criminality as the constitutive fact of contemporary life, the vernacular by which politics are conducted, moral panics voiced, and populations ruled. The result is a disturbing but necessary portrait of the modern era, one that asks critical new questions about how we see ourselves, how we think about morality, and how we are going to proceed as a global society.

Initiation Jean Sybil La Fontaine.1985

How To Steal A Country Robin Renwick.2018-03-27 How to Steal a Country describes the vertiginous decline in political leadership in South Africa from Mandela to Zuma and its terrible consequences. Robin Renwick's account reads in parts like

a novel – a crime novel – for Sherlock Holmes old adversary, Professor Moriarty, the erstwhile Napoleon of Crime, would have been impressed by the ingenuity, audacity and sheer scale of the looting of the public purse, let alone the impunity with which it has been accomplished. Based on Renwick's personal experiences of the main protagonists, it describes the extraordinary influence achieved by the Gupta family for those seeking to do business with state-owned enterprises in South Africa, and the massive amounts earned by Gupta related companies from their associations with them. The ensuing scandals have engulfed Bell Pottinger, KPMG, McKinsey and other multinationals. The primary responsibility for this looting of the state however, rests squarely with President Zuma and key members of his government. But South Africa has succeeded in establishing a genuinely non-racial society full of determined and enterprising people, offering genuine hope for the future. These include independent journalists, black and white, who refuse to be silenced, and the judges, who have acted with courage and independence. The book concludes that change will come, either by the ruling party reverting to the values of Mandela and Archbishop Tutu, or by the reckoning it otherwise will face one day.

Gqimm Shelele Mandy Wiener.2022-10-03 As a young, soccer-mad boy living in rural KwaZulu-Natal, Robert Marawa listened to the commentary of local football derbies on a small, crackling FM radio. As a teenager, he spent hours practising his presenting skills on his family's home video recorder, reading from newspaper clippings his mother had carefully kept for him while he was at boarding school in Hilton. Marawa's dream was to be a sportscaster who would be beamed into the homes of South Africa's footballing fans. Robert Marawa's career has exceeded his wildest imagination. 'Madluphuthu' has become arguably South Africa's most popular and most recognisable sports broadcaster. With his quick turn of phrase, his baritone voice and his direct, no-nonsense approach, he has earned a loyal following on radio and television over the past two decades. In Gqimm Shelele, his signature sign-off phrase, Marawa shares his broadcasting journey from hosting World Cups and interviewing presidents to his multiple firings, controversial suspensions and what he believes are the political forces behind attempts to end his career. He confronts the cabal that has repeatedly driven him off air, the tabloid reports about his personal life and his multiple near-death experiences and health scares. With his trademark passion, Marawa addresses issues of transformation, sports administration, mentorship, political leadership and why Bafana Bafana keeps failing to win. He also shares his insights on what has made him a successful and popular radio and television broadcaster, giving a much-anticipated, behind-the-scenes look at his career.

Freebooksy is a free eBook blog that lists primarily free Kindle books but also has free Nook books as well. There's a new book listed at least once a day, but often times there are many listed in one day, and you can download

one or all of them. The Kindle Owners' Lending Library has hundreds of thousands of free Kindle books available directly from Amazon. This is a lending process, so you'll only be able to borrow the book, not keep it. The site itself is available in English, German, French, Italian, and Portuguese, and the catalog includes books in all languages. There's a heavy bias towards English-language works and translations, but the same is true of all the ebook download sites we've looked at here.
