**Thomas C. Reed**

*The Cold War through Documents* Edward H. Judge, John W. Langdon, 2017-10-27 This comprehensive collection of carefully edited documents—speeches, treaties, statements, and articles—traces the rise and fall of the Cold War. The sources follow the Cold War from its roots in East-West tensions at the end of World War II to the collapse of the Soviet Union in 1991. Set in historical context by the editors' concise introductions and followed by thoughtful discussion questions, the documents are arranged in chronological order, starting with the Yalta Conference and ending with Gorbachev's resignation speech. Drawing on selections from a variety of countries and leaders involved in this prolonged global struggle, the editors treat the entire Cold War as an era in world history, not just U.S. history. Their judicious selection makes the great events of the time come alive through the words and phrases of those who were actively involved.

**Reading Through History: the Cold War** Robert Marshall, Jake Henderson, 2012-09-12 The Cold War from Reading Through History is a collaborative effort of two Oklahoma classroom teachers with more than twenty-five years of teaching experience at the secondary level. It is intended to be a resource manual for teachers and parents that would make an excellent accompaniment for any history or reading class, whether in a public school, private school, or home school environment. The Cold War includes many tools to help teachers and parents facilitate their children's learning experience as they read. The guide features historical lessons related to a wide range of topics from the Cold War Era, including the Rise and Fall of Communism in Russia, Containment, the Red Scare, the Chinese Civil War, the Korean and Vietnam Conflicts, home front Civil Defense, the Cuban Missile Crisis, spies of the Cold War Era, the Space Race, and the Strategic Arms Limitations Talks. Many of the activities included in the workbook are geared toward guided reading exercises and independent student responses with the Core Curriculum skills in mind. Exercises in vocabulary help to reinforce each lesson, while free response questions challenge students to consider each historical topic in new ways, and in many cases, consider how they would have reacted, or would react, if placed in similar situations.

**The Cold War** Martin Walker, 1995-06-15 The Cold War was more of a global conflict than was either of this century's two major wars; far more than a confrontation between states or even empires, it was, as Martin Walker puts it, a total war between economic and social systems, an industrial test to destruction..
